COMMUNITY UNITY

**GOLDEN AGE FOUNDATION**

**Staying Mobile: What to do when equipment needs to be repaired**

by John Hlavac  
LW contributor

Anything mechanical will eventually need adjustment or repair. The Leisure World community has many mobility aids in circulation. If you have a problem with yours, it's smart to have it taken care of before it becomes a problem that could lead to injury to you.

The Golden Age Foundation provides repair services for mobility aids. Some repairs are quick and easy, just taking a few minutes. But some require replacement parts and a lot more work. The problem is no one knows if *your* problem is easy or hard.

So if you're looking to get a repair done, it's best to assume the worst and hope for the best. Emergency repairs simply are not offered.

Repairs take both tools and parts, so repairs are never performed at the resident's unit. Because repairs can take a week or more, you'll be offered a loaner to use in the interim. Repairs to equipment loaned by the Golden Age Foundation are always free of charge. Repairs to privately-owned mobility aids are also done free of charge unless special parts are required, then you'll be expected to pay for the necessary parts.

To arrange for a repair, leave a message at the Golden Age Foundation's voicemail box at (562) 431-9589. This is also the number to call to request or return a mobility aid, which include walkers and wheelchairs.

**LW BLOOD DRIVE**

**Sign up to give blood on Oct. 16 at HCC**

A Leisure World Blood Drive will be held Oct. 16 from 9 a.m.-3 p.m. at the Health Care Center. Call Lisa Love, (909) 282-6685, at the American Red Cross for an appointment. All donations will be tested for COVID-19 antibodies. See page 19 for more information.

PLEASE DO NOT LITTER

Please place used gloves and face masks in refuse bins. Now more than ever it is critical that we properly dispose of used hygienic supplies in the trash.

NORTH GATE ROAD

This 20-foot deep excavation on North Gate Road was dug to install a new sewer line across the 405 Freeway. The job is related to the Orange County Transportation Authority's 405 Freeway Improvement Project, which is also overseeing the future removal of the sound wall next to the construction site on North Gate Road. Unexpected soil conditions have brought the project to a halt as engineers work to find a solution. North Gate Road will be closed to the public until early next year.

North Gate Road will be closed until early next year

North Gate Road is expected to remain closed until early next year for the safety of drivers, pedestrians and cyclists.

Part of the work on North Gate Road includes installing a sewer line under the freeway.

While drilling for the new line, crews encountered unexpected soil conditions and groundwater, which require additional engineering and planning to address. Once a solution is reached, construction of the sewer line will resume.

The Orange County Transportation Authority, in coordination with the city of Seal Beach, reviewed options for temporarily allowing traffic on North Gate Road. However, all options posed safety concerns because of the current construction zone, which includes a 20-foot-deep excavation area to install the new sewer line.

It is expected that the additional work required to test and analyze the soil and

develop a solution to address the soil conditions and groundwater will take approximately three months. While OCTA will work to accelerate this schedule, the sewer line is expected to be completed, and North Gate Road reopened, in early 2021.

This work is part of the \$1.9 billion I-405 Improvement Project, which will add one regular lane in each direction of I-405 between Euclid Street and I-605,

**OC VOTE**

**Oct. 30 Pop-Up Vote Center will offer voter registration**

The Golden Rain Foundation, in conjunction with the Orange County Registrar of Voters, has arranged for a one-day onsite Pop-Up Vote Center on Friday, Oct. 30. The Vote Center, scheduled for voters who prefer to vote in person, will be located at the circle between clubhouses 3 and 4. The center will be open between 8 a.m.-5 p.m.

This option offers the following services without having to leave the community:

- Voter registration
- Secure Vote-By-Mail ballot drop-off
- Accessible voting
- In-person voting
- Replacement ballots
- Voter assistance

OC Registrar of Voters Neal Kelley says, "My team and I are committed to ensuring that voting and elections are conducted in an open and transparent manner with integrity that increases the public's trust and confidence in elections in Orange County. Through pop-up voting, voting opportunities will be available at locations that are familiar to voters and in areas that benefit from an additional in-person voting location."

In addition to the Ballot Drop-Box option located at the Amphitheater bus hub, residents, employees, contractors, and any Orange County voter who is onsite that day can utilize the

The pop-up Vote Center will be here Oct. 30.

**Ballot Drop Box Opens Oct. 5**

The Ballot Drop Box at the Amphitheater bus hub will be opened on Monday, Oct. 5. Ballots will be picked up every other day from Oct. 5-25 and then daily from Oct. 24-Nov. 3. The schedule may increase to daily pickups earlier depending on the volume of ballots deposited in the box.

On Election Day, Tuesday, Nov. 3, two county employees will be at the Ballot Drop Box in the late afternoon/early evening to assist with traffic flow and lock the ballot mail slots at 8 p.m. or after the last voter.

GOLDEN AGE FOUNDATION

Mask project distributes thousands to LW and beyond

The Golden Age Foundation will soon wrap up a project to provide masks to people who need them in every Mutual. Masks are an important weapon in the fight against COVID-19.

On April 30, GAF Board held a virtual meeting to approve a project to produce face masks with the help of volunteers. The GAF organized a team of people willing to sew, cut fabric and distribute masks.

“Our community has warm hearts to give for others,” said GAF President Anna Derby, who spearheaded the effort. “We had over 55 volunteers respond.”

Diana Harrison and Anna Derby co-coordinated the project, which ultimately yielded thousands of face masks from the volunteers.

In the five months since the project began, the GAF has sponsored two major mask give-aways at Veterans Plaza and delivered masks to more than 200 shareholders who could not wait in line to get them but needed them.

Masks were also donated to the CERT group, Pathways for its volunteers to make sure they were protected and lastly, to 16 Mutual leaders for homebound neighbors.

With thousands of masks already delivered, the remaining inventory is designated to be given to Mutu-als for distribution.

Mutual leaders who know of a need for masks can contact Anna Derby, (562) 301-5339.

The Golden Age Foundation

In wrapping up the GAF face mask project, GAF President Anna Derby handed over 100 washable, handmade masks to Mutual 6 Board Director Lynn Baidack. They were distributed at an earthquake preparedness event Sept. 28.

would like to thank all the mask-making volunteers for their time and their compassionate hearts: “This has been the most success-

ful project in recent years,” said Anna.

