LW LEARNING CENTER

Capacity crowd reflects LW interest in on-site classes

by Ruth Osborn
rutho_news@lwsb.com

A capacity crowd filled Clubhouse 4 on Jan. 17 to greet an engaging group of professors who will soon bring a bevy of interesting classes to Leisure World as part of the community's new Learning Center.

Instructors from the North Orange Continuing Education (NOCE) introduced themselves to an estimated 200 residents after a welcome by GRF Recreation Chair Leah Perrotti and GRF Physical Property Chair Kathy Rapp and their committees. These women have been working for two years to bring education opportunities to Leisure World residents in the comfort and convenience of their own community.

The North Orange County Community College District, the oldest in the state, is comprised of Fullerton College and Cypress College—which offer associate degrees and adult education certificates—and the North Orange Continuing Education program. NOCE provides non-credit continuing adult education and community service classes at all three of its campus locations, as well as 109 off-campus locations, one of which is now Leisure World.

The program will be coordinated through the Leisure World Library, with

"We did not expect such an overwhelming response," she told the crowd Friday as dozens more chairs were set up to accommodate the overload.

From the podium, Perrotti said she was excited to kick off the partnership between the GRF and NOCE and assured residents

STATE DEPT OF HEALTH

Flu activity is widespread

Orange County and City of Long Beach health officials reported the first cases of fatal flu this week. Two men under age 55, one from Tustin, the other from Long Beach, both with underlying health conditions, have died from complications related to the flu. They were the first local flu-associated deaths this season.

Flu activity in California is now widespread and has reached levels not normally seen until later in the season, state health officials said Friday.

The California Department of Public Health has reported 54 cases of confirmed flu-related deaths statewide so far this season.

The last influenza report issued by the department in mid-November showed elevated activity of flu in every county around the state except for Orange, Riverside, San Bernardino, San Diego and Imperial counties.

The majority of cases that resulted in hospitalizations were in patients older than 65 years old, according to the agency.

It is not too late to get the flu vaccine. Most insurance plans, including Medicare, cover flu vaccinations. In addition, many pharmacies offer no- or low-cost flu shots in Orange County.

Current local information, including vaccination locations, is available at www.ochealthinfo.com/flu or by calling the Health Referral Line at 1-800-564-8448.

SB POLICE DEPARTMENT

Bench warrant scam is circulating

The Seal Beach Police Department has received several complaints regarding a bench warrant scam that is circulating the community.

The suspects in this scam call people, identify themselves as law enforcement officers and direct them to pay a bail or fine to prevent arrest.

The reasons for the warrant vary and most recently have been because they did not report for jury duty. They most often “spoof” the caller ID number to show the number or name of a local law enforcement agency. As with the other scams, suspects instruct people to obtain a prepaid credit card and give them the card number from the front of the card and the code from the back of the card.

Facts related to this scam:

- Law enforcement agencies will never demand payment for a warrant over the telephone.
- Payments related to warrants are handled through the court that issued the warrant.
- You will never be restricted to one form of payment.
- If you provide the numbers for the prepaid credit card then the person can access the funds anywhere in the world.

What you can do to combat this scam:

- Don’t call them back, or immediately hang up the phone
- Call the Seal Beach Police Department at (562) 799-4100 to determine if an SBPD employee is actually calling you and to file a report.
- Contact the court directly to inquire about bail or fine payment.

GRF CLUB POLICY

Changes spark rumors, and here is the reality

by Kathy Thayer
assistant recreation manager

In September, the LW Weekly published an article on the changes impacting clubs under the new Policy 70-1203-1, Membership of Clubs, which became effective on Oct. 1. Since that time, much has happened, not the least of which is the circulation of rumors and misinformation that has caused misunderstanding within the community.

A petition was circulated asking to amend the policy regarding the requirements currently imposed on instructors who charge a fee. The policy requires the following compliance:

If a club uses an instructor who receives a fee or other remuneration, it needs to provide:

- A Seal Beach business license (state ordinance)
- Proof of Liability insurance
- A signed waiver of liability, holding GRF harmless
- Certification, where applicable, to teach the proposed class

GRF Executive Director Randy Ankeny has pointed out in various meetings that Laguna Woods was dropped by its insurance carrier last year due to liability claims. Laguna Woods residents are facing a substantial increase in premiums under a new carrier, which passed the cost on to residents. Walnut Creek was also impacted and one of its Mutuals will be paying the price. It is GRF's fiduciary responsibility to protect shareholder/members from this happening here by requiring instructors who make money with free overhead in our clubhouses to share in protecting shareholder/members by providing these safeguards.

