MAY 24 DEADLINE

## CH 4 lockers to be refurbished

In anticipation of improving resources in GRF amenities, all lockers currently held by clubs, organizations and Mutuals must be emptied in the near future. Immediate action is required for Clubhouse 4 locker users because a new locker system will soon be installed there.

Every locker must be completely cleaned out by May 24.

Groups are asked to contact Consuelo Reyes in the Recreation Department at 431-6586, ext. 279, to confirm that lockers have been emptied and whether they want to continue locker service.

As reconfiguration and upgrading of storage are just starting, clubs should plan on not having clubhouse storage available for an undetermined, extended time period, currently estimated at four to six weeks.

Notices will be published in the LW Weekly and sent via email when the other clubhouses will be upgraded.

There is no rush to clean out those lockers but starting now will alleviate last-minute stress of finding alternative storage space.

GRF thanks all affected for their cooperation in helping to us to improve our community.

# Cinco de Mayo

El Mariachi Espectacular will play.

## Celebrate with mariachi music and more at CH 6

Come party at a Cinco de Mayo fiesta Sunday, May 5, featuring a Koffel's Mexican food truck, and its famous virgin margaritas.

There will be music and Mexican and American food.

The El Mariachi Espectacular, one of the most popular such groups in Southern California, will be featured. The band, which played last year, has performed at Disney California Adventure among other well-known venues.

The party starts at 5 p.m. at Clubhouse 6, inside and out.

The first floor of the clubhouse will be closed to normal activities, including table tennis. The second floor will remain open as normal.

This is one of the most popular events of the year and is expected to be filled to capacity, so it's residents only for this free festival.

No parking will be allowed on the east side of Clubhouse 6 from 10 p.m. May 4 through May 5. Parking will be extremely limited in the area, so a free shuttle from the Clubhouse 4 parking lot will run continuously from 4:30 p.m.

Residents are asked to make use of the park-and-ride service, provided by GRF Transportation.

## DRUG TAKE BACK DAY

Ruth Osborn

Leisure World Security in partnership with the Seal Beach Police Department and Ralph's Grocery Store worked to collect surplus prescription drugs on National Take Back Day April 27 at the Main Gate. Scores of Leisure World residents filled 43 12-pound boxes with unused prescription drugs on Saturday. Now in its ninth year, the Drug Enforcement Agency has collected nearly 11 million pounds of unwanted medicines nationwide. See photo, page 7.

Profit, growth are topics on May 14

The Investment Forum will meet at 2 p.m. on Tuesday, May 14, in Clubhouse 3, Room 6.

As markets enter the second quarter of 2019, experts will look at the current market performance and drivers of growth and what to expect going forward as the current economic expansion and bull market in equities continues.

Although optimistic about the U.S. markets in general, host Larry Pino of Stratos Wealth Management Group anticipates that growth and market performance will advance at a slower pace going forward.

Topics of discussion will be growth, profits, jobs, inflation, risks and opportunities for the remainder of the year.

For over 30 years, the Investment Forum has been committed to informing and educating Leisure World residents by presenting monthly discussions on timely, critical financial topics and current economic trends.

SENIOR PATRIOTS

Global rights is topic May 14 in CH 3

All are welcome to attend the Senior Patriots program on Tuesday, May 14, in Clubhouse 3, Room 9, at 2:30 p.m. Carl Mariz will talk about the Universal Declaration of Human Rights and how they are related to the Global Goals of the United Nations.

Mariz is a retired chemical engineer having worked in that field for nearly 50 years after receiving a bachelor's degree in engineering in 1957. He and his family moved to Whitter in 1968 to join the Fluor Corporation. As a result he spent seven years outside the U.S.

These foreign assignments with Fluor included family assignments in the Netherlands, Abu Dhabi and Japan along with shorter assignments in England, South Africa and Arabia. His foreign travels led to his active involvement in the United Nations Association of the USA (UNA-USA). He has held several offices in the organization including the president of the local Coastline Chapter and later of the Orange County Chapter.

Mariz moved to Irvine in 1979 where he presently resides. He also served as president of the Southern California Division of UNA-USA from 2007-2009. His professional career involved extensive work on greenhouse gas abatement, and he attended the Climate Reality Project training in Los Angeles in August 2018.

It will be interesting to see how he connects Human Rights with Global Goals.

The Universal Declaration of Human Rights is a milestone document drafted by representatives from different backgrounds from all over the world. It was proclaimed by the General Assembly on Dec. 10, 1948, setting out for the first time a common standard of fundamental human rights to be universally protected.

Contact Dorothy Kemeny at 296-8554 for more information.

EARTHQUAKE PREP

Caltech speaker featured May 9

The Emergency Information Council will host an earthquake presentation called “Earthquakes Threaten Southern California—Are You Prepared?” All are welcome to attend.

Speaker Margaret Vinci from the Caltech Office of Earthquake Programs will speak on May 9 from 1-3 p.m. in Clubhouse 2.

