

MUTUAL OPERATIONS**PHYSICAL PROPERTY****Flooring and Floor Covering Permits – Mutual Four****Building Permit – to include all floor coverings****8/9/16**

Effective immediately, Mutual Four requires a GRF Building Permit for all floor covering, including carpet installed at shareholder expense. Both interior and patio/porch floor covering will require a GRF Building Permit, if original flooring is disturbed this will require all abatement procedures for asbestos. All testing reports and EPA/AQMD permits will be required as needed. Copies of permits and testing reports shall be filed with GRF flooring permit.

Reason for this requirement includes:

- Assurance that no asbestos contained material is removed or compromised.
- No Mutual property is damaged
- Interior/exterior patio/porch flooring is appropriate (for example – if tile on patio and interior of the unit – nonskid, C.O.F. min. 6.0)
- Shareholder understands what is and what is not allowed
- Shareholder understands that Mutual Four is not responsible for damage to, or failure of, flooring purchased and installed by shareholders or their successor shareholders.

FURTHER, That this resolution dated August 9th, 2016 be attached to the permit and signed by the shareholder and installer or contractor (see page 2).