For more information, contact Anna Derby at (562) 301-5339.

From the Security Services Director

Keeping the Peace during Election Season

This election season has been very high-spirited, and some residents possess strong opinions about candidates and other items on the ballot.

Everyone is entitled to free speech. This includes the right to place signs and banners of support for candidates (within Mutual and GRF rules) and other lawful actions to support their candidates or cause.

Unfortunately, there have been incidents inside the community that include destroying signs and banners or yelling threats and other derogatory terms at other residents for supporting or not supporting a specific group of candidates.

The Security Department takes these incidents seriously and will report all significant threats and vandalism immediately to the Seal Beach Police Department. Please respect your neighbors.

— Victor Rocha, GRF Security Services Director

This segment of I-405 is one of the most heavily traveled stretches of highway in the nation, and drivers routinely face severe congestion in both the regular lanes and carpool lanes. The project will accommodate expected employment, population and housing growth throughout the region.

PAVING PROJECT

The 2020 Trust Street Paving project will run through October. Grind and overlay projects are ongoing around LW. Drivers should obey construction zone signs, speed limits and flagmen during construction.

FITNESS CENTER

The project is in the final stages with finishing touches underway in the dedicated fitness areas. There will be a flex-and-stretch zone, a free weight area, two strength circuits, plus a “smart”

group fitness room.

The smart upgrades include an Echelon Smart Connect Fitness Mirror, the latest in fitness technology that looks just like an average mirror but provides an interactive workout experience through the device.

Exercisers can view their reflections on screen as a virtual

trainer guides them to ensure proper form and technique. **THE LEARNING CENTER/ KITCHEN**

Work continues on the demonstration kitchen in Clubhouse 3. Tile is being installed on walls and skylights are in. The demonstration kitchen will host cooking classes and provide a dining space where residents can cook for themselves and host parties.

The Learning Center is largely complete. The classroom has cutting edge computer stations, audio-visual equipment and assistive listening devices, a “smart” board and two 80-inch monitors to augment lecture sessions.

## Letters to the Editor

**Editor:**  
I thought I was ready to vote in the Nov. 3rd election.

I was wrong.  
I have lived at the same address in LW, since 2008. I have been registered to vote at my LW address since 2008. I have voted in almost every election, including the last primary, since 2008.

I was surprised when I received a green postcard from the Registrar of Voters which stated, "According to the information we have received, the address where you live OR where you receive mail has changed to the address printed on the attached card."

Who gave the Orange County Registrar of Voters the information that my address had changed?

It was my address on the green postcard, but Del Monte was spelled DELMONTE. I mistakenly thought that it was just a minor change in formatting, signed the postcard to confirm my address and mailed it in. Then I noticed other errors: no DR after DELMONTE and CA was printed twice.

I went to [vote.org](#) and both the address as printed on the green postcard and the address as printed on my voter registration ID card bring up my registration information. It appears that I am registered to vote at two addresses.

This is what you need to do, if you are registered to vote in OC, regardless of whether you receive a green postcard in the mail. Go to [ocvote.com](#) and confirm that the address on file with the Registrar of Voters is correct. Or call (714)567-7600.

Are you an artist? Are you an art lover? Are you interested in seeing the work of the artists living in Leisure World? Well, the program for displaying art in Clubhouse 3 is in danger of being discontinued. All the art and hanging devices were removed as part of the renovation and painting of Clubhouse 3, and it now appears that the GRF Recreation Committee has made a decision to replace that ongoing program, available 24 hours a day, seven days a week, with a few one-day art shows a year.

I say "appears" as I have not been able to find any reference to discontinuing of this program on an agenda or in any minutes. It was never brought to the full GRF Board.

How do you feel about GRF committees making decisions on major programs without community input or a GRF Board vote?

If this is an issue of interest to you, please contact your GRF

representative and let them know that when Clubhouse 3 opens again you want them to continue the Clubhouse 3 Art Gallery displaying the art and photos of the artists of Leisure World as it has for many, many years.

Recently a friend took me to brunch at an outdoor restaurant. The place was very organized with tables and chairs distanced, and waiters and waitress wearing masks. The wait staff checked to make sure everyone was wearing masks before seating them.

It was fun socializing in a group, exchanging news.

There was an atmosphere of courtesy and politeness, with people waving hands to greet each other.

We had fun feasting on a nutritious and tasty meal. Everyone was enthusiastically socializing and being safe at the same time.

## Credits & Kudos

*Credits & Kudos must include the writer's name and mutual, and will be edited for brevity. Mention of a business or service is not an endorsement or recommendation by the LW Weekly or Golden Rain Foundation.*

• LWer Bob Berry sends kudos to Mutual 16 residents for allowing the popular band Terry Otte and Abilene to rehearse in their mutual. More than 100 people turned out to enjoy the rehearsal.

• LWer Pat Kogok recently felt the urge to plant flowers in the box in front of her apartment that had contained only dirt for several weeks. "My first mistake, I left my emergency button that I *always* wear and my cell phone safely inside. My second mistake was kneeling on a pillow that was soft for my knees. After a short time of planting, my knees refused to help me stand up. I struggled mightily and eventually managed to roll over onto my back, and there I stayed. A dear neighbor walked by and tried to help, but I was dead weight. This could have been interesting to observe—a new exercise perhaps?? Finally five neighbors came to my rescue and got me on feet (it took all of them, and I am not a big lady). My brain sometimes neglects to remind my body that I'm an old lady and must accept my physical limitations. Thank you Jesus for sending these neighbor angels to my rescue. I am so blessed to live in this caring community. In the future I will plant Dollar Tree flowers. Feel free to poke one in the planter box with mine.

## Scam Alert—'Phishing' Schemes on Rise

A Mutual 11 resident checked in recently to caution her fellow Yahoo email user residents not to fall for a phishing scam using Yahoo.

"Watch out for this, it really looked authentic," said Susan Shaver. She got a colorful, legitimate-looking email telling her that she would no longer be able to access her Yahoo account and after a certain date unless she clicked on a provided link to verify her email. That verification required logging in and using her password.