Vinci will share the latest information on earthquake hazards and potential losses, and provide earthquake preparedness resources for home, work and business.

All are invited to empower themselves to be ready for the next disaster.

With 22 million people living and working in Southern California, a major earthquake in the region could cause an unprecedented catastrophe. What people do now, before a big earthquake, can help mitigate the damage.

The presentation will be focused on the science of earthquakes, and the risks and hazards particular to Southern California, including a scenario involving a 7.8 magnitude along the San Andreas fault. The presentation will include a realistic portrayal of what could happen in a major earthquake on the southern end of that fault.

## Letter to the Editor

Editor:

The April 9 Centenarian luncheon was a huge success entertaining, enlightening, heartwarming and inspirational. The joyous smiles on the faces of these wonderful folks who have achieved the 100-year and plus milestone was priceless. Their well-deserved recognition was enjoyed by all. Living to that ripe old age has its challenges and there is much to be learned from their life experiences. My friends and I came away feeling blessed and proud to have shared in the event.

Thank you to the GAF and Ana Derby and her hard working crew for their efforts in putting it together. The tables were nicely decorated with flowers donated by the City of Seal Beach and the entertainment was fun and lively. The 9-year old young man who very professional, sang "Rainbow Connections" that touched our hearts.

Such an inspiring event and congratulations to the Centenarians. To see the world's longest longevity regions, Google "Blue Zones" on your computer.

## Remember When

*Editor's note: Remember When is presented by the Leisure World Historical Society. Help make history live, tell your story, donate memorabilia, join the Historical Society. For more information, call Linda Johnson, vice president, at 594-9274, or visit the LW Museum in Clubhouse 1 from 2-4 p.m., Thursdays.*

**May 10, 1979** - "Stations Cut Hours; Gas Lines Continue" was the headline in The Golden Rain News. Because of the gasoline shortages, area stations reduced pumping hours by as much as 80 percent.

**May 11, 1989** - A picture in The News showed members of the LW Garden Club gathered around the LW globe. In honor of the club's 25th anniversary, members made a donation to the Golden Rain Foundation for new landscaping around the globe.

**May 11, 1999** - A sign at the north end of Del Monte Drive was removed. Erected in 1962, it was visible from the 405 Freeway. Over the years the sign deteriorated from the weather and salt air.

*JUST A COMMENT: For more information on the Leisure World Historical Society, go to [www.lwhistory.org](http://www.lwhistory.org).*

## Setting It Straight

LW centenarians interviewed by Mary Apte for the GAF luncheon were born between 1915-1919. Mary Novak and Lois Campbell will be 104 this year. Centenarian Victor Kambe was not born in California as printed. He was born in Seattle, Washington.

...

In the letter (LW Weekly April 25) about the Centenarian luncheon, the writer was misidentified. The correct name is Judy Phillips of Mutual 5. The corrected letter is reprinted at the top of this page.

## GRF Guest Policy

by Kathy Thayer  
[kathyt@lwsb.com](mailto:kathyt@lwsb.com)

One of the most attractive reasons people choose to live in Leisure World Seal Beach is for the wealth of amenities that are offered for Shareholder/Members to enjoy with their friends and families.

In addition to reserving clubhouse space and picnic areas for family get-togethers, certain activities can be shared with residents' guests.

The following Trust facilities are provided for the use of GRF Members, in good standing, and their guests, who are at least 18 years old. Members must be present at all times when guests are using these facilities, as well as in the clubhouses:

- a. Amphitheater (Policy 1412-50);
- b. Art room;
- c. Billiards rooms;
- d. Card room;
- e. Ceramics room;
- f. Sewing room;
- g. Shuffleboard court;
- h. Table tennis area (Policy 1463-50)

The key for this working for the benefit of all Shareholder/Members is that the resident who invites the guest, or issues a guest pass to an individual, accompany those guests at all times while using the facilities. It is important that we ensure that our amenities are available primarily for resident use, and therefore, the Recreation Department, in conjunction with the Security Department, will be regularly checking IDs at these amenities to verify that any non-residents are with their Shareholder hosts. A guest using a facility on a pass must be with the Member whose unit corresponds to the pass. If staff cannot verify this, the guest will not be permitted to remain at the facility.

GRF and the Recreation Department thank the community for helping to keep the amenities available for all by sharing this information with their families and friends.

### WA-RITE CLUB

## Eileen Kotecki top loser of week

by Margaret Humes

LW contributor

Wa-rite members donned their Easter Bonnets for the April 26 meeting of the Wa-Rite Club and some brought their flowers presented previously for top losers or queen of the month.

Top loser of the week was Eileen Kotecki for dropping three pounds.

She avoided sweets and salty snacks and enjoyed water aerobics and yoga.

It was share day at Wa-rite so members gave some encouraging weight loss stories.

