Subject: Shuffleboard

Dear Recreation Committee,
On behalf of the Shuffleboard Club, I would like to look into the possibility of the Recreation Department getting Whiteboards to keep our scores on for the Courts. We currently have chalk boards that aren't easy to read from across the courts and the dust gets all over, including our clothing. The chalk is also very irritating to our hands, as well.
Thank you for your attention to this matter.

Kathy Rapp (GRF Representative, Mutual 7)

Please present this letter to the Recreation Committee for the October 2014 meeting.

I have been reading of our residents' paltry attempts to conserve water in the Letters to the Editor section of the L/W newspaper. These scant efforts to save a gallon here and there seem ridiculous when we drive by a man-made lake on our golf course every day. How many thousands of gallons of water are needed to keep that lake filled (in addition to any recycled water) each month? What a horrible waste. Drain that lake and put in river rocks or ice plant or any number of drought resistant plants.

The argument will be that the lake's why we bought here and has always been this way. Well, the scarcity of rain and ground water hasn't always been this way. We're in trouble and not helping or committed to real change.

If we are all being asked to conserve water then it's time for Leisure World to step up and show they're committed, too. This is my granddaughters' water we're watching evaporate away.

Kathy

May we add this to the October RC agenda for general discussion? If the committee likes the concept I would then recommend before moving forward move this to the Board for approval of concept.

Subject: Dog park

Mark, Terry & Randy

As you know there is a petition circulating for a dog park on trust property. I think we could use the lawn bowling area behind clubhouse #2. How large is this area? I've looked at various synthetic turf and the cost is not too extreme. With a little repair a fence gate could be easily installed and a few seating benches placed. There is also water available. This would require the re-location of the golf cart repair area we set aside recently. Not sure yet on the potential problems of such a place (liability and cleanliness) but I think we could do a little investigating and talk about it at the next Phys Prop meeting.
Let me know what you think.

Barry Lukoff

Dear Mr. Terry De Leon :

The gym of the Leisure World is very good. But we don't have the important equipment of Parallel Bars. If possible, I suggest you approve to purchase a Parallel bars equipment and install in the gym ASAP! Thank you very much for your help and early installing it.

Sincerely,

Yi-Ming Liu

Dear Mr. Ankeny,

Senior Patriots for Peace believe that Martin Luther King's non-violent legacy of fighting for civil rights is a very important part of our history and should be acknowledged and celebrated here in Leisure World.

We respectfully request the National Holiday which is celebrated annually in his honor on the 3rd Monday of January be commemorated in Leisure World with the following actions/activities:

1) An appropriate statement on the marquee on the actual holiday.

2) A front page article in the Golden Rain News about MLK and civil rights issues the week of his birthday.

3) The presentation of an appropriate movie during that week. There are good and entertaining movies specifically about MLK and also many good movies relating to civil and human rights issues here in the US and around the world that would fit the spirit of the holiday.

If you would like to personally discuss these suggestions with members of our board, feel free to contact me at (562) 896-8604.

Thank you for your consideration.

Nancy Goldstein, President
Senior Patriots for Peace

"A nation that continues year after year to spend more money on military defense than on programs of social uplift is approaching spiritual death." Martin Luther King, Jr.