The truth is that out of 32 clubs potentially affected by this policy, only four did not comply. Two of those chose to disband and two others are on hiatus while they seek new instructors.

Combining clubs has been another issue raised. While implementing the new policy disallowing duplicate clubs, the Recreation Department has endeavored to preserve as many reservations as possible. Three yoga clubs, for example, had a total of six classes a week. The policy states a club may have up to three reservations a week. With some creative planning, were able to combine the clubs into one and retain five classes keeping their same instructors.

One class we could not accommodate may be offered through a new collaboration with the North Orange Continuing Education program next semester. The class will be free to GRF members and taught by a certified yoga instructor, which would reinstate the Saturday class.

The four Red Hat clubs were incorporated into the Red Hat Society club, but all reservations remain intact. Members can choose to participate in each other's events or stay with their own group. Several smaller

LoJack used to recover LW truck; new privacy act in effect

by Cathie Merz
cathiem_news@lwsb.com

Ron Wooten, Mutual 3, reported that his full-size diesel truck was stolen from Canoe Brook Drive near his home on Jan. 30 or 31. He could not see where it was parked from his unit so he is not sure exactly what day it disappeared.

He called Seal Beach Police to report it stolen and before the report was completed and filed, the truck had been located in the City of Orange. The police located it using LoJack.

According to a 2016 FBI Uniform Crime Report over 7,000 vehicles are stolen in the U.S. each year and 90 percent of the vehicles equipped with LoJack are recovered.

LoJack is integrated with state and local law enforcement agencies that track missing vehicles on computers using a radio frequency given off by the LoJack device.

The police apprehended a female suspect, according to Wooten.

He said the grill had been painted black and the stereo was removed. The LW decal was removed from the windshield and the license plates and \$100 were missing.

"They had smoked and vaped.

You could die if you get in it," he said.

Wooten said the people who stole it were professionals and used a reader device to unlock the doors. A stack of credit card blanks were found in the cab by police.

A sweeping new California consumer privacy law went into effect on Jan. 1 that forces significant changes on companies that deal in personal data — and especially those operating in the digital space.

The California Privacy Act is described as "a landmark policy constituting the most stringent data protection regime in the United States." The impetus behind the law's passage came from major privacy scandals that include the Cambridge Analytica incident involving Facebook user data.

The law establishes a broad definition of "personal information," drawing in categories of data including a consumer's personal identifiers, geolocation, biometric data, Internet browsing history, psychometric data and inferences a company might make about the consumer.

The intentions of the Act are to provide California residents with the right to:

- Know what personal data is

being collected about them

- Know whether their personal data is sold or disclosed and to whom

- Say no to the sale of personal data

- Access their personal data
- Request a business to delete any personal information about a consumer collected from that consumer

- Not be discriminated against for exercising their privacy rights
- The law also prohibits companies from selling data related to children younger than 16 without consent.

The new law requires businesses to:

- Provide "Do Not Sell My Personal Information" links on business website home pages that direct users to a web page enabling them to opt out of the sale of their personal information.

- Designate methods for submitting data access requests, including, at a minimum, a toll-free telephone number.

- Disclose what data is collected, the purpose for which it is used, including whether the information is sold to third parties, the type of information and the types of third parties.

- Make sure consumers can access the information that the business holds about them and

Democratic Club

The LW Democratic Club Board has announced its list of six endorsed candidates for election in the upcoming Primary Election to represent the 72nd Assembly District on the Party's Orange County Central Committee.

In addition to its president, Mary Tromp, the list includes Louise Larsen, who has created content and uploaded daily correspondence across a variety of online platforms for the 72nd Assembly Democratic Alliance since 2017; incumbent Mark Anthony Paredes, who has served as a planning commissioner for Garden Grove and on the OC Transportation Authority Citizen Advisory Committee; current member of the Democratic State Central Committee Shayna Lathus; and longtime Democratic activists Michelle "Misha" Houser and Libby Frolichman, a frequent guest of the SBLW Democratic Club.