• Connie Cassiadoro will be turning 90, earned three of the club's degrees, lost 25 pounds and no longer needs a walker.

• Tanya Moffat lost 20 pounds and has kept it off thanks to three trips a week to the gym. She eats plenty of vegetables, chicken and fish, tries to stay with high fiber and low sugar and low salt foods.

• Marshia Larsen attributes her losses to coming to the club's

meetings and being accountable.

• Kathy Rose mentioned the mind games in battling weight loss.

• Danette McCloud added that her journal entries help her think twice about what to eat.

• Darlene Gardner loves to knit, which seems to keep her hands to busy to eat.

The food for thought:

Chewing slowly allows you and your brain to register a feeling of being full. Chew every bite 20-30 times.

Members meet from 9-10 a.m. Fridays in Clubhouse 3, Room 1. Weigh-ins are from 7:45-8:45 a.m. Dues are \$10. To join or visit a meeting call or text Diana Goins at 760-1293. Those who want to join should bring their LW ID cards.

The class held a potluck to say good-bye and wish her well.

Manalad will bring a new style and songs.

LWers honored for work on Queen Mary

Last week the Queen Mary hosted ham radio operators who have volunteered their time to oversee operations of the radio room aboard the craft. Cmdr. The Queen Mary Radio Room W6RO site is considered one of the world’s most recognized call signs.

Bash and Johnson are members of the Leisure World Amateur Radio Service Club.

The W6RO site was established through the efforts of Nate Brightman, who also was influential in convincing Long Beach city officials to purchase the ship. He and a team of others established the amateur

Leisure World Amateur Ham Radio Day was celebrated in April in front of Clubhouse 6. Gathered to commemorate the day were John Tellez, KM6VMO, Mutual 6 (I-r); Midge Bash, W6LIK, Mutual 14, LW Ham Radio Club President Don Kovell, WA6GBI, Seal Police Police Support Services Cmdr. Steve Bowles; and Dr. Rosa Fabian, KM6VML, Mutual 2, director of education. The LW Amateur Radio Service Club welcomed interested persons all afternoon, passing out ham sandwiches to visitors in honor of HAM operators worldwide. They had a variety of technological apparatus for people to examine, including a polygraph machine, crystal radios from the 1930s and 40s, Morse Code keys and the very latest technology: hot spot transmitters that are only a few inches in size but can transmit worldwide by accessing Internet channels.

radio room and had it operable during the ship’s last cross Atlantic cruise. Its call letters for that event were GB5QM, and every operator who contacted the ship during its crossing was sent a “QSL” which is a confirmation of contact. One of those certificates is on display in the radio room.

Batemen established an operating radio room with equipment donated by the Swan Radio Company of Oceanside. The new radio room was opened for operations on April 22, 1979, with the call letters W6RO.

From that date forward, volunteer radio amateurs from the local ham radio club, the Associated Radio Amateurs of Long Beach, Leisure World, and others have staffed the Wireless Room making radio contact with hams across the U.S. and around the world. They demonstrate ham radio to the ship’s tourists.

Brightman served as manager of the station from 1979 until his retirement in 2013, nearly 35 years. The station was rededicated as “The Nate Brightman Wireless Room” in 2007 in his honor.

Amateurs who make an on-air contact with the station are sent the very popular W6RO “QSL” card commemorating their exchange with the Queen Mary.

Ad Hoc Sing-Along

The LW Ad Hoc Sing-Along Club meets at 4 p.m. on Tuesdays in the lobby of Clubhouse 3. Come and sing the old “Hit Parade” favorites, Broadway tunes and songs made famous in movies.

Helen Onu is the song leader; Barbara McIlhaney, pianist. For information, call 493-0176.

COMMUNITY SING

Nancy Maggio to lead sing-along

Leisure World residents are invited to the Community Sing at 6:30 p.m. on Monday, May 6, in the lobby of Clubhouse 3 at 6:30 p.m. People who want to participate in Opening Acts should come in at 6 to sign in with the emcee, Nancy Maggio. She will lead group singing until she announces her half-time guest, singer and pianist extraordinaire, “Mr. Hank” Barto.

On April 22 Leila Claudio was the leader. Opening Acts began with Ethel Carter singing “Chickery Chick.” Then Gwen Preston sang “You Light Up My Life,” followed by Byong Choi, “Santa Lucia”; Bruce DuPont, “Somebody Loves Me” (acapella); and lastly, Bob Barnum sang “Love Me Tender,” after sharing an experience he and his wife had meeting Elvis live at one of his concerts.

Pianist Pat Kogok accompanied four of the opening acts.

At 7:15, Leila introduced her half-time guest, Don Horning who plays a variety of instruments. He sang and played an amplified guitar, a harmonica, a ukulele and a banjo. He also composes and plays his own songs, which he did for his first two numbers: “That’s Me” and “Here To There.” Then he performed “Don’t Think Twice, It’s All Right”; “California, Here I Come”; and “You Gotta Walk That Lonely Valley.”