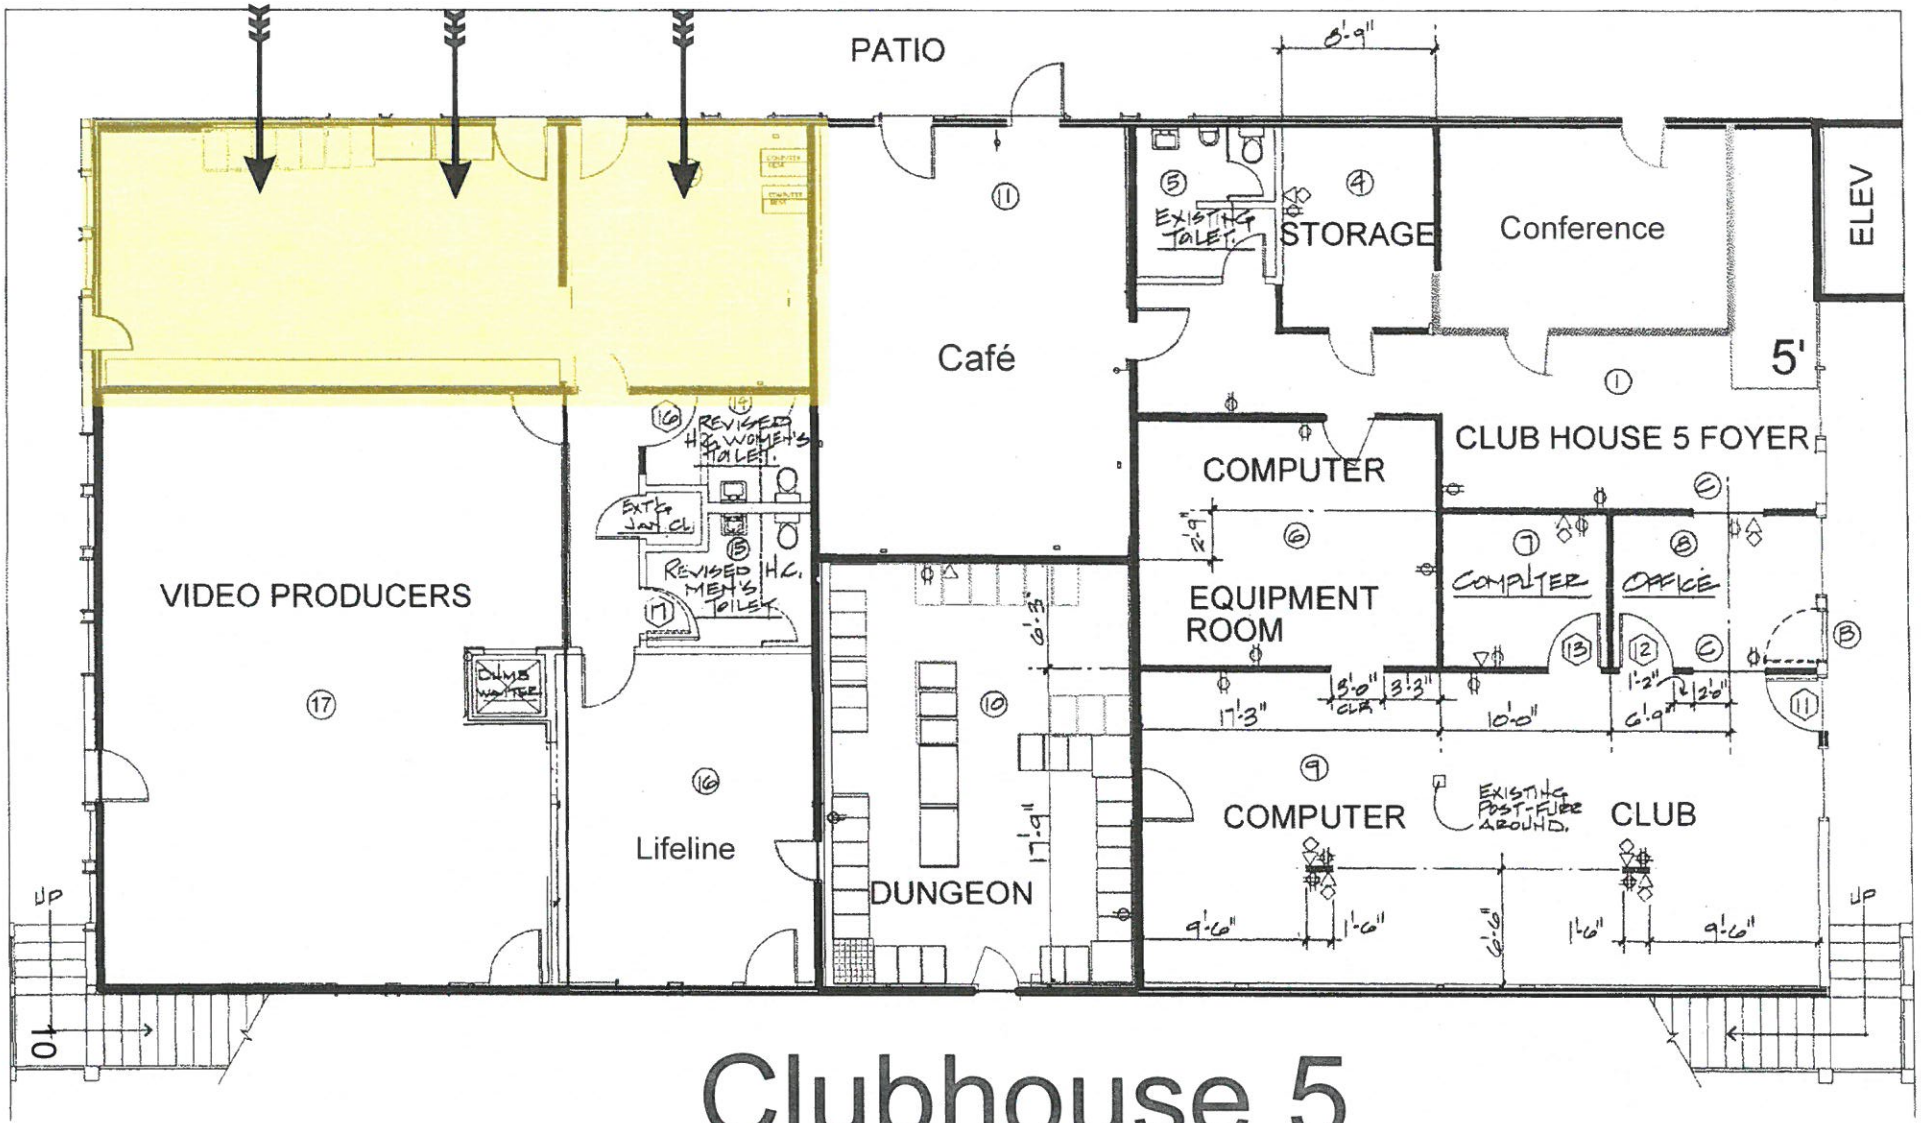
MEMO

TO: RECREATION COMMITTEE
FROM: RANDY ANKENY
SUBJECT: CH5 AND ITS OFFICE RELOCATION
DATE: SEPTEMBER 16, 2014
CC: FILE,

Due to the need to reallocate one ITS office space within the Administration building for the purpose of providing a secure room to house the Foundations main server. The ITS committee has recommended relocation of the ITS Offices to space currently utilized within CH5 for Records Management and Document Storage (see attached diagram).

Approval is sought for the reallocation of the available space within CH5 to become the Foundations ITS offices.

Proposed location for ITS Offices



Clubhouse 5

REPORT OF ACCIDENT – ILLNESS – INCIDENT

Date of Report 9/14 20 14 Time 3:30 am / (pm) (Circle One) (Check One) X Resident ( ) Nonresident

MEMO

TO: RECREATION COMMITTEE
FROM: TERRY DE LEON
SUBJECT: SUPERVISORS REPORT
DATE: OCTOBER 7, 2014
CC: FILE

1. The Recreation and Physical Properties Departments have made some staffing changes within the office to provide better flow and coverage with in the departments. The Recreation Department has combined the Administrative Secretary and Reservations Coordinator positions to free up a full time position for a full time permit clerk. All of the restructuring is complete.

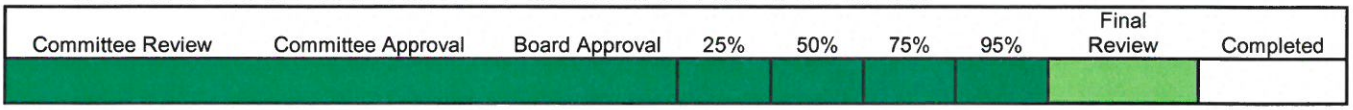
2. C.C.S. our janitorial service has lost two of their most experienced supervisors so we are currently working with C.C.S. to insure that we do not have laps in our service and to make sure that all of the setups and sound system issues are handled.