"I noticed that there was a parenthesis at the beginning of the sentence, but not at end. There was a capital 'V' for verify in the middle of sentence. The return email was from someone at [@frontier.com](#).

"So I actually called Yahoo to see if it was a valid email and they said *no*, delete it," and she did.

Since 2013, criminals have been targeting users of the popular email platform with professional-looking messages claiming to be from Yahoo.

The emails, which include an official Yahoo logo but do not mention a source address, also have the user's correct first name, which

Church music offers this prayer, “I cast all my cares upon you; I lay all of my burdens down at your feet. And anytime I don’t know what to do, I cast all my cares upon you.”

The words echo a Bible promise, “Casting all your cares upon him, for he cares for you” (1 Peter 5:7). Psalms prophecies the suffering savior inviting us to the Father’s throne, “Cast your burden on the Lord and he will sustain you. He will never allow the righteous to be shaken” (Psalm 55:22). Jesus speaks from experience. He knew privation, pain, and premature aging. Church poets in every age encourage us with our Lord’s example. One writes, “No one understands like Jesus/He’s a Friend beyond compare/Meet Him at the throne of mercy/He is waiting for You there.”

Another says, “If the world from you withhold of its silver and its gold/ And you have to get along with meager fare/Just remember in his Word/How he feeds the little bird/Take your burden to the Lord and leave it there.

“If your body suffers pain, and your health you can’t regain/ And your soul is almost sinking in despair/Jesus knows the pain you feel; he can save and he can heal/Take your burden to the Lord and leave it there.

“When your youthful days are gone, and old age is stealing on/ And your body bends beneath the weight of care/He will never leave you then, he’ll go with you to the end/Take your burden to the Lord and leave it there.

“No one understands like Jesus/When the days are dark and grim/ No one is so near, so dear as Jesus/Cast Your every care on Him.”

Community Church is celebrating holy Communion, the Lord’s Supper, Eucharist this week. The ritual has many names and almost as many different understandings. Whatever name or understanding you have for it, you are welcome to come receive the elements at 1 p.m. in front of the church. The elements are sealed cups with juice and a wafer. I will be leading liturgy every 15 minutes from 1–2 p.m. to keep the crowd size small. Wear a mask and maintain distance. There will not be chairs so either bring a walker with a seat or plan to stand for a few minutes. Because the elements are already blessed, you may also take elements to share with friends and neighbors.

On Sunday morning the church will move from the Gospels to the Epistles. Epistles are letters written by people to specific communities in various places. This week, we are looking at Paul’s letter to the Christians in Philippi in Greece. We will be looking at Paul’s words in relation to something we are all enduring at the moment — Adaptive Change. Someone who won the lottery never says, “no thanks, I like things just as they are.” As

## Redeemer Lutheran & St. Theodore’s

By **Lisa Rotchford**  
*Reverend*

Oct. 4 is a special day to thank God for all creation. St. Francis’ Feast day gives us a chance to be reminded of the work and wisdom of this 12th century saint whose life and ministry embodied a connectedness to God through creation. There are many quotes attributed to a personable man like Francis, but his words on how to be faithful to God is my personal favorite, “Love Him totally, who gave himself totally for your love.”

Francis roamed the Italian countryside proclaiming God’s goodness in creation and Christ’s love for all in creation. He purportedly preached to the birds, the woodland creatures, and the human followers who heard God’s enduring message of love through Francis’ way of being united to God in all things. God is united with us from our creation until eternity. He encourages us to remember this, “Cast your cares upon the Lord, and your faith will sustain you.”

Come and cast your cares upon God in worship at the Redeemer Lutheran and St. Theodore’s Episcopal churches (13564 St. Andrew’s Drive). In honor of St. Francis, this week at 9 a.m. there be a special opportunity to have your animals blessed. You may bring your pet with you. or bring a picture of a beloved pet if that pet is more comfortable at home (or has gone to be at home with the Lord). For those wanting to worship outside, there is drive-up/walk-up Communion out in front of the church on the northeast side of the church from 9:30–10:15 a.m. There will be a traditional 30-minute worship service with organ music, prayers and Communion for those who would like to attend service inside at 10:30 a.m.

God so loves his creation, that no matter what cares we have in this world — and our world seems to have a lot of cares at the moment — God will sustain us. By looking at creation — how God feeds the smallest of the animals, sustains our plants with refreshing rains, gives us warmth on cold winter days, and breezes that cool hot summer days — we can feel closest to God by simply looking and living in God’s world. I think Francis was a fan of the epistle of James: “Draw near to God, and he will draw near to you.” Or to paraphrase: Live into creation as you are a beloved, created being of God.

## First Christian

By Bruce Humes  
Pastor

The 100th Psalm is a psalm (a poem set to music) of thanksgiving. Verse 1 begins with “Make a joyful shout to the Lord, all you lands (literally means all the earth). We see three things in this first verse, how we are to worship (with a joyful shout); who we are to worship; (the Lord); and who is to worship (all the Earth).

The second verse continues this thought, “Serve the Lord with gladness; Come (gather) before his presence with singing.” This verse gives further instruction on what our attitude should look like when we come together to worship the Lord; with gladness and with singing. Coming together should be a time of great joy, with gladness of heart and singing.

Verse 3 says, “Know that the Lord, he is God; It is he who made us, and not we ourselves; we are his people and the sheep of his pasture.” When we come to the knowledge of who God is, our creator, our maker, who formed us in the womb, breathed life into us, and we realize that he desires reconciliation and a relationship with us, we should have no problem with coming together to worship him with a joyful shout, with gladness of heart and singing.

But the greatest joy and purpose for our worship is knowing that we are his people, the sheep of his pasture. So, if we are his people what should we do? Verse 4 tells us, “Enter into his gates with thanksgiving, and his courts with praise. Be thankful to him, and bless his name.”

We praise and worship his name because there is no other name under heaven given among men for salvation. He is our Lord, our God our creator, and our shepherd, the only one who is deserving of our worship, praise and honor, the only one we bow to in adoration and worship. Verse 5 tells us that, “The Lord is good; his mercy is everlasting, and his truth endures to all generations.”

the duplication of DVDs. The packet handed out each week includes a bulletin and a song sheet so people can participate in the service from home. Pastor Sam is also on Facebook every Sunday at 10 a.m. to share a devotion.