Nancy Maggio

The audience was mesmerized by Don’s talent, and applauded and cheered loudly. Some gave him a standing ovation when he finished.

After Don’s performances, Leila wrapped up group singing and everyone sang “Kumbaya” to end the musical evening.

Thanks to pianist Pat Kogok and book transporter, Vito Villamor.

Treat night will be held May 20, the last meeting of Community Sing until Sept. 9.

People are encouraged to bring treats to share. The emcee that evening will not have a half-time guest; the singing will end at 7:15 p.m., so everyone will have time to visit and enjoy the food. (Bring food in disposable containers and label serving utensils.)

LW LIBRARY

Mom-and-daughter tales of humor are focus today at 11

With Mother’s Day just around the corner, the Leisure World Library will host author Donna Todd, who will speak about her book, “Mommalogues: Tales of Humor between Generations.” All are welcome to attend at 11 a.m. today, May 2, at Veterans Plaza, located next to the library, to hear Donna discuss her book and the writing process. Complimentary refreshments will be provided. “Mommalogues” is a witty collection of short stories that follow the dynamic duo of a mother and daughter through relatable, everyday situations. The daughter, wrestling with the concept of middle-age onset, sometimes finds herself at odds with her energetic and outspoken mother while the humorous moments of life are revealed through their adventures.

Donna Todd, a native of Southern California, says the idea for this book came from having a mom, sisters and a handful of aunts in her life as inspiration. A mother of two boys, she’s found that a hefty dose of humor goes a long way. She is currently at work on the second book in the “Mommalogue” series.

## Tickets for ‘La Traviata’ will be distributed through lottery drawing

The Recreation Department, in conjunction with the L.A. Opera will host a matinee performance of Verdi’s La Traviata on Sunday, June 16.

Tickets to the performance are normally \$105, not including transportation, however the GRF Recreation Department has been able to secure tickets with transportation for only \$33 per person. Since only 38 tickets were made available for this bargain, the Recreation Department will hold a lottery.

Those who want to go may submit their name, phone number, Mutual and apartment number to the Recreation Department to enter. If going as a couple, both names must be submitted as one unit. The drawing will be held on May 15, and winners notified by phone. Due to the limited number of tickets, only GRF members may enter the lottery.

Experience the glamour and romance of Verdi’s essential opera in the L. A. Opera production.

In the face of certain death, a beautiful courtesan dedicates her remaining days to decadent pleasures, dazzling parties and wealthy admirers. But when a devoted suitor declares his true love, she must pay for the sins of her past with a heart-breaking sacrifice.

With soaring arias and passionate duets performed against a beautiful background updated to the Art Deco era, this Verdi work is emotionally devastating and deeply and unforgettably human.

Soprano Adela Zaharia, the 2017 winner of Operalia, stars as Violetta.

Running time: approximately two hours and 55 minutes, including two intermissions.

For more information, contact the Recreation Office at 431-6586, ext. 326, or email [events@lwsb.com](mailto:events@lwsb.com).

### DEMOCRATIC CLUB

## Love updated members on lawsuit filed by ALCU against Orange County

Attorney Brandon Love was warmly welcomed by members of the Seal Beach Leisure World Democratic Club at the club’s popular Voter Awareness Series meeting on April 23.

The meeting centered on Love’s review of a recent lawsuit alleging violation of the First Amendment, the California Constitution, the Brown Act and the Public Records Act by the Orange County Board of Supervisors. Titled Peoples Homeless Task Force versus the County of Orange, the suit filed by the ACLU on behalf of the homeless task force is based on recent attempts by the Board to impose limits on those who want to speak at its meetings.

The suit maintains that this effort has been made by deploying Rules of Procedure that “actively attempted to silence the people, stifle debate, and shield its members from criticism by erecting barriers to the people’s participation in board.” During the course of the meeting, Love outlined examples of this behavior, which included reducing the time allotted to each speaker, moving public comments to the end of the meeting, inability to address specific supervisors, disallowing applause and unlawfully requiring individual identity.

In addition to the Board’s actions at meetings, the suit charges that supervisors unlawfully refuse to produce public records and have re-categorized records in such a way that gives the Board license to destroy them.

Love also provided additional examples of what he considered poor judgment by individual Board members which have unnecessarily cost the taxpayers money.

Diana Carey, who also spoke at the meeting, pointed out that Orange County has reportedly missed out on millions of state and federal taxpayer dollars to address its growing homelessness by not being assertive enough in preparing for and seeking the funds.

Next month’s Democratic Club general membership meeting has been moved to Wednesday, May 29, in Clubhouse 4 at noon.

The program scheduled for the meeting will center on the recent revival of the Equal Rights Amendment. All Leisure World Democrats and their supporters are invited to attend.