The Orange County Central Committee is the governing body of the County Democratic Party. It is comprised of local Democrats elected by voters in each Assembly District, as well as partisan-level elected officials and nominees. This committee, under the leadership of County Democratic Party Chair Ada Briceño, conducts the county party's general business, approves its budget, coordinates campaign activity and endorses candidates for local offices. Ada was named one of Orange County's 100 most influential people in 2018 and 2014 by the Orange County Register.

GOP Club

The Leisure World Republican Club meets at 7 p.m. on the third Wednesday of each month in Clubhouse 3 Room 2. All are welcome. Changes in California election law and OC Registrar of Voters regulations can be confusing, said LW Republican Club President David Harlow.

In an attempt to clarify election procedures, Harlow talked to OC election officials, GRF staff and representatives of the Election Integrity Project (California).

Election Integrity Project California is a non-partisan, non-profit, volunteer organization that has researched and observed California elections for more than eight years. Its goal is to provide citizen oversight to ensure that the state and its counties are complying with laws that protect the integrity of elections.

Ballots for the March 3 Primary Election will be mailed out Feb. 3. Neighborhood polling places are being eliminated and replaced by area Voting Centers and official Voter Drop Boxes throughout the county. There will be no Voting Center in LW, and according to election officials, no official Voter Drop Boxes are planned to be placed here either.

Voters who have difficulty getting around can vote by mail or give their ballots to someone they trust to deliver it to a Voter Center or the Registrar of Voters office. The ballot envelope must be signed by the voter. All Voter Centers can provide a ballot of any style, for example, a vote-by-mail ballot or a regular ballot.

A drop box will be provided by the Republican Club at its voter registration booth in front of Clubhouse 6. The booth will be open to receive ballots from people of either party or no party affiliation, as follows: on Mondays, Wednesdays and Fridays from 11 a.m.-2 p.m., Feb. 3-21; and every day from Feb. 23-March 3. Voted ballots received will be hand carried daily directly to the OC Voter Registrar's Office.

The Election Integrity Project advises that you should:

- vote in person if you can, because votes cast by mail risk the possibility of being rejected, if, for example, your signature on the envelope does not look like the one on your voter registration form on file;
- watch the calendar and your mail for your ballot and report it missing if it does not come in a reasonable time (someone else could use it to vote twice);
- safely store the ballot that is mailed to you (to avoid someone double-voting, as above):
 - any time from 11 days before election day and election day itself, go to the Voter Center and vote in person;
 - if you vote in person, destroy your absentee ballot so that some unscrupulous person does not use it to vote twice;
 - never give your ballot to someone that you do not trust.
- Election Integrity Project California is recommending to *not* mail your ballot because there is a risk that your ballot may not be counted based on past elections.

For more information on how to safely vote in Leisure World, call David Harlow at (562) 335-0779.

Fellowship group creates friendships

Having good friends can make a person’s life richer, but research now shows that friends may also increase a person’s longevity. In a 10-year longevity study of people aged 70 and older, researchers at the Centre for Ageing studies concluded that a network of good friends is more likely to increase longevity in older people even more than close family relationships.

Faith Christian Assembly wants to bring people together and foster new friendships through its faith fellowship group. Every Tuesday from 11 a.m.-2:30 p.m., Faith Fellowship meets for fellowship, games, food, worship and prayer. The meeting takes place in Faith Christian Assembly’s Garden Room and is directed by Dave and Sharron Thomas.

The midweek Bible study is taught by Pastor Sheri Leming on Wednesdays 11 a.m. in the Garden Room. The GriefShare will begin on Feb. 7 at 2 p.m.

Marina Tesla (l), who is presenting a basket of healthy whole-some food to this week's Top Loser of the week who had a four pound loss, Judy Chambers.

WA-RITE

Chambers is Top Loser

Judy got a wake up call from her doctor when she was told that her blood pressure was dangerously high. The news scared her enough to get serious about changing her lifestyle. Some of the changes that are most important in a diet and easy to do is to eat less salt and make healthier food choices. A diet is a big part of the battle, but getting a regimen to strengthen the body is also vital. She began strength building exercises to supplement her new diet and to reduce stress.

