THANKSGIVING is not canceled

Giving thanks in the face of the unimaginable

2020 has been a year of unbridled sacrifice as COVID-19 has ripped through the country, tearing apart families, traditions and the very foundations of day-to-day life.

Yet, amid the grave emergency that has gripped American life, there have been glimmers of good—compassionate kindness, determination to see it through, and courage to embrace new ways to protect yourself and others.

Thanksgiving is just weeks away. As this unprecedented year winds to a close, it is time to take stock of the blessings and victories, all the things you are grateful for.

The LW Weekly is planning a special Thanksgiving issue to highlight the brighter facets of 2020. Weekly readers are invited to share a lesson learned, an act of kindness, an encouragement or anything that they are grateful for.

Submissions should be brief.

They are subject to editing and will run as space allows.

Email submissions to rutho_news@lwsb.com, include full name and Mutual number.

The deadline is Nov. 18.

MONARCHS IN MUTUAL 2

Christine Harris (right) and Mutual 2 President Peggy Keller at the new monarch waystation. It provides the monarch butterfly with the necessary resources it needs during breeding and migration seasons. The beautiful byway is located on Monterey Road by Building 14, along the Westminster wall. LW residents are invited to check out the garden, a project that has been in the works since last year.

Mutual 2 has LW's first certified Monarch Waystation

by Christine Harris
Mutual 2 Landscape Chair

On Aug. 30, Mutual 2 became the first mutual in Leisure World to have an official, registered and certified Monarch Waystation—that's a habitat providing the necessary resources for monarchs during their breeding and migration seasons. The beautiful byway located on Monterey Road by Building 14 along the Westminster wall was certified by MonarchWatch.org.

Each fall, hundreds of millions of monarch butterflies migrate from the United States and Canada to mountains in central Mexico where they wait out the winter until conditions favor a return flight in the spring. The monarch migration is one of the world's greatest natural wonders yet it is threatened by habitat loss at overwintering grounds in Mexico and throughout breeding areas in the United States and Canada. MonarchWatch works to create places that provide resources necessary to produce successive generations of monarchs

The garden is filled with Mexican bush sage and other plants attractive to birds and butterflies.

2020 OC VOTE

Official Ballot Boxes, Pop-Up Vote Center offer LW residents a variety of options

Recently, there have been inquiries and complaints regarding ballot collection inside Leisure World Seal Beach, causing confusion as to what the legal voting options are for residents.

In order to dispel rumor and misinformation, the Recreation Department contacted the Orange County Registrar of Voters for clarification. To vote in the community, here are your options:

- Mail your ballot via USPS.
- Use the official Ballot Drop Box, located near the bus hub at the Amphitheater.
- Vote in person on Oct. 30 at the Orange County Registrar's Pop-up Vote Center at the circle between clubhouses 3 and 4.
- Vote in person at Fire Station 48 or the Los Alamitos Senior Center Oct. 3-Nov. 3.
- Ask someone else to mail, deposit in the drop box or hand deliver

VOTE, page 23

OC Vote Center Lead Espie Martinez is monitoring the official ballot box in LW. As of Oct. 19, the Orange County Registrar's Office has received 311,676 ballots from voters, a 28-percent increase over the same time period in 2016.

Drug Take Back Day is Oct. 24

Bring expired prescriptions to Main Gate from 10-2 p.m.

On Saturday, Oct. 24, from 10 a.m.-2 p.m., the Seal Beach Police and the Drug Enforcement Administration (DEA) will give the public its 19th opportunity in nine years to prevent pill abuse and theft by ridding their homes of potentially dangerous expired, unused, and unwanted prescription drugs.

Bring your pills for disposal to Leisure World's Security building at the main gate. (The DEA cannot accept liquids, needles or sharps, only pills or patches.)

The service is free and anonymous, no questions asked.

Last April, Americans turned in over 468 tons (over 937,000 pounds) of prescription drugs at more than 5,000 sites operated by the DEA and more than 3,800 of its state and local law enforcement partners.

Overall, in its 17 previous Take Back events, DEA and its partners have taken in over 11,816,393 pounds—more than 3,000 tons—of pills.