For more information about the Leisure World Democratic Club, email [lwsbdemocraticclub@gmail.com](mailto:lwsbdemocraticclub@gmail.com) or phone 296-8521.

## Special Olympics athletes come to CSULB June 8-9

by Cathie Merz  
cathiem\_news@lwsb.com

“They fuel me. They get me inspired,” says Joy Kolesky, Mutual 2, about the athletes who participate in Special Olympics, the world’s largest sports organization for people with intellectual disabilities.

Special Olympics comes to Cal State University, Long Beach (CSULB), on Saturday-Sunday, June 8-9, culminating the organization’s spring season.

Joy invites all Leisure Worlders to join in the excitement. Leisure World will provide a free shuttle bus to the venue on Saturday. Admission is free and free parking is available for those who want to drive themselves.

Fifteen years ago Joy stopped by the games at CSULB and was amazed at the uplifting vibration she experienced. There were twice as many volunteers as athletes. As she stood and took it all in, she cried.

She was very comfortable talking to the athletes and they were excited to interact and compete. They love being recognized.

“It is the simple things that really matter to them,” she says.

More than 1,100 Special Olympics Southern California athletes will bring their passion and compete for gold in swimming, athletics, (track and field), basketball, bocce, flag football and swimming during the two-day event.

Joy is a volunteer coach for a Special Olympics bocce team.

Joy Kolesky (center) promotes the 50th anniversary of Special Olympics with Jenny Skinner, athlete of the year for 2017, and athlete Tony Briones.

She was introduced to Special Olympics in its infancy. Her brother was in a state developmental center, and she witnessed first-hand how kids and adults alike sent nasty vibrations to those with special needs.

Special Olympics brought programs to the hospital, and she saw how the program ignited the young people and she became a supporter.

Special Olympics was founded by Eunice Kennedy Shriver in 1968. Shriver believed that individuals with intellectual disabilities could excel through involvement in sports. She inspired Olympic Gold Medalist Rafer Johnson to establish the California chapter in 1969.

The organization enriches the lives of more than 31,000 of the states’ most vulnerable and under-served population, children and adults with intellectual disabilities, through sports, education and athlete health.

When Joy retired she immediately followed her heart and threw herself into volunteering at Special Olympics, coaching and fundraising.

“Special Olympics enriches the lives of all who participate, the athlete, the coaches, the volunteers and the donors. As a coach of five sports, I have had the privilege and the joy of interacting with positive thinking individuals who are fun loving, purpose driven and accepting of all,” says Joy.

She never played bocce before she began coaching, but now she loves it. She is a mainstay at the new bocce court in LW’s new Mission Park, and organized LW bocce tournaments for the GRF Olympics.

She coaches two teams that practice on Saturday morn-

ings. The teams compete in three tournaments prior to the Southern California games.

One of the big events and fund raisers for Special Olympics is the Torch Run, a four-day relay that begins in San Diego and travels throughout cities in Orange County, culminating at the opening ceremonies. The relay is a major fund raiser by law enforcement organizations, including the Sheriff’s Department, local police, SWAT, FBI and the CHP. Law enforcement officers from municipalities along the route participate with athletes carrying the torch from one city to the next.

Seal Beach Police get the torch at Seal Beach Boulevard at PCH in the late afternoon on Friday, June 7. The relay team will travel north on PCH to 12th Street and turn south to Ocean Avenue, then onto Main Street heading north back to PCH toward First Street before handing it off for the last leg into CSULB. The run through Seal Beach will last about 30 minutes.

Law enforcement officers are critical to Special Olympics fund raising. Their participation brings attention to the organization through events associated with the Torch Run, including “Tip-A-Cop,” where officers visit local restaurants and go from table to table talking to patrons and collect donations. They also conduct silent auctions and raffles that bring in millions of dollars.

Become a fan in the stands and help support Special Olympics. Visit the sponsor and law enforcement booths offering games and live entertainment.

For more information on the event, volunteering, fundraising or sponsoring, visit [www.sosc.org/summergames](http://www.sosc.org/summergames).

LW Joy Kolesky coached her team to a gold medal in bocce in the Spring games.

### CENTENARIAN

## Today is Maria Castro’s 100th birthday

by Maria Moretti  
special to LW Weekly

Maria Castro is an energetic, happy, and full of life centenarian turning 100 years young today.

She is the best mother, grandmother, and great-grandmother any family can hope to have. All of those who love her affectionately call her “Ita”, which is short for “Abuelita,” little grandmother in Spanish.

She and her husband moved to Leisure World 12 years ago from New Orleans, Louisiana.

Maria is known for her ever present smile and her positive and cheerful disposition. Standing at only 4 feet, 7 inches, she is a strong woman who has survived many unexpected upheavals in her life. Her mottos to live by are, “Accept life and those situations of which we have no control” and “Always look forward, never look back.”

Maria was born on May 2, 1919, in Los Palacios, a town in the Pinar del Rio Province in Cuba.