Wa-Rite members know that weight loss makes a huge difference in getting healthy, and we're all in this together.

Marina Tesla gave an informative presentation on the importance of fiber within the daily diet. Fiber helps maintain healthy cholesterol levels, lose weight, improve immunity, reduce risk of heart attack, diabetes and even cancer. The average person should get 35 grams of fiber each day. You can get fiber from fruits, vegetables, beans, nuts, seeds, grains and fiber supplements.

Food for Thought: Diets low in fiber lack bulk, which means you will keep feeling the need to eat more to feel full.

Wa-Rite is a support group of women needing to lose 10 pounds or more. Members meet on Fridays in Clubhouse 3, Room 1 from 9-10 a.m. Weighing is from 7:45-8:45 a.m. Annual dues are \$10. Members must be LW residents.

For questions and more information, call Carol Chambers, (562) 822-4641, or Bev Bender, 594-9148.

The Chair Class invites every shareholder to join the 9:30 class on Tuesday and Friday mornings in Clubhouse 1. This class is free and for all fitness levels.

OPTUMCARE AT THE HCC

New year, new benefits

By Carson Bloomquist
LW contributor

Health plans are always coming out with new benefits. These might include clinical care, like dental coverage, or non-clinical things, like gym memberships or transportation.

Whether you have a private plan, a Medicare Advantage plan, or a Medicare supplement, now is the time to review your annual benefits. This way you can make sure you're getting the most from your coverage.

Learning about all those benefits can be a bit overwhelming. Not sure where to start? Here are some tips:

Stop by the Health Care Center. Several health plans have representatives available to answer your questions and help you get the most from your benefits.

- Alignment: Wednesday, 8 a.m.-1 p.m.
- Anthem: Tuesday, 10 a.m.-12 p.m.; Thursday, 9 a.m.-12 p.m.
- Humana: Monday, 9 a.m.-1 p.m.
- SCAN: Monday, through Thursday, 9 a.m.-1 p.m.
- UnitedHealthcare: Tuesday and Thursday, 9 a.m.-12 p.m.

Look for materials in the mail. Health plans send out a lot of mail. Benefit updates are usually sent in September or October. If you stayed with your plan, you should have received something late last year. If you enrolled with a new plan, you should get a welcome packet sometime this month.

Call your plan or visit its site. Your benefits should be listed on the health plan's website. But sometimes a site can be difficult to navigate. Give your health plan a call if you need help. The phone number is on the back of your health plan ID card.

E-mail your Health & Fitness stories to chrisw@lwsb.com

CLUBHOUSE NEWS

Recreation reports missing supplies

by Kathy Thayer
assistant recreation manager

I know it's hard to believe, but we keep getting reports of equipment disappearing from the clubhouses, everything from silverware to pitchers, coffeemakers to microphones have gone missing almost as soon as we replenish our supplies.

I hate to see my assessment go up, especially for "shrinkage." I know it is frustrating to not have equipment available when your club needs it and the temptation to squirrel away what you use can be overwhelming.

But here's the reality: The Recreation Department budget has been cut \$80,000 for 2020, so we either have to take care of the equipment we already have or go without if the funds are not there to replace it.

Fair warning: We will give everyone a chance to check their lockers for items inadvertently stored in them that belong to GRF and return them to the clubhouse custodians and then we will start inspecting them within the next 15 days.

You do not need to be present unless you have not signed a new locker agreement and still have your own lock on your locker.

Sometimes newer club members are just trying to be helpful and don't realize the equipment isn't theirs, so we're not judging—we're just asking for everyone's help in locating our things, and we thank you for your cooperation.

Direct any questions you may have to kathyt@lwsb.com.

HOW TO CHOOSE YOUR EYE DOCTOR
(Keep this you might need this information)

Know about your doctor, what are his credentials, degrees, license and he is involved in on-going education . Is he reputable, can you always return to his office, does he offer hours that will be to your benefit if you need him?

It is critical that you receive a complete eye examination, properly fitted glasses and a safe contact lens fitting. Not every doctor provides proper fit evaluations. You are short-changed by a short examination and no follow-up visits to assure complete satisfaction and continuing health of your eyes. It is very important to have an extensive eye examination yearly. The inside of the eye is the only place inside the human body where you can see and study blood vessels as they function. Health problems can be determined and prevented early in yearly examinations. The advice of qualified staff is needed as to the type of frame that is compatible with your prescription. With many prescriptions some frames are not suitable and will cause discomfort, distortion and an appearance, which accents the vision problem. It is important to have a qualified person assisting you in the selection of frames.