3. We are currently working on an equipment check out system for keeping track of damage, and equipment locations. I have met with C.C.S. account managers and site supervision to stress the importance of accountability for equipment that is damaged or not reported to the Recreation Department as damaged.

4. With the completion of the Amphitheater season we had what could have been a major issue with the large doors to the stage not opening, so we are currently looking for a contractor to complete some maintenance and/or repairs. We are also in the process of finding contractors to bid on the rigging replacement and maintenance for 2015, which is coming upon us quickly.

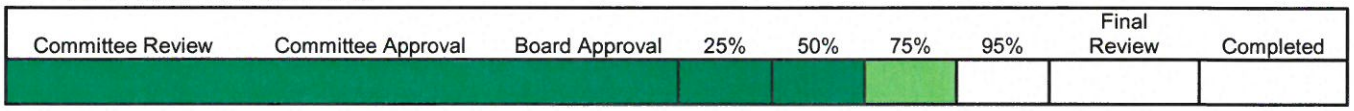
GOLDEN RAIN FOUNDATION
OCTOBER 7, 2014
RECREATION DEPARTMENT PROJECT REPORT

1. CLUBHOUSE ONE LOBBY FURNITURE REPLACEMENT



- Clubhouse One furniture replacement is part of the 2013 Budget.
- The Recreation Committee approved the purchase of new furniture not to exceed $15,000 and to select a sub-committee to make selection and report to the Recreation Committee with selection.
- Project approved by the Board at its March 25, 2014 meeting.
- All furniture is in house and painting is in progress estimated completion July 25, 2014.
- Performing final details.

2. TACO TUESDAYS



- The Recreation Committee approved a 60 day trial for Taco Tuesday night at Clubhouse Six at its August 11,2014 Committee.
- The first Taco Tuesday night was no September 9, 2014 and was very well attended with approximately 75 to 125 Shareholders pass thru the line in the first hour.
- Taco Tuesdays are still going strong the food truck company has made some changes to speed up the line and from all the reports that I have received all is going well.
- The Recreation Department will continue to monitor the progress for the 60 day trial period.