She was one of nine siblings who were all very close. Her father passed away of typhoid fever when she was a young child leaving her mother to care for Maria and her eight siblings alone. They grew up together working on the family farm with cows, chickens, vegetables, fruit and coffee beans. While it was hard, it was a simple and beautiful way of life.

She and all of her siblings attended school in a small school house with one teacher. Maria loved reading poems and can recite many poems from her childhood by heart to this day word for word. Maria yearned for higher education but that was not acceptable for women of that day.

So when she was a teenager she talked her mother into letting her move in with her older sister who lived in a nearby town. Her sister was married and had to help tend to her husband’s business, so she offered to pay for Maria to study to be a seamstress in return for helping take care of her home

and children.

Maria snatched up the opportunity and within three years she graduated as a master seamstress from Academia Cientifico Moderno de Maria Teresa Bello. Maria became a true master of her craft. She ended up sharing her talent of sewing and designing clothes by teaching other aspiring seamstresses.

In her home town in Cuba, dances and music were major events that were celebrated by all. Maria has dancing in her blood. Even today at 100 years of age, she still loves to dance and says it keeps her young. Her favorite music to dance to is salsa.

It was at one of these infamous dances where she met the love of her life, Fernando Castro. They danced the night away and were inseparable ever since. It was love at first sight. They got married on March 1, 1952, moved to Havana and built their first home together. Four years later they had a daughter named Maria Elena.

Maria Castro will celebrate her 100th birthday with her daughter Maria Moretti and many out-of-town guests.

Fernando was a butcher and they owned a small butcher shop while Maria taught sewing. They had a wonderful life. But in 1960, the volatile political situation in Cuba prompted them to uproot

and move to the United States. They left everything behind and moved to the United States with only \$60 U.S. dollars hidden in their daughter’s doll. They set

## TODAY IN HISTORY

Today marks 500 years since the death of Leonardo da Vinci on May 2, 1519. He was a man whose breadth of thinking had a lasting impact on understanding of the body, science and humanity.

Leonardo’s approach to life was built upon a vision of unity. The singular lens he used contrasts with modern dichotomous ways of seeing and thinking that separate the arts and sciences, and underlies Leonardo’s diverse body of work spanning anatomy, neurology, optics, embryology, cardiology, medical education, architecture, engineering and fine art.

He perceived art and science

RELATIVELY SPEAKING

David S. Kim named secretary of California State Transportation Agency

by Cathie Merz  
cathiem\_news@lwsb.com

Gov. Gavin Newsom recently announced the appointment of David S. Kim, son of Grace Kim, Mutual 14, as secretary of the California State Transportation Agency.

Grace is happy to have him back in California after spending the past 20 years in Washington, D.C.

“I’m so glad that I will get to see him more often,” she said.

This position requires Senate confirmation.

David is currently vice president of governmental affairs for Hyundai Motor Company. He begins his new position in June.

In his resignation letter to his colleagues at Hyundai, David wrote, “This move represents a return on two fronts. First it’s a return to public service, where I spent my entire career before coming to Hyundai. And second, it’s a homecoming of sorts — returning to my native California after living in the D.C. area for the past 20-plus years.”

Prior to working for Hyundai, David was deputy administrator of the U.S. Department of

tled in New Orleans, Louisiana, and became proud U.S. citizens.

They both had a strong work ethic. Maria started out as a seamstress in a curtain factory, and Fernando as a butcher in a grocery store. Eventually Maria was able to acquire a seamstress job at the famous Roosevelt Hotel in the New Orleans French Quarter. Her first job there was sewing for the restaurants and designing different outfits for various themes of the hotel during specific seasons.

It didn’t take long for her talents to be recognized. She was then put in charge of designing all the employee uniforms and elaborates costumes for major events.

Soon after, Maria became the “go to” seamstress for the stars who performed at the famous Blue Room. This job changed her life. She met many stars including Lilly Tomlin, Marlene Dietrich, Carol Channing, Michael Jackson and others.

Maria and Fernando’s hard work allowed them to raise a beautiful and successful daughter. They became proud grandparents to Charlotte and Nicholas and later became great-grandparents to Caden who is now 13 years old.

Maria and Fernando expected to stay in New Orleans for the rest of their lives, but that was not to be. In August 2005, Hurricane Katrina, a Category 5 hurricane, hit New Orleans with a vengeance.

Maria, Fernando and the rest of their family barely escaped with their lives. As dangerous and frightening as this situation was, Maria remained true to her nature and was happy and grateful to be surrounded by family during this difficult time. That has always been a priority in her life. According to Maria, “material possessions are just stuff, but family is everything.”

Their home was flooded but reparable; however, after that ordeal Maria and Fernando decided to sell their house and make another major move to California to be closer to their daughter.