At Beach Vision Center we believe the first concern is the health and visual comfort of our patients. Your vision is a precious gift. You should be concerned about it. We are. We offer old-fashioned quality care with respect for our patients needs. We look forward to serving you and your family.

Roberta Fox with a lemur in Madagascar

GARDEN CLUB

Orchids will be topic on Jan. 20 in CH 2

Roberta Fox will be the featured speaker at the Garden Club meeting at 1:30 p.m. on Jan. 20 in Clubhouse 2. She will talk about and demonstrate how to re-pot orchids. Fox began growing orchids nearly 25 years ago, when she received a Cymbidium plant from a co-worker. She went to the New Otani show that year and was completely captivated. She was so overwhelmed by so many varieties, she did not buy anything. That’s the last time that happened. She joined several societies, and one orchid followed another. As the collection increased in size and variety, the process of learning how to care for the plants led to an interest in their origins and relationships. She has been a co-chairperson for the Fascination of Orchids Show at South Coast Plaza for 20-plus years. Her current collection is about one-third hybrids. She has a small greenhouse, but nearly 90 percent of the orchids—around 1,800 at last count—live outside in her back yard, about five miles from the coast. She gravitates toward those orchids that can handle the Southern California temperature range because greenhouse space is very limited, but there is “always room for one more” in the yard. The WE CARE table will be in the lobby for donations of non-perishable food items, gift cards and cash.

South Coast Orchid Society

The South Coast Orchid Society, serving orchid hobbyists in Long Beach since 1950, begins a year-long celebration of its 70th anniversary with a program by Brandon Tam, curator of the orchid collections at The Huntington Botanic Gardens, on “Orchids at The Huntington: Past, Present, and Future.” The program will be from 7-9 p.m. on Monday, Jan. 27, at Whaley Park Community Center, 5620 E. Atherton St., Long Beach. The story of how orchids, once a very expensive hobby, became available in every grocery and hardware store, is a fascinating one, in which orchid clubs in Southern California, and The Huntington as well played major roles. The event is free and open to the public. Many orchids grown by members will be on display. For more information, contact southcoastorchidsociety@gmail.com.

AMATEUR RADIO CLUB

Club celebrates 40 years of service in Leisure World

The Amateur Radio Club is celebrating 40 years of service to Leisure World. Members, who are licensed by the FCC, are dedicated to providing emergency communications to help save lives and property in the event of a disaster or emergency in the community.

The club operates and maintains a well-equipped radio room, a communications van and radio equipment in the Security Office. Members are currently involved in a major project upgrading the antennas above the radio room in conjunction with an ongoing roofing project.

Most members have their own

amateur radio equipment, including hand-held radios, mobile radios on bikes, scooters, golf carts and in their vehicles. Radio drills are held six days a week. Associate members are not required to have FCC licenses but may operate low power "family radios" and assist in other duties.

In addition to emergency communications, the club encourages the hobby of ham radio operations based on Part 97.1 of the FCC regulations, which states that the purpose of amateur radio is "advancing skills in the technical and communications phases of radio art." Experienced club members

mentor new radio operators. Radios in the club's communications room are capable of reaching all around the world.

The club welcomes any resident who is a licensed FCC radio operator or who aspires to be a ham radio operator.

The club meets the first Wednesday of the month in Clubhouse 3, Room 9, at 10 a.m. (coffee at 9:30). All are welcome. A radio-related video followed by a speaker on amateur radio topics is on the agenda at most meetings. For more information, call the radio room at (562) 431-6586, ext. 409.

