Carport Regulations - Mutual Four

A. Carport Use

1. Carports are to be used for parking of self-propelled land vehicles in operating condition. All passenger vehicles and gas or electric carts that can be operated on city streets must have a current DMV registration, current license plate tags, and sufficient insurance as mandated by the State of California Vehicle Code (CVC) § 22658. All vehicles, gas or electric, parked in the carport must have a Seal Beach Leisure World (SBLW) decal or valid temporary SBLW permit issued by the Security Department and a Mutual Four temporary parking permit affixed and displayed on the lower left windshield.
 - a. Any vehicle that is in non-compliance with these rules may be towed at the owner's expense as specified in CVC § 22658 and in towing Policy 7582.
 - b. The Seal Beach Leisure World Security Department has the authority to write citations and enforce this policy on Mutual property, at the request of a Director.
 - c. Shareholders with valid requests for an exception to this carport policy, may write the Mutual Four Board of Directors with the requests. Security may also be consulted. Any Board-approved exception is temporary and can be revoked at any time.
2. All vehicles must be parked headed in to the carports. Vehicles parked in the carport must be within the carport roof drip line so as not to impede the flow of traffic.
3. In lieu of an automobile, space can be used for two (2) motorized vehicles within the assigned carport space and the carport drip line provided that adjacent vehicles have safe access.
4. Mechanical repairs are not allowed in carports, except for a simple flat tire repair or the jump starting or replacement of a battery.
5. In accordance with the Seal Beach Municipal Code 9.20.010, any vehicle leaking oil, anti-freeze, or any other hazardous material is prohibited from parking in a Mutual carport or on a Mutual street or driveway. It is the shareholder's responsibility to clean up any hazardous material. If this is not done the Mutual will clean it and bill the shareholder. All hazardous waste materials, including kitty litter used for cleanup, must be disposed of at an Orange County-approved hazardous waste site.
6. Electrical outlets in the carports are not allowed unless the utility company provides adequate power and a method is employed to determine and bill the individual usage costs.
7. Any damage to the carport is the responsibility of the assigned shareholder unless a different driver is found responsible. The assigned shareholder is responsible for his/her guest parking and rental/use pass users.