In 2007 they moved to Leisure World. One would think that after having lived in New Orleans for over 30 years, a move half way across the country to an unfamiliar state would be tough and a very difficult adjustment, but not for these two. They were near their daughter, and Leisure World immediately felt like home to them. They commonly referred to their new home as paradise.

Maria and Fernando loved Leisure World and made many friends. And they were thrilled when their beloved grandchild-

dren and great-grandchild also decided to move to California and were close by. They were surrounded by love and were in bliss.

But sadly Maria’s husband became ill, and in October 2018 Maria lost the love of her life. They were together for an incredible 66-½ years until his very last breath. They truly were in love and were such an inspiration to all who knew them. They treasured their daily walks around the beautiful gardens of Leisure World, and Maria was well cared for and treated like a queen by her husband. Maria misses her husband dearly, but she feels fortunate that she is enveloped by her family’s love and support which has helped to uplift her. And as she has done her entire life, accepted what she has no control over. She is a strong woman and a true survivor, and continues looking forward.

As Maria celebrates a century of a life well lived, she is incredibly grateful to be blessed with great health. She still exercises every single day and goes for long walks. She is surrounded by friends and family. Her humor and wit are intoxicating bringing joy to all those around her, even to those who are the brunt of her jokes.

When asked of her secret to

Maria and Fernando on their wedding day.

longevity, Maria said, “It’s very simple. Accept, love, stay active, dance, and most importantly, don’t forget to laugh.” Love of family has been at the center of her life, as well as a strong faith in God.

In her long and fruitful 100 years Maria has had such a positive impact and has touched so many lives. She is a true matriarch. She cannot wait to celebrate her special day with all her family and friends, many of whom are traveling from out of town to share this special event with her. Even the Mayor will be there to honor her. And of course salsa music will be playing. Keep on dancing Ita.

LA MIRADA THEATER

Get tickets to ‘Beauty and the Beast’

Children-A-Priority will escort a trip to see “Beauty and the Beast” at the La Mirada Theater on Thursday, June 6.

“Beauty and the Beast” is a musical with music by Alan Menken, lyrics by Howard Ashman and Tim Rice, and book by Linda Woolverton. The play is adapted from Walt Disney Pictures’ Academy Award-winning 1991 animated musical film of the same name, based on the classic French fairy tale by Jeanne-Marie Leprince de Beaumont.

“Beauty and the Beast” tells the story of a cold-blooded prince who has been magically transformed into an unsightly creature as punishment for his selfish ways. To revert into his true human form, the Beast must first learn

to love a bright, beautiful young woman whom he has imprisoned in his enchanted castle before it is too late.

All eight songs from the animated film are in the musical.

The bus will leave the Amphitheater at 7 p.m.

The cost for the play and transportation is \$85.

For tickets and information, call Juanita Townsend, 431-4026.

News copy deadline is 4 p.m., Thursday, one week prior to the desired publication date.

Truman.

Maria was treated like a queen by her husband, Fernando.

The May Paws, Claws and Beaks pet of the month is Layla, a rescue dog and the furry love of Leida and Jesus Vasquez. Layla is 11 years old, but still has a lot of puppy energy, especially when she hears the word “treat.” Shareholders are reminded to remember the GRF pet policies before adopting a pet.

as complementary dimensions of human experience, also believing that people and animals were inextricably entwined and interdependent on each other for survival. This was manifested in his (then radical) transition to a vegetarian diet, and through his appreciation of nature—in biodiversity and geology, and particularly through his use of the analogy of the microcosm of the human body reflecting the macrocosm of the Earth. His proposed application of this analogy was that we should respect and live in harmony with our planet and all its natural systems. Leonardo’s vision and interest in the patterns of Earth—manifested in both the detail of his most familiar paintings, such as the Mona Lisa, and in his prolific notebooks and sketches—provide an elaborate and early documentation of the natural world at a time when scientific understanding was limited. Leonardo’s approach and understanding of our unity with nature give him the credentials to be described as truly visionary.

TRAVELING TIGERS

## Learn about Monarch butterfly migration May 15

The Traveling Tigers will meet on May 15 at noon in Clubhouse 3, Room 9 for a potluck lunch, meeting and presentation.

The guest speaker will discuss one of the most astounding natural events to occur in North America—the Monarch Butterfly migration.

She watched in awe as millions of Monarchs congregated in a forest in the volcanic mountains of central Mexico, the completion of their 3,000 mile migration.

They approached the ridge of the forest and entered a grove of evergreen trees. The air was very still on this mountaintop in Mexico's central highlands.

From a distance, the trunks and branches of the trees appear to be blanketed with rusty, autumn leaves. A closer look reveals that they are quivering. And then, as the sun emerges

from behind a cloud to warm the air, tens of thousands of Monarch butterflies take to the sky in a flutter of orange—so many butterflies that she could hear the beating of their wings, which glow translucent orange and are backlit

by the magnificent, blue sky. The Monarchs even floated down to alight on her hat and shoulders.

To attend the program come at 1:15 p.m.