Y SERVICE CLUB

Triviamania returns on Feb. 15

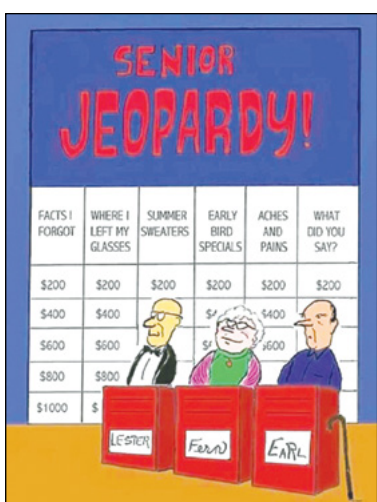

The Y Service Club (YSC) is sponsoring the first Triviamania game of 2020 on Saturday, Feb. 15, from 1-4 p.m. in Clubhouse 2.

Triviamania is a fun and exciting Jeopardy type quiz game designed for seniors. The YSC planning committee has come up with a whole new set of challenging questions on a variety of topics. Singles, couples and groups are all welcome to join and compete for cash prizes. The winning table will take home three times its buy in; second place two times its buy in; and third place receives the registration fee back. Proceeds are shared among all table members.

Buying tickets is now easier than ever. YSC members are experts in going to Leisure World homes to provide assistance, so they will make ticket purchases as convenient as possible by delivering them to homes. Tickets are \$10 each, payable by cash or check.

To arrange for purchase and home delivery, call Bill Denton at (562) 209-0816. Tickets can also be purchased at the door on Saturday, Feb. 15.

An increasing body of research shows that mental challenges, particularly when combined with socialization and

entertainment, are crucial ingredients for healthy aging. All are invited to enjoy an afternoon of laughs and brain exercises while meeting new friends. Proceeds from the event will help support YSC programs associated with the YMCA and Leisure World community projects.

The YSC provides assistance to Leisure World shareholders for taking out trash, hanging pictures, moving small pieces of furniture and other non-professional household tasks. To access services, look in the LW Weekly in the classified ad section under "Leisure World Helping Leisure World" for the numbers to call.

Where We Live Club looks at ways to improve personal space

The Where We Live Club meeting on Monday, Jan. 20, at 6:30 p.m. in Clubhouse 3, Room 3 will emphasize the need to take an overall look at the community environment and also to improve "where we live," literally.

Club founder Anne Seifert will answer "What is a community master plan?" She will provide history and lay the groundwork for the future February club meeting, which will more thoroughly address specifics. Large scale plans can be made for the community, and sub-plans to target specific projects.

In addition, Vice President Leslie Parker, an architect and environmental designer, will explain how to create a personal master plan for one's home — to create a supportive and pleasing living space. Many shareholders are in the midst of remodeling projects, or want to remodel, and others are looking for ways to eliminate possessions crowding their homes. Let's start with getting rid of "stuff!" Hear what

Leslie has to say about how to lighten personal space.

The new club secretary, Dorothy Kemeny, will be introduced. President Gregory Moore will return soon from his trip abroad. The club will present a potential agenda for the new year to highlight community planning and workshops on specific issues that affect living space.

All are invited to attend. Bring a beverage and a snack to share. To contact the club, email to wherewelcome@yahoo.com.

'Travel Cat' ends up back in So Cal

Ida Bruce, Mutual 7, and her cat Pepper traveled from Vista, California to LAX, where they boarded a plane. After Pepper's stomach settled, he fell asleep, and 16 hours later landed in Melbourne, Australia. He was quarantined for 10 days, then unhappily put onto another plane to the Sunshine Coast of Australia, where they would stay with Ida's daughter who had three dogs.

Pepper was not a "happy camper" there, so they flew back to the U.S. and some 18,000 miles later happily set up residence in Seal Beach Leisure World.

Ida Bruce and Pepper, the "Travel Cat"

Paws, Claws and Beaks has a new meeting schedule. The club meets on the third Wednesday of the month in Clubhouse 3, Room 9, at 4 p.m.

Gary Wood, a big guy who throws a power ball, led Pindilicious to a sweep over Mutual Busters, scoring 212 in his last game and 574 for the high series of the day that kept Pindilicious in first place. Elcisme also recorded a sweep over Very Striking. Ed Cisneros finished with a 191. Elcisme had the team high game score of 694. Teammates Sharon Van Otterloo had a 160 and Helen Sponsler, 157.

Phyl's Guy split with Charlie's Angels by winning the last big game and the second game by five pins. Phyllis Fairchild finished with a 169 and picked up a four way split as she caromed the six pin off nine and into the seven.

