(Please print name)

As a shareholder in Mutual No. 9, my/our signature(s) below indicate that I/we have read Policy 7572.09, Flagpoles, and agree:

1. To obtain a permit from the Physical Property Department of the Golden Rain Foundation prior to installing a flagpole.
2. To install the flagpole in my authorized garden area only at a maximum height of 20 feet. The minimum height varies, but it must be high enough so that the flag does not touch the building or roof when whipped by wind gusts.
3. That the components of the flagpole will be standard aluminum tubing with proper rope cable, flag clamps and a pulley system. The rope cable assembly must have a means to be stretched and tied down so as to not flap in the wind.
4. That the flagpole will be erected on a concrete base within the shareholder's authorized garden area. The dimensions of the concrete mounting base are:
 - a. 24-inch square or round base with a standard shoe base imbedded with reinforced tie wire/rebar in the concrete to attach the flagpole. The depth of the concrete base must be a minimum of 2 feet thick and embedded in the earth of the authorized garden area.
 - b. The standard shoe base must be installed and leveled to allow the flagpole to be parallel to the building structure and vertical to earth's gravity from the ground.
 - c. The flagpole may NOT be attached to the structure of the building by any method.
5. That the flagpole shall be maintained in good condition by the shareholder. If it is not maintained in good condition by the shareholder, the flagpole will be removed and at the shareholder's expense.
6. To remove the flagpole as a condition of sale or transfer of unit, at my/our expense, unless the buyer signs this same Policy 7572.09 agreement.