While reading Matthew 8:23-26 the theme presented itself as “Resting or Resisting.” The trained fishermen found themselves in a terrible storm. The same storm that brought panic to the disciples put Jesus to sleep. We can’t predict or prevent most storms from coming into our life, but we can put our faith and trust in God. His rest is a profound peace that he gives to those who love and obey him, regardless of the circumstances.

Our trust in God often only goes to a certain point, then we turn back to panic stricken prayers (verse 26). Disciples knew they had missed the mark again. See Hebrews 4:1, “Therefore, since the promise of entering his rest still stands, let us be careful that none of you be found to have fallen short of it.” It’s when a crisis arises that we instantly reveal upon whom we rely. Complete and utter joy in Jesus comes by remaining absolutely confident in him.

## Church of Jesus Christ of Latter Day Saints

By Jim Greer  
LW contributor

Twice a year, the Church of Jesus Christ of Latter-day Saints convenes its semi-annual General Conference. The first of these conferences was held on June 9, 1830, shortly after the Church’s formal organization. Only 27 members were present at that first gathering. But on Oct. 3–4, as many as 16 million Latter-Day Saints worldwide will watch or listen in dozens of languages via television, Internet stream, or radio.

Since that first conference, the gatherings have been celebrations of prayer and hope. Church leaders share inspiring sermons, and when combined with The Tabernacle Choir and Orchestra at Temple Square, hope and peace are showered on all who participate.

On March 28, earlier this year, President and Prophet Russell M. Nelson declared, “During trying times, few things are as reassuring and comforting as truth. Amid the gloomy darkness of a troubled world, the light of Jesus Christ shines ever brighter. He can speak truth to our hearts and minds as we seek Him and learn to hear Him.”

Earlier this year, the April conference sessions celebrated the 200th anniversary of Joseph Smith’s first vision. On that day in Palmyra, New York, Joseph knelt and uttered his first spoken prayer. As many of us feel today, Joseph felt the weight of his worries. He sought God’s peace as he expressed concern for his soul and spiritual salvation. He sought to know which church was indeed the Church of Jesus Christ. Joseph’s prayer was answered with the appearance of Jesus Christ and God the Father, who said, “this is my beloved son, hear him!”

The First Vision marked the beginning of the restoration of the Gospel of Jesus Christ in this, the last dispensation. Over time, the Lord restored his authority and church through Joseph Smith. This event marked the restoration of revelation through living prophets. And today, revelation continues through inspired men and women who speak the words of Christ at every General Conference.

In times of darkness and uncertainty, we all crave light and clarity. Our souls need the nourishment of light and truth. Without spiritual nourishment, we can easily forget that God knows and loves each of us. God speaks to us in many ways every day. If we listen, we can hear his voice despite our challenges.

Society has many sources of truth and light, and we value them all. That is why we join with all seekers of truth in their search for hope and peace. As we worship together, the healing power of the Holy Spirit can infuse each of us with the courage and optimism we need to move forward in hope.

We know we are not alone during this pandemic, nor are we without inspired leadership. God continues to speak to us, and through living prophets and personal revelation, we are guided through life’s challenges.

Tune in to all the sessions of General Conference online at <https://newsroom.churchofjesuschrist.org>.

In the United States cribbage is played by more than 10 million people, principally across the northern states from New England to the Pacific, and the game has remained popular in Canada as well.

## ALL ABOUT CRIBBAGE

## LW Cribbage Clubs feature players of all ages; newcomers welcome

by **Dave LaCascia**  
*LW contributor*

Cribbage, or crib, is a card game traditionally for two players, but commonly played with three or four, that involves playing and grouping cards in combinations which gain points. In the Leisure World club, several members having been playing for over 20 years and dozens, for 10 years or more. There are also a handful of 90-plus year olds who play quite competitively. New members are always welcome at all games and can receive basic instructions if you do not know how to play or would like to brush up. Membership is restricted to Golden Rain members.

### In Leisure World

- The Leisure World Cribbage club normally plays every Tuesday at noon in Clubhouse 1. At this time, the club has been playing continuously since 1964. However, with the COVID issues, the club has not met since early March.
- The club currently has 100-plus dues paying members and about 60 actively play each week. This is great way to gather and socialize with fun people plus get mentally stimulated.
- Many members celebrate their birthdays or anniversaries with the club. The member may provide cake, cookies, and/or ice cream to share with the other players.
- The club generally provides a luncheon 2 or 3 times a year for special occasions.

### Cribbage History

Cribbage was invented in the early 1600s by Sir John Suckling, an English courtier, poet, gamester and gambler. Travels throughout Europe helped to broaden Sir John's repertoire, and he was regarded as the foremost card player of his time. In 1630, he was knighted by the King, but fell from grace several years later. Cribbage derives from the earlier game of Noddy. Cribbage is extremely popular in the United States with many cribbage leagues and clubs in existence, and it is the only game that you can play in an English pub for money.

### Objective

Each member plays seven games with a different partner at each table and the objective is to be the first team to get 121 points in each game. In the Leisure World club, if a player on any team wins all seven games (121 x 7 = 847 points), the player gets a star on his or her ID badge and is mentioned in the weekly article in the LW paper. As of today, the individual with the highest number of stars is Sandra de Dubovay with 24. Sandra has been playing for 10-plus years. Additionally, you also get mentioned if you lose all 7 games. The oldest and longest playing member is Mary Greytak.

The game has relatively few rules yet yields endless subtleties during play. A game may be decided by only a few points—or even a single point. Some interesting statistics:

- There are 12,994,800 possible hands in Cribbage.
- One in almost 13 hands scores zero points.
- The highest score for one hand is 29. Odds of this happening are 1 in 3,248,700 hands.
- The second highest score is 28 or 1 in about 171,00 hands.
- The third highest score is 24 or 1 in 3,531 hands.
- A 19-point hand is impossible to achieve. So, the phrase “Nine-teen” has come to mean a hand of zero value.
- Once a team reaches 121 points the other team does not get to play even if they can score enough [points to win].