PICKLEBALL

Potter remains active in LW

One of the strongest female players on the court is also one of the friendliest. Meet Michelle Potter. She loves the game and advises new players to "keep your eye on the ball." She has an excellent serve, getting the ball way back to the opponent's service line.

Michelle, a Mutual 9 resident, has been active in and out of Leisure World for over 25 years. She was a pool attendant and caregiver for many years. Her background in sports is extensive, playing volleyball in high school, softball and water volleyball in Lakewood and pickleball at the Seal Beach courts on Lampson before pickleball became available in LW. She has been playing table tennis in Clubhouse 6 since the area first opened.

Michelle is the founder of Let the Good Times Roll, casually

Michelle Potter

known as the Doo Wop Club. She also brought water volleyball to the LW pool in 2012. She just started singing with the Good News Singers and is very active with other Christian ministries as well.

MEN'S MONDAY GOLF

McKusky and Stivers win first place

The Men's Monday Golf League played its first game of the year on Jan. 6 at the Riverdale Golf Club in Santa Ana. Nine men challenged this interesting 5,700-yard, par 70 course that meanders through, along and across the Santa Ana River. Many elevation changes and challenging greens make fairway position and second shots very demanding. The weather was clear and sunny and became a great day to be outside.

All scores are net (actual score minus handicap).

A Flight

First place, tie between Bill McKusky and Gary Stivers, par 70; second, Sam Choi, 71; third, Fujio Norihiro, 73; fourth, John Meyer,

POOL LEAGUE

The Hustlers win Pool League

Boon Buntra, Barry Chittem and Gary Poling of The Hustlers have officially won the Leisure World '19 Fall Pool League. The Hustlers had a season record of 88 wins and 61 losses. Dave Silva, Dave Makinder and Sandy Bird of The Favorites scored eight and four against the Hot Mess Express to finish in second place, only five games behind the Hustlers. Even if the Favorites had won all 12 games they would have still finished one game back.

The Three Amigos cooled off the Hot Shots 7-5 and finished in third place, only two games behind the Hustlers.

Next week the Pool League will finish the season with a sweepstakes match with each team playing every other team in eight-ball and nine-ball.

—David Silva

Chess Club Puzzle

The Persians were the first to introduce the concept of checkmate, warning your opponent when you are attacking his king. Players would shout "Shāh!", Persian for "king", when threatening their opponent's king. The idea was to prevent games from ending too early because of major oversights or lack of attention from an opponent.

This week's puzzle: This week's puzzle white moves first and for any answer by black, the white's next move is checkmate.

Chess partners are available

in Leisure World when the LW Chess Club meets from 1-6:30 p.m. on Fridays in Clubhouse 3, Room 7. Beginners are welcome for a free lesson.

MEN'S FRIDAY GOLF

Meripol and Norihiro conquer David L. Baker golf course

The Men's Friday Golf League played on Jan. 10 at the par 62, 3,800-yard David L. Baker Executive Golf Course in Fountain Valley. Seven men, one woman and two guests (Fred Edworthy and Gary Monahan) braved the chilly and damp start of the round and teed off at 7 a.m. By 10 a.m. the sun came out and took the edge off the cold. With plenty of water and small greens this golf club challenges everyone. This week's scores were very low due to the great condition of the course. The next Friday round will be at Meadowlark in Huntington Beach on Jan. 17.

A flight

First place, Fujio Norihiro, a sensational eight under par 54; second, Dave LaCascia, 5 under 57; third, Sam Choi, 58 plus two birdies; fourth, Gary Stivers, 59. Dave and Sam tied for fewest putts, 28.

B flight

First place, Liz Meripol, with an outstanding 11 under par 51, plus fewest putts, 35; second, tie between Lowell Goltra and Bill Zurn, 59; third, Bob Munn, 64.

Closest to the pin on the par three 100-yard third hole was Sam Choi.

Both the Monday and Friday Golf Clubs play at four local courses, all within 15 minutes of Leisure World, starting between 7-7:30 a.m., except holidays. The courses are David L. Baker in Fountain Valley, Meadowlark in Huntington Beach, Riverview and Willowick in Santa Ana. LW Men's Club membership is not required.

Ladies, friends, spouses and family are welcome. There is a prize pool for each round that players are not obligated to enter.

