As one of our most treasured amenities, the **LW Minibus** system can get you anywhere within the community and the adjacent Seal Beach Village Shopping Center quickly and with the greatest of ease. It also provides service and connections to nearby medical, shopping, restaurant and entertainment areas.

During the past year multiple changes were made to the Minibus system to improve rider service and increase efficiency and reliability. With dozens of community destinations at your fingertips, the **LW Minibus** is a great resource to help residents remain active and involved in all the community has to offer and beyond.

In this resource guide, you will find information about the LW's basic weekday fixed route daily bus services, the weekend on-call demand service, the LW Access community-based wheelchair mobility service and many other transportation options available through local partners, which also provide shuttle services within the Leisure World community.

LW Minibus service offers clean, safe and easily accessible shuttle buses with friendly, helpful drivers who make getting around an easy and pleasant adventure. Transportation support staff is always available to help help you navigate LW services. We invite you to reach out to us and discover how easily we can get you from here to there and anywhere.

No matter where you're going—the senior center, library, shopping, medical appointments, dinner—OC Bus can get you there. OC Bus is the transportation service provided by the Orange County Transportation Authority (OCTA).

The Leisure World Main Gate is served by OC Bus Routes 42A and 60. All times listed use the gate as the starting and end point.

Route 42A provides service seven days a week between Old Town Seal Beach and the Village at Orange via Seal Beach/Los Alamitos Boulevards and Lincoln Avenue with stops at Mary Wilson Library, Old Town Seal Beach, Seal Beach Senior Center and Rossmoor Library, Rossmoor shopping

centers, the Braille Institute and the Village at Orange. Weekday service is offered eastbound from approximately 5:00 a.m.-10:30 p.m. and westbound between 5:05 a.m.-9:55 p.m.

Route 60 provides service seven days a week between Long Beach and Tustin via Westminster Boulevard/17th Street and Seventh Street, with stops at the Long Beach Veteran Affairs (VA) Medical Center, California State University at Long Beach (CSULB), the Seal Beach Naval Weapons Station, Santa Ana College, and Larwin Square. Eastbound weekday service is from about 4:00 a.m.-12:30 a.m. and westbound is between 4:50 a.m.-1:20 a.m.

Riders have a variety of ways to pay for OC Bus trips—cash, passes and OC Bus Mobile App. (*Note: Fare boxes accept coins and bills up to \$10 and do not give change, so exact fare is required.*) To purchase any bus fare at the senior

discount rate, an OCTA Senior Reduced Fare ID is required.

For Routes 42A and 60, the regular fare is \$2 per boarding; for seniors (60 and older) and the disabled, the fare is 75 cents. ACCESS-approved riders pay 25 cents for all buses.

Purchase an all-day pass (unlimited rides) from the coach operator for \$4; seniors pay \$1.50. Or get a pre-paid day pass for \$1.35 or a pre-paid 30-day senior pass for \$22.95. These are available at Ralph's, Vons and Pavilions, online at ocbus.com/buyapass or by calling (714) 560-5932.

The newest and most convenient way to buy a fare is with a smartphone. Download the OC Bus Mobile Ticketing App from the Apple or Android stores and show the pass on the phone when boarding.

To plan a trip, discover new destinations, check route schedules, download the OC Bus Mobile App, or apply for a senior ID card, visit *ocbus.com*.

TRAVEL FARTHER, BRING YOUR BIKE

There is a bike rack on the front of every OCTA bus, plus you can bring a folding bike onto the bus, simply have your bike folded and ready to be taken onboard before the bus arrives.

Most OCTA buses have a bike rack on the front that can carry three bikes at a time. Bike racks are available on a first-come, firstserved basis.

If the rack is full, bikes are not permitted inside buses, except for the last trip of the day. To ensure your bike will fit into the bike rack, all bikes must fit within these acceptable specifications:

- **Wheel Size:** 20 - 29 inches in diameter

- **Wheelbase:** 48 inches maximum axle to axle
- **Tire Width:** No more than 2.5 inches maximum
- **Bike weight:** No more than 55 pounds per bike rack position

E-bikes are allowed on the bike racks as long as the e-bike fits the same profile as a regular bike and that it conforms to the specifications listed above. E-bikes need to fit securely on the bike rack and cannot weigh more than 55 pounds.