Current President Patti Smith has led the club for several years with the help of able board members Gene and Margaret Smith, Bobbie Straley and Terry Thrift. Each of them hopes for an end to this pandemic so everyone can get back to playing and reuniting with old friends.

## Golf League Results

### Monday Golf Scores

The Men's Monday Golf League played on Sept. 21 at the Willowick Golf Course in Santa Ana. Eight men challenged the par 71, 6000-yard 18-hole course. The long and water-hazard-free course has wide fairways and long par threes coupled with calculated positioning of sand traps.

This makes it challenging to all levels of golfers. A cool and damp start to the morning became a lovely day. Surprisingly, the improved course condition and the sunny weather on the back nine only yielded two birdies and two rounds under or at par. There were no closest-to-the-pin awards either.

Masks are required at the pro shop and while waiting to tee off. The snack bar was closed, and there is no outdoor seating. No masks are required on the putting greens, driving range or the course itself. The golfers are all respectful of each other's personal space and social distancing is observed. Golf carts are single person only unless you are from the same household.

All scores are net (actual score minus handicap). A Flight handicaps range from 0-20; B flight, higher than 20.

### A Flight Winners:

First Place: Gene Vesely, 2 under 69 plus a birdie; second: tie between Dave LaCascia and Bill McKusky, 1 over 72; third: Fujio Norihiro; fifth: Sam Choi. Bill also had a birdie, and Fujio had fewest putts.

### B Flight Winners:

First Place: Bob Munn, even par 71; second: Tom Ross and fewest putts; third: Marv Ballard.

### Friday Golf Scores

The Men's Friday Golf played at Meadowlark Golf Course in Huntington Beach on Sept. 25.

Eight men and one woman agreed to take the course challenge on the picturesque par 70, 5800-yard course.

Interestingly, using a GPS, the course as walked by one of the players was measured at 4.35 miles or 7600 yards probably because few of the golfers hit the ball straight down the middle every time and walks between greens and the next tees are not accounted for in the course yardage.

The weather was overcast and humid but not damp. The sun came out around mid-back-nine and then warmed up nicely. Of course, the ever-present wind ramps up late morning and the last few holes were challenging. With tree-lined fairways, accurate drives were required. Frequent elevation changes and elevated greens made club selection particularly important. The grounds were in good condition, but there were only two under-par rounds and only 4 birdies.

Masks are required at the pro and coffee shop and while waiting to tee off. No masks are required on the putting greens, driving range or course. Golfers are all respectful of each other's personal space and social distancing is observed. There are no shoe or

OLLI

## Feel Great Again class will start virtually on Oct. 7

Leisure World resident Holly Weber will teach Feel Great Again: Understand and Maximize Your Brain Bio-chemicals through the Osher Lifelong Learning Institute (OLLI) at California State University, Long Beach. The six-week class will be given via Zoom on Wednesdays from 10-11:30 a.m. from Oct. 7-Nov. 18.

Using the research of Dr. Eric Braverman and others, class members will study the four brain types to uncover the relationship between foods, moods and illnesses. It has been proven that individuals have a dominant

brain bio-chemical. Each student will discover his or her dominant biochemical and learn to support their unique brain type with the right foods and natural supplementation.

### Autumn (Pantoum Form)

A big orange Jack-O-lantern smiles from my window  
Crisp brown magnolia leaves crunch under foot  
Smoke drifts from a neighbor's chimney  
Savory smells from the oven promise a feast.

Crisp brown Magnolia leaves crunch underfoot  
Summer is dying and the air is brisk and nippy.  
Savory smells from the oven Promise a feast  
Leaves on the Red Plum Tree blush and quiver.

Summer is dying and the air is brisk and nippy  
Autumn colors are rich and warm  
Leaves of the Red Plum Tree blush and quake  
Yellow and Rust colored Mums bloom on the doorstep.

Autumn's colors are rich and warm  
Smoke drifts from a neighbor's chimney  
Yellow and Rust colored Mums bloom at the doorstep

## Anne Stone is this week’s speaker

Anne Stone from The League of Women Voters will speak at the next Sunshine Club Zoom meeting on Oct. 2. To join the Zoom meeting, use the link <https://us02web.zoom.us/j/88355201570> The meeting ID is 883 5520 1570.

Those who would like to get the Zoom link by email can text their email address to (562) 301-5339. All shareholders are welcome to join the Zoom meeting.

Stone’s presentation will explain how Orange County determined the Vote Center Model and how each voter will be able to exercise their voting rights. She will discuss voting by mail, voting centers, and mail drop boxes. The presentation will have opportunities for questions.

Although there has been a lot of publicity about voting, the majority of potential voters do not know about the changes due to COVID-19. Even those that do know about Voting Centers have questions about how it all works. The club hopes the presentation will help answer questions and can refer anyone to the correct source for any questions it cannot answer.

The League of Women Voters will provide a presentation on the 12 propositions that will be on the California ballot, a brief overview of registration and voting in Orange County, and information about Voter’s Edge, the ballot look-up tool. The presentation will not cover local propositions, just those that are statewide. The initiative process was created 100 years ago so California citizens would not have to rely only on lawmakers to make new laws. Propositions can create new laws, change or repeal existing laws, change the State Constitution and approve a bond measure.

The League of Women Voters does not support or oppose candidates or political parties. It encourages informed and active participation in government and works to increase understanding of major public policy issues and influence public policy through education.

LW BIRTHDAY

# Hui O Hula dancers help celebrate Faye’s 91st

Faye Summers of Mutual 2 was overwhelmed by the birthday celebration put on by her caregiver, Maddy Branco, for her 91st birthday at her home on Sept. 23. Fourteen neighbors and friends gathered on the lawn for a surprise gift of the Hui O Hula dancers and Hawaiian music. Faye joined in from her chair to the song, “He’s Got The Whole World In His Hands.”

Faye was born in Chattanooga, Tennessee. Mutual 2 has been her home for 22 years. She devoted 10 years to the Leisure World Garden club as the monthly decorations and refreshment chairman. Also near and dear to her heart, she served as the We Care charity foundation chairperson, which the Garden club supported. Faye relishes her many birthday cards, flowers, balloon bouquets, especially the love that comes from reaching 91 years in this historic pandemic year.