LW Olympics medalists in 8-ball were Allan Bourhenne (l-r), bronze; Kurt Bourhenne, gold; and Dave Silva, silver.

### MEN'S POOL CLUB

## Three members earn medals

The qualifying tournament for the Leisure World Olympics for men's pool featured 14 competitors playing 8-ball in a double elimination tournament to decide three medalists.

After 10 players were eliminated, Dave Silva and Kurt Bourhenne reached the winners' bracket without a loss. That left Kurt's brother, Allan, playing Bill Clawson in the loser's bracket.

Allan beat Bill and Kurt beat Dave, which sent Dave to play Allan. Dave won a close match, giving Allan the bronze medal. That meant Dave would need to beat Kurt twice to take the gold.

Dave won the first game to bring the gold medal match to a final game. Dave cleared his solid ball and had a medium cut shot on the 8-ball, while Kurt still had one striped ball on the table.

Dave rimmed the 8 in the corner and went across the table to barely creep into the far corner pocket.

Making the eight in the wrong pocket is loss of game, so Kurt won the gold, and Dave settled for silver.

### LADIES GOLF CLUB

## Play was for low gross, net, chip-ins

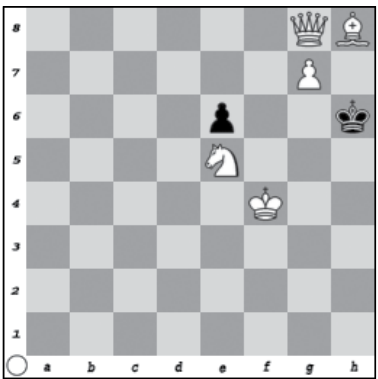

Forty-three members of the Ladies Golf Club played for low gross, low net and chip-ins in weekly play on April 23.

Thirteen players chipped the ball from off the green into the hole.

Bert Thompson hit a hole-in-one on No. 7.

Flight winners:

A: Low gross: Soo Choi, 27. Low net: Tie among Devora Kim, Bert Thompson and Sandy Derouin, 25. Chip-ins/hole: Devora Kim, 6; Bert Thompson, 7;

### SCRABBLE CLUB

## April featured high scores, bingo games

by Maria Giegerich

LW contributor

The month of April was filled with numerous high scores by members of the Leisure World Scrabble Club. There was also an abundance of "bingo" games, when all seven tiles are used in one turn. In both categories, Larry Edgar outplayed all competitors with six games between 360-420, including six bingo games.

His variety of words included "roasted," "hogging," "incited," "emanate," "bitters," and "alerter."

Sylvia Makus tied Edgar with a high score of 420. Suthy Chhoeuy played the word "remotes" and had high scores of 405 and 351.

Ruth Depuy had two bingos with "rosette" and "trainee" as well as a game high of 398. Pam Smithson won her bingo with "goalies" good for 374 points. Flo Nesland scored 363 points.

Monthly attendance was above average, but new players are always welcome.

Members meet at 1 p.m. on Wednesdays in Clubhouse 3, Room 5. for three one-on-one games.

Newcomers are asked to arrive early for a quick review of rules. If an odd number of players appear, one table will play three competitors.

For more information, call Flo Nesland at 598-1384.

## MEN'S GOLF CLUB

### Ron Steele cards tournament low score

by Dave LaCascia

The Men's Golf Club tournament was held April 24 at the local course. It was an overcast and damp morning that turned into a great day for golf.

Forty-two players competed in four flights over 18 holes.

There were seven circle hole winners.

Flight winners:

A: Steven Ro, 47; Bill Long, 49; tie for place between Bob Barnum and Steve Walker, 52.

B: Ron Steele, 46; Paul Alloy, 49; Hyon Shin, 52.

Closest to the pin winners were Bill Lyons on the eight hole and Jae H. Lee on No. 17.

Men's Club tournaments are held on the second and fourth Wednesdays of the month.

...

The club has embarked on a race to crown the 2019 champion. Competition started with last month's tournament and will proceed until a champion is crowned in mid-December.

Only members can participate and must have competed in at least eight tournaments by Nov. 13.

...

To join the club, contact President Bill Zurn or Membership Chair Dave LaCascia through the golf starter shop.

The Basic Rules of Sudoku:  
• There is only one valid solution to each Sudoku puzzle. The only way the puzzle can be considered solved correctly is when all 81 boxes contain numbers and the other Sudoku rules have been followed.  
• When you start a game of Sudoku, some blocks will be pre-filled for you. You cannot change these numbers in the course of the game.  
• Each column must contain all of the numbers 1 through 9 and no two numbers in the same column of a Sudoku puzzle can be the same.  
• Each row must contain all of the numbers 1 through 9 and no two numbers in the same row of a Sudoku puzzle can be the same.  
• Each block must contain all of the numbers 1 through 9 and no two numbers in the same block of a Sudoku puzzle can be the same.