This initiative addresses a vital public safety and public health issue. Medicines that languish in home cabinets are highly susceptible to diversion, misuse, and abuse.

Rates of prescription drug abuse in the U.S. are high, as are the number of accidental poisonings and overdoses due to these drugs.

Studies show that a majority of abused prescription drugs are obtained from family and friends,

including from the home medicine cabinet.

In addition, the usual methods for disposing of unused medicines—flushing them down the toilet or throwing them in the trash—pose potential safety and health hazards.

For more information about the disposal of prescription drugs or about the Oct. 24 Take Back Day event, go to the DEA website at http://www.deadiversion.usdoj.gov/drug_disposal/index.html

Directions for shareholders:

- **Driving:** Stay on the left exit lane on Golden Rain Road and make a left turn onto the driveway between the Security building and the LW Globe. After dropping off your unused medications you will make a left turn to re-enter the community.

- **Walking:** You may take the Minibus, walk or ride your bicycle to the Main gate, walk outside to the OCTA bus waiting area.

For your privacy a Department of Justice officer will be onsite to ensure your medical container with personal information is not touched once deposited in the recycling receptacle which is then incinerated complete with drugs and containers.

Ad Hoc Committee drafting reopening procedures, rules

The COVID-19 Ad Hoc Committee has been hard at work, drafting emergency operating procedures to continue safely reopening the amenities that everyone has missed during the shut down.

At its Oct. 2 meeting, the committee approved the 120-day emergency procedures for the Phase 1 reopening of the Fitness Center and moved to send them to the board for approval at the Oct. 27 meeting. Once approved, the GRF Board can determine a target date for reopening the Fitness Center, contingent upon hiring and training the necessary staff.

Also approved and sent to the Board is the Phase 1 reopening of the Amphitheater, exclusively for religious services. In addition, a policy governing mandatory face masks and a general COVID-19 Emergency Operational Rule were passed to the board for approval and ratification.

The committee has just approved procedures for reopening LW craft rooms and the sewing room, and expanding Veterans Plaza reservations under Phase 2 to include vocal club gatherings and smaller religious services. Also just approved and being sent to the GRF Board are emergency operational procedures for the woodshops and pool rooms, as

SAFETY

Cooking is the leading cause of home fires and fire injuries, according to the Orange County Fire Authority (OCFA). Ninety percent of all structure fires in Orange County occur in the kitchen, and seniors are especially at risk. The death rate for people over the age of 65 is twice the national average, and it nearly triples for those over the age of 75.

Between 2010 and 2015, Leisure World was averaging more than one significant fire a year. In that period, at least seven fires were damaging enough to displace shareholders, most of them attributed to unattended stovetop cooking, improper storage of combustibles or smoking, according to news reports.

Among the most notable:

- In April 2010, OCFA responded to a structure fire in Mutual 9. That fire was contained to one unit.
- In June 2013, fire broke out in Mutual 7, and two units were red-tagged.
- In October 2014, two residents were displaced after fire broke out in a Mutual 3 building.
- In March 2015, an apartment fire in the 1600 block of Northwood Road in Mutual 11 displaced five people and damaged six units, fire officials said.
- On July 16, 2015, an oven fire caused the brief evacuation of Building 278 on Del Monte Road.
- On Sept. 25, 2015, firefighters were called to Building 218 on Foxburg Road in Mutual 9 in response to a report of smoke in the attic. Five units were damaged.
- On Sept. 26, 2015, a stovetop fire displaced a resident of Mutual 14.

Between 2004-2009, there were 31 accidental fires in Leisure World, which resulted in two deaths, two injuries and \$1.6 million in property damage, according to news reports at the time. Notable among those fires was one caused by smoking in Mutual 8. The devastating fire broke out Feb. 17, 2009; the building was a total loss.

Since 2015, the rate of fires has sharply declined as more Mutu- als have installed safety features, such as SmartBurners, a cooking system that electronically controls energy to burners. In 2015, the Orange County Fire Authority also began offering residential fire safety devices—a smoke alarm for the hearing impaired and a stovetop fire suppressor—free of charge to Leisure World residents. A fire safety grant funded the project.

SmartBurners are available for purchase as a special order through Service Maintenance.

For information, call 431-6586, ext. 369.