Celebrate your birthday with us!

## Republican Club

By Brian Harmon  
LW contributor

The LW Republican club has announced its recommendations for the coming Nov. 3 elections.

- President: Donald Trump
- Congress: Michelle Steel
- Assembly: Janet Nguyen
- SB City Council: Thomas Moore

As if voting on propositions were not difficult enough, even the titles of ballot measures and the descriptions are often misleading. The LW Republican Club has looked over each proposition in the upcoming election and created a list of recommendations that line up with Republican values and beliefs. Below are some of the following propositions that will show up on LWer’s ballots along with the club’s opinion on each.

**Proposition 14-** NO. State funding of stem cell research began with a \$3.3 billion in 2004, after federal funding was terminated. Federal was restored in 2009. This measure will cost \$7.8 Billion, including interest. The state is still paying \$327 million per year on the money that was borrowed in 2004. The Republi-

can believes this is unaffordable.

**Proposition 15-** NO. This proposition will repeal Proposition 13 as it applies to industrial and commercial property, with some exceptions. Proposition 13, passed overwhelmingly by voters in 1978, sets property tax assessments at 1 percent of sales price plus a maximum 2 percent increase per year. The Republican Club believes that Prop 15 will raise property taxes on business properties, raise prices, increase unemployment and drive businesses from the state.

**Proposition 17-** NO. This initiative will allow the 40,000 people who are on parole to vote in all elections. Since these individuals are still paying for their crimes against society. The Republican Club believes that voting privileges should start when parole ends, not when it begins.

**Proposition 18-** NO. Since brain scientists are in agreement that the decision-making part of the brain (the pre-frontal cortex) is not fully developed until about age 25, why do we want to provide voting rights to 17-year-olds?

**Proposition 20-** YES. Supported by police officer associations, this measure would undo

some of the damage done by Proposition 47, approved in 2014, which allowed many people who committed non-violent crimes to be released.

**Proposition 21-** NO. Rent control is one of the very few issues on which virtually all economists agree. Most believe that rent control tends to decrease the supply of housing by discouraging the building of new housing and maintenance of existing units.

**Proposition 22-** YES. In spite of its title, this proposition increases benefits to ride share drivers as well as allowing them to remain as independent contractors. The business model of app-driven ride share companies requires that drivers be independent contractors, rather than regular employees. As such, they are difficult, if not impossible, to unionize. This makes them logical targets for powerful Sacramento lawmakers. The Republican believes that the failure of this measure to pass will increase unemployment and make it much more difficult for those who must, or want to, use ride share services.

**Proposition 24-** NO. While we all agree that personal privacy rights should be protected, this

## DEMOCRATIC CLUB

# Club preps for upcoming election

By Mary Larson  
LW contributor

California Controller Betty Yee

After productive discussions via Zoom and email in September, LW’s Democratic Club Board issued their recommendations on the propositions that will appear on the upcoming General Election ballots.

During the meeting, issues centering around several of the propositions received special attention. Recognizing the importance of California’s most significant property tax change in decades, the Board unanimously voted to support the adoption of Prop 15. This proposition would require that certain commercial and industrial properties be taxed on their current value, rather than their original purchase price. It will not affect residential properties.

One of the Democratic Club’s favorite speakers, California’s Controller Betty Yee, wrote in the Sept. 11 issue of CalMatters that Prop. 15’s benefits can serve as an anchor for a statewide small business recovery strategy. Yee points out that studies show that the most expensive 10 percent of California’s properties will account for 92 percent of the proposition’s anticipated added revenue.

Yee’s office, along with local assessors and the Board of Equalization on which she formerly served, will be charged with implementing Prop. 15. Based upon her experiences, she is convinced that the professionals in California’s assessors’ offices can implement Prop. 15 efficiently and uniformly. Working together, they will ensure that California’s big corporate properties are assessed at fair market value – like they are in nearly every other state in the nation.

For more information on the individual propositions, call (562) 296-8521.

On another matter, the SBLW Democratic Club wants to make it clear that none of its endorsed candidates - from Joe Biden for President, to Harley Rouda for Congress, to Diedre Nguyen for the Assembly, to Carole Damoci for Seal Beach City Council – support wholesale defunding of police departments. Republican and Democratic candidates alike, however, do support meaningful police reform.

Window signs supporting the following candidates are available by calling (562) 596-0450 or (562) 296-8521:

- Joe Biden/Kamala Harris, candidates for president and vice-president
- 48th District Congressman Harley Rouda, candidate for reelection to the House of Representatives;
- Garden Grove Councilwoman Diedre Nguyen, candidate for CA Assembly District 72;
- Paurvi Trivedi, candidate for Los Alamitos Unified School District Board Area 2.

Residents are encouraged to register online at [OCvote.com](https://ocvote.com). Volunteers stand ready to assist anyone having problems registering for the first time, changing their address or registering to a different party. Call (562) 412-0898, (562) 596-0450, or (562) 296-8521 or email [lwsbdemocraticclub@gmail.com](mailto:lwsbdemocraticclub@gmail.com).

If you are a registered Democrat or a supporter and want to know more about the club’s efforts between now and Nov. 3, you can subscribe to our electronic newsletter at no cost by emailing Mary Larson at [mlarson.telfords@gmail.com](mailto:mlarson.telfords@gmail.com) or by calling (562) 296-8521 with your contact information.

proposition will add new restrictions that will hurt small businesses and benefit large corporations that can afford to meet its requirements.

**Proposition 25- NO.** This measure is an attempt to remedy the problem of poor people having to go to jail because they cannot afford to post bail. A sliding scale based on income would be more fair. Instead, this law would eliminate bail for low income people. Unfortunately, that will result in many lawbreakers never showing up for trial and not having to pay for their crimes.

....

Voter registration has reached a new milestone as President David Harlow announced that 202 people have registered to vote this year at the Republican Club booth. Sales at the Monday booth are way up, averaging about \$700 per day. Sale of merchandise is planned to end the last day of September.

The club is also raffling off a wall-size, framed picture of a jail-house built in 1878 in Bodie, California, a gold mining ghost town near the Nevada border. The unique photograph was donated by Jim Yoshioka, who was born in a Japanese internment camp during World War II. His auto-biography titled “I am the Clay, He is the Potter,” is available on Amazon. All profits will go to the LW Republican club.

