**Exterior Coverings and Blinds – Mutual Six**

In order to conform to the previous practices of the Mutual and the requirements of the Physical Property Department of the Golden Rain Foundation, the installation of all exterior coverings and/or blinds on windows, doors, doorways, and entry or exit areas must be approved by the Physical Property Department prior to installation.

Exterior coverings, including but not limited to solar blinds, mini blinds, vertical blinds, or roll-up bamboo blinds, are permitted only within the inside of each shareholder's patio or unit, and may not be attached to the Mutual's building outside of the patio or interior window header when the unit has been extended.

The Mutual prohibits exterior coverings to be attached to the building outside of the patio header or attached to rafter tails or building facia.