Tips For Taking Bikes On The Bus

- Be prepared to load your bike when the bus

approaches. Remove water bottles, pumps and other loose items.

- Alert the coach operator that you are going to use the bike rack.
- Load your bike from curbside in front of the bus.
- If the bike rack is up, release it by pulling down with one hand.
- Lift your bike onto the bike rack and fit the wheels into the proper slots.
- Raise the support arm over the front tire. A spring will pull the arm back securely latching your bike.

Please remember to ride safely.

Riding Tips

Make your life easy by following these simple tips from the Orange County Transportation Authority. They are guaranteed to make the ride go smoothly for you and the other passengers!

Arrive at the stop early.

It's best to arrive at your bus stop at least 10 minutes ahead of time. Keep in mind that more than one bus route might service the bus stop where you are waiting. Always read the bus headsign before boarding.

Have exact fare.

You can use coins and/or dollar bills, but OCTA fareboxes can't make change. Of course, if you have a pass, you can just swipe it. (NOTE: Pennies and no bills over \$10 are NOT accepted.)

Organize your cash.

Try to use quarters instead of small coins, and be sure to flatten out dollar bills, including corners, before you insert them into the farebox. If you are using a designated Senior/Disabled pass, have

your reduced fare ID verification ready to show the driver when you get on the bus.

Purchase a pass.

If you plan on using the bus all day, you can buy a day pass from the coach operator. If you are paying a reduced fare, you will need to show proper identification to the coach operator. Review the reduced fares section for more details.

About Children age 5 and under. Kids five and under ride free with a fare-paying customer. Limit: three kids per cash paying customer.

Use the front door.

Always board through the front door. All OCTA buses are accessible to persons with disabilities.

Signal the driver. When the bus approaches your stop, pull the signal cord or ring the bus chime to notify the coach operator. Wait for the bus to come to a complete stop, then exit through the rear door.

Basic Riding Rules

Sit down and enjoy the ride! Help make OCTA bus travel pleasant for everyone by riding smart. ✓ All radios, CD players, iPods and cell phones must be used with headphones.

- ✓ Service animals must be accompanied by persons with disabilities. That person is responsible for the animal while on the bus.
- ✓ Surfboards must not exceed 6 feet, 6 inches long. Strollers must be folded prior to boarding the bus. No smoking, or eating on the bus.
- ✓ Electronic smoking devices, such as electronic cigarettes, are prohibited.
- ✓ No gas-powered scooters, bicycles, car batteries or other combustibles allowed.
- ✓ Drinks must be in a spill-proof or covered containers. Alcohol is not allowed on OCTA buses.

In today's age of smartphones and technology, access to reliable transportation is easier than ever. Lyft and Uber are two popular ride sharing services that allow passengers to request rides to destinations up to 100 miles away.

How to start with Uber and Lyft:

1. Open the App Store
2. Download the Uber or Lyft app. Open the Uber or Lyft app on your smartphone.
4. Create an account. All you need is an email address and phone number.
5. Enter your destination in the **Where to?** box. Tap to confirm your pickup location and tap **Confirm** again to be matched to a driver nearby.
6. Select the type of ride. Confirm the request.
8. Meet your driver and track his or her arrival on the map. When the driver is a few minutes away, wait for him or her at your pick-up location.
9. Check your ride. Make sure you're getting into the right car with the right driver by matching the license plate, car make and model, and driver photo with what's provided in your app.
10. Sit back and relax. When you arrive, payment is easy—use cash or a credit/debit card or Uber Cash balance.

There are many benefits to choosing ride share services over traditional taxi cabs or public transportation options.

- Comprehensive background checks are required for all drivers.
- Accountability is provided by GPS tracking services and driver ratings.
- The service provides competitive pricing as compared to taxi cabs.
- Passengers know the total price of the ride before they request it.
- Ordering a ride is quick due to the high availability of drivers.
- Scheduling future rides is quick and easy.

- Press **6** to request a Lyft or Uber with an operator.
- Press **0** to speak with an operator about scheduling requests in advance or anything else.

Uber has a separate program called uberASSIST that provides additional assistance to people with disabilities. Drivers under this program undergo special training to accommodate passengers who are blind/low vision, deaf/hard of hearing, or have mobile disabilities. These vehicles accommodate wheelchairs, walkers and scooters.