Every Monday, Wednesday and Friday at noon, volunteers at the GOP club booth continue to give away face masks donated by Chairwoman of the OC Board of Supervisors and Congressional candidate Michelle Steel, as well as campaign signs for Republican candidates including Michelle Steel and Seal Beach City Councilman Tom Moore, who represents most of LW.

The booth is located in the parking lot near Clubhouse 6, where the food trucks can be found later in the day.

## GOLDEN AGE FOUNDATION

### Ralph’s Reward Program can now be completed over the phone

Since March 16, the LW community has been asked to stay home and practice social distancing due to the COVID-19 virus. It made cooking from home an essential way of life and now there’s a bigger need for grocery shopping than before for each household. While many shareholders spend a lot of money on groceries, there’s a way to help to donate to GAF while grocery shopping.

One of the ways that people can help GAF is through the Ralph’s Community Rewards Program. Sign up on [www.ralphs.com](http://www.ralphs.com). People will need their Ralph’s Rewards Card number to register or the phone number associated with the account.

Those who don’t have access to the Internet can sign up by phone registration. Ralph’s Rewards registration number is (800) 443-4438. Be sure to let them know the GAF non-profit organization (NPO) number with Ralph’s is FS 519.

This is a great opportunity for residents to help GAF as it works to enrich the lives of other Leisure World residents. Just by signing up and doing their normal grocery shopping at Ralph’s, LWers can help GAF obtain a portion of these funds at no additional cost.

For more information, call Anna Derby at (562) 301-5339.

### William E. Erickson 1923-2020

William E. Erickson of Mutual 4 died on September 20 at the age of 96. He was born in Minnesota in 1923. When he was 17, his family moved to California and he became a lifelong resident of the Golden State.

He proudly served in the Army Air Corp during World War II. Afterwards as a civilian, he enjoyed piloting his personal planes for many years.

William moved to Leisure World in 1995, where he was an active member of the community, serving on his mutual’s board, and tending his mini-garden.

William was known for taking discarded wood and building supplies, and turning them into beautifully finished, functional items such as furniture, frames, instrument cases, and toys. When his grandchildren were young, they always looked forward to receiving gifts from “The Junkman.”

He is survived by his wife, Betty Currie, his three sons, Mike, Daniel, and Tim, along with five grandchildren, and two great grandchildren. A kind man with a quiet and wry sense of humor, he will be missed. William’s family and friends will remember him with loving

fondness and gratitude for having had him in their lives.

### Lola White 1933– 2020

Lola White, 86, a resident of Mutual 4 for 20 years, went to be with the Lord on Sept. 22. She was with her husband and eldest daughter until the end.

Lola was born on Nov. 22, 1933 to Martin and Charlotte Mosher in Los Angeles. She grew up in Eagle Rock, where she met the love of her life, Stu White. They were married June 19, 1953 and recently celebrated 67 years of a happy and loving marriage.

Lola was a great wife and homemaker for Stu and a wonderful mother to three daughters, Lori Garcia (Steven) of South Pasadena, California; Jenn Ballard (Mark) of Union, Ohio and Jill Smith (Philip) of Eugene, Oregon. She had the gift of hospitality and loved to entertain others. She was very active as a Christian Women’s Leader, Bible teacher, was involved in Bible studies and was a mentor to young mothers. She loved to travel and planned and organized many trips for the family and friends, visiting Europe, Central America, the Caribbean and Asia. She was also proud to have reached her goal of visiting every U.S. state capital.

Besides her husband and daughters, she leaves behind four grandsons, four granddaughters,

and two great granddaughters. Her memorial service will be held at Cornerstone Church, Long Beach on Saturday, Nov. 14 at 10 a.m.

## SUNSHINE CLUB

### From page 11

While the presentation will have two slides on the Vote Centers, the primary focus will be on the propositions and information on what a ‘yes’ and a ‘no’ vote means, the impact of the proposition and who is for and who is against. Each proposition will be talked about in detail so that the audience can feel prepared to make an informed decision based off their own belief system.

Anne Stone has been a member of the League of Women Voters for several years. She has presented on pros and cons in past years and on the Orange County Vote Centers this past year. She is the co-membership chair of the Orange Coast Chapter.

The next four speakers for the month of October will be business and life coach Bob Dabic on Oct. 9, Alice West of Reinvent Your Space will be the speaker on the 16th, Seal Beach Police Officer Jon Ainley will be the speaker on the 23rd; and Vice President of Outreach & Advocacy, Alzheimer’s Orange County Patty Mount, will be the speaker on Oct. 30 .

The topic of each guest speaker’s presentation will be announced L.W Weekly with detail of meeting announcement and link information to join.

The Sunshine Club often has LW leaders come to meetings to introduce their organizations to the group. It also invites a wide variety of specialists from outside to share their experiences and ideas with club members. The club always welcomes new people.

## It's that time of the year again: Influenza season

By CJ Blomquist  
Optumcare

It has been a tough and unpredictable year, but if there is one constant, its flu season. And that season is just around the corner. With everything going on, getting a flu shot is particularly important this year.

There are a lot of questions about the flu shot. Here are some we hear the most:

**I'm healthy. I don't need a flu shot.**

Being healthy is all the more reason to get a flu shot. If you get the virus, you may not have many symptoms. But you can still spread it to others. The flu doesn't just protect you; it also protects your loved ones.

**I got sick last time I had the flu shot.**

No one wants to get sick. And the flu shot can't make you sick. It really comes down to timing. It takes up to two weeks for the flu shot to take effect. If you are exposed to the virus shortly after getting the shot, you could still end up with the flu.

This year it's more important than ever to make an appointment so that you can get your flu shot early.

**I never leave home. Why should I bother with the flu shot?**

These days we're getting everything delivered to us, groceries, takeout, medications, and more. We wear masks in public and we keep our distance from others. And we're being extra cautious by spending time with loved ones through virtual calls. Even with all these precautions, it doesn't take much for the flu virus to spread. Consider the flu shot an extra dose of protection – and pat yourself on the back for being so cautious!