Prizes are awarded for low gross in each flight, two prizes for closest to the pin on par threes and a prize for the lowest number of putts. Holes-in-one, although infrequent, are generously rewarded. If interested, contact, Bill McKusky (562) 430-8618 or Gary Stivers, (714) 313-3697.

The Basic Rules of Sudoku:

- There is only one valid solution to each Sudoku puzzle. The only way the puzzle can be considered solved correctly is when all 81 boxes contain numbers and the other Sudoku rules have been followed.
- When you start a game of Sudoku, some blocks will be pre-filled for you. You cannot change these numbers in the course of the game.
- Each column must contain all of the numbers 1 through 9 and no two numbers in the same column of a Sudoku puzzle can be the same.
- Each row must contain all of the numbers 1 through 9 and no two numbers in the same row of a Sudoku puzzle can be the same.
- Each block must contain all of the numbers 1 through 9 and no two numbers in the same block of a Sudoku puzzle can be the same.

NOCE
from page 1

that no clubs would be supplanted by NOCE classes and that a test kitchen in Clubhouse 3 is in the works to accommodate future cooking courses.

Class dates will be announced as soon as scheduling details are finalized but the inaugural list includes courses in mature driving, foods and nutrition, Senior Topics: Technology-based Devices, painting, ceramics, yoga and Staying Mentally Sharp.

And the sky's the limit, said NOCE's Dennis Davino, director of the Lifeskills Education Advancement Program (LEAP)—Salsa dancing, drama, music arts, creative novel writing, brain health, creative arts—the list of possibilities is endless.

He then introduced the teachers, each of whom gave an overview of the class and his or her background.

Danielle Bloom who will teach Staying Mentally Sharp is new to NOCE and said the collaboration between LW and NOCE is “going to be wonderful.” She will cover techniques to build memory, solve problems and make decisions.

Dolly Linn's yoga class will help LWers stay flexible with breathing and gentle stretching.

Yelena Hyatt-Somolina will conduct a “no-pressure, flexible” art class that will focus on helping students find their unique style: “No one is judging. I'm there to help you.”

“There is no limit to the number of classes that can be taught here,” Davino said. “The world is our oyster.”

Classes need a minimum of 22 students to be viable, but 25-27 would be ideal, said Perrotti, urging residents to sign up for the free classes once registration opens. People can be of any age, so, for example, residents who need help could ask younger family

members, friends or caregivers to take a class with them.

Start dates will be announced soon; two-hour classes will run for a 12-week term. Classes will be held in clubhouses 3 and 4.

For more information, call the LW Library at 598-2431, ext. 433.

CLUBS
from page 3

bridge clubs came under one umbrella but also retained their reservations, with the exception of a group of four that decided to disband. Our pinochle clubs also joined together, again with no loss of reservations.

Rumors regarding church clubs continue to surface. The policy did change the status of churches that have their own facilities. Although they can no longer retain their GRF club status, they can reserve a clubhouse as an outside organization at a reasonable rate.

Another issue causing contention was Sunday bingo in Clubhouse 2, which had been hosted by four different clubs. In researching California law with respect to bingo, a new policy was adopted to ensure GRF compliance. Two of the former bingo clubs were unable to prove a legal status. Another club was an offshoot of an onsite church that no longer qualifies as a club. The new policy states that to conduct a bingo club, an organization must be a 501(c) 3 or otherwise legal nonprofit that agrees that all net profits collected will be donated to charitable organizations within LWSB to directly benefit shareholder/members. Three organizations have now been approved and the bingo games will continue, uninterrupted.

It is true that some clubs have been disbanded. These have been small groups of four to eight that previously had private rooms with storage with excessive reservations while other shareholder/members were denied space or the ability to start a new club. They are still able to meet and enjoy their activities, whether at the card room in Clubhouse 2, the Hospitality area of Clubhouse 6, or the new card section in Clubhouse 1. Clubhouse lobbies, when not booked, are open to all residents, as well.

There is more work to be done and more clubs to be vetted and, in some cases, combined. We will seek to do this as fairly and painlessly as possible. Our goal is to preserve as many leisure activities as possible for as many Leisure Worlders as possible with as little disruption as possible. We hope GRF members will work with us to make this happen and that residents would check with the source before embracing rumors and gossip that only serve to hurt our community.