**I don't believe in vaccinating myself.**

Despite all the science, there are some doubts about vaccines. If you aren't sure, check with your doctor. If you're totally against vaccines, that's your decision. But you are creating a risk for those around you. Viruses don't care about personal beliefs. All it needs is a host to spread to other people.

**I'm terrified of needles!**

So is this writer! But I still get my flu shot each year. How? I let the clinician know that I have a fear of needles. I look away and focus on my happy place. And before I know it, the whole thing is over. Facing a fear of needles

is tough, but it is worth it to help keep others safe.

**I don't know where to get a flu shot.**

There are more and more places offering flu shots this year. Your doctor's office, the local pharmacy, even community organizations. If you aren't sure where to go, give your primary doctor a call. That's usually the best place to start.

**I saw something on**

**Facebook about vaccines being unsafe.**

Facebook is a fun way to connect with other people. It can also be a spreader of incorrect information. If you're not sure if the flu shot is right for you, ask your doctor. They know your medical history and can help you make the right choice for your needs.

**I have a lot of health**

**conditions. Is the flu shot safe for me?**

The flu can make other conditions, like diabetes and heart disease, much worse. Protecting yourself against the flu means managing your current conditions. It also means talking to your doctor. That may not be the answer you want to hear, but your doctor really does know best.

guide them as they study his word. Midweek Bible Study will meet in the Main Sanctuary every Wednesday at 11 a.m.

Out of an abundance of caution, for all who attend services/events at Faith Christian Assembly, we will be taking your temperature at the door, and you will be asked to wear a mask especially before and after service, and sit socially distant from others. If you are ill, we ask that you stay home.

Due to COVID-19, Faith Christian Assembly is not having all of its regular ministries at this time, but will resume as soon as possible. The midweek Bible study taught by Pastor Sheri Leming is on Wednesdays at 11 a.m. in the Garden Room. Grief Share will meet on Fridays at 2 p.m. starting Sept. 18.

To receive a free newsletter and for more information on the church, call (562) 598-9010 or visit [www.FCAchurch.net](http://www.FCAchurch.net).

### FIRST CHRISTIAN

**From page 13**

Verses 1-3 tell us that we worship God because he is our creator, and in verses 4-5 we see that the Lord is good, and his mercy (kindness, favor) lasts forever. We worship him for his goodness, mercy, kindness, faithfulness, trustworthiness, knowing that his truth is what endures forever. When I think of these things, John 3:16 comes to mind, “For God so loved the world that he gave his only begotten son, that whoever believes in him should not perish, but have everlasting life.” This verse exhibits all the goodness, mercy, grace, faithfulness, trustworthiness, and truth of God which certainly requires all our praise and worship not only when we come together, but when we rise, and when we sleep.

For information on service times, call the church office at (562) 431-8810.

### FLU SHOT

**From page 17**

They can listen to your concerns and help you come up with ways to stay safe.

**Is it safe to get the flu shot during the pandemic?**

COVID-19 and influenza? What a scary time! You can do your part to be safe – and keep others safe – by getting your flu shot. It’s especially important this year, since these are both respiratory viruses. The flu vaccine doesn’t protect against COVID-19, but it’s a way to keep yourself protected from another dangerous virus.

**Is it safe to get a flu shot and a COVID-19 vaccine?**

Right now we don’t have a vaccine for COVID-19. It’s going to take some time to develop one. But the flu shot can protect you against most strains of the flu virus. To be safe this season, wear a mask in public, keep your distance, stay home as much as you can, and get your flu shot.

### HCC

## Red Cross Blood Drive Oct. 16

**Grecia Nunez**  
*Senior ambassador, Health Care Center*

Pandemic or not, there is still a need for blood donations. These donations serve patients in critical need, such as those in surgery or in need of a transfusion. Each quarter, the HCC hosts the American Red Cross blood drive. The next drive is coming up on Friday, Oct. 16, from 9 a.m. - 3 p.m.

- **Appointment required.** It used to be easy to walk in and donate blood, but now we need to take a few extra precautions to keep you, our neighbors, and the Red Cross employees safe. This year, we are asking that everyone make an appointment to donate. This lets us limit the number of people in the room at a time. It also means no one will be kept waiting. You’ll be in, out, and on your way quickly! The reservation line is at the end of this article.
- **Standard precautions apply.** You know the drill: a face mask or covering is required. This is for everyone’s safety, including yours. To help make it easier, we’re also leaving the doors to Conference Room 1 open. This way you don’t need to go through the entire clinic. You can walk right in for your appointment.

There are some new safety protocols with COVID-19 as well:

- **Antibody testing.** The Red Cross will now test each donor’s blood to see if it has antibodies to the virus. As a reminder, not everyone with COVID-19 has symptoms. That makes antibody testing an important new feature of the blood drive. If your donation is negative for antibodies, it can be used for patients in need. The Red Cross will send you the test results through their online portal. There is no cost to you for the testing.

You can schedule your Red Cross donation appointment by calling Lisa Love at the Red Cross at (909) 282-6685 or by scheduling through the website and fill out the paperwork at [RedCrossBlood.org/RapidPass](http://RedCrossBlood.org/RapidPass). Entire sponsor code “leisure.”

The Basic Rules of Sudoku:  
• There is only one valid solution to each Sudoku puzzle. The only way the puzzle can be considered solved correctly is when all 81 boxes contain numbers and the other Sudoku rules have been followed.  
• When you start a game of Sudoku, some blocks will be pre-filled for you. You cannot change these numbers in the course of the game.  
• Each column must contain all of the numbers 1 through 9 and no two numbers in the same column of a Sudoku puzzle can be the same.  
• Each row must contain all of the numbers 1 through 9 and no two numbers in the same row of a Sudoku puzzle can be the same.  
• Each block must contain all of the numbers 1 through 9 and no two numbers in the same block of a Sudoku puzzle can be the same.

“My purchase of a property in Leisure World with Carol was a great experience from the initial contact to the final closing. Carol was patient, accommodating and helpful to my sensitive situation. She was readily available on very short notice and very beneficial in obtaining the best price for my extremely needed quick purchase. I would most definitely recommend Carol as it was my pleasure doing business with her.”