Also available for sale is an automatic stovetop fire suppressor that attaches directly above the stove and drops fire suppressing powder onto the burners if flames activate the unit.

The GRF Purchasing Department sells Auto-Out, which replaced the brand FireStop.

For more information on these and other fire prevention aids, call the Purchasing Department at 431-6586, ext. 306 or 308.

and sustain their migration routes.

The Mutual 2 butterfly garden is one of 31,000 habitats registered by Monarch Watch across the U.S. The LW project has been in the works since last year. Under President Peggy Keller's leadership, it became reality in April 2020.

This was a true community project: Jose Anguiano from J&J Landscaping dug the ground, installed sprinklers and planted 34 small plants. The initial design consisted of five boulders, milkweed in the center, two concentric circles of lantana and Mexican heather, four Buddleia, also called butterfly bushes, and two Mexican sages in opposing corners. Gradually, more plants were added: sunflowers (grown from seeds), black-eyed Susans, mandevillas and cassias, donated by Debbie Cobb, Dave Mueller and Barbara Berget (from Mutual 8). Mueller also added a beautifully scalloped edge.

Sunflowers are a nectar bar for butterflies and hummingbirds. The garden is designed to attract different types of butterflies: swallowtails, sulphurs, monarchs, queens, painted ladies, mourning cloaks and skippers.

The milkweed is growing fast, and gardeners hope it will be ready for the monarchs when they return because their caterpillars have a ravenous appetite. Each will eat one big leaf per hour. When they are fully grown, caterpillars will sometimes wander far away from their host plant to pupate.

Milkweed was planted in the center of the garden to discourage them from crawling onto the grass and dying.

Leisure World residents who want to raise monarch caterpillars should remember:

- Caterpillars sometimes die for no apparent reason, but most often it is from poisoning (milkweed plants that have been treated with pesticides by the wholesaler).

- Pesticides, whether they are organic or not, are deadly for insects.

- Caterpillars and chrysalises can be infected by tachinid flies. Little white threads will hang down from the chrysalis; infected caterpillars should be destroyed, as the flies lay eggs in chrysalises and maggots will emerge once the host has died.

- Milkweed plants can get infested with aphids. These are little orange spongy critters with black legs that suck the plant dry. In so doing, they compete with caterpillars for food. If you see them on plants, remove them because they have an incredibly high rate of reproduction.

Everyone is welcome to come and visit this little piece of wilderness by Building 14, close to the Westminster wall. You will love it.

well as well as the LW Library and the Friends of the Library Bookstore.

These procedures now must be approved and ratified by the GRF Board. The action request has been added to the agenda for the Oct. 27 meeting.

This does not mean that these venues will all be opened at any time in the near future. It does mean that that once each venue is approved, staffed where necessary, and protocols are in place, Recreation will begin to open facilities in keeping with COVID restrictions in time frames approved by GRF.

Once the board has approved the policies and start dates have been determined, rules will be published in the LW Weekly. For more information on these specific policies, contact kathyt@lwsb.com.

GRF projects are underway around the community despite slow-downs attributed to COVID-19. This column will update residents on the progress of various construction projects. The information is provided by GRF Facilities Director Mark Weaver and Physical Property Manager David Rudge.

LW POOL

Physical Property staff shares the community's frustrations on the delays associated with the building of a new pool and spa. The project was originally planned as a renovation, but as underlying foundational defects were uncovered, it quickly became a complete replacement requiring extensive new plans that must be compliant to all new codes.

That complication was compounded by the COVID-19 crisis, which has heavily impacted response times, even with major

utilities. For example:

- GRF gave the go-ahead to Southern California Edison in February for the addition of an electric panel at the 1.8-acre Mini Farm site and the relocation of the lake power pump from the pool equipment room to the golf course. SCE engineering has finally set up a time this month to complete the work.

- GRF provided notification to Southern California Gas on moving the gas meter at the pool in March (a vital part of the pool

Perspectives

We Have Only to Persevere to Conquer

by **Jim Greer**
LW contributor

In the early months of 1940, Hitler had invaded much of western Europe. On May 10, he invaded Belgium, Luxembourg, the Netherlands and France. It was then that England stood alone against Nazi Germany,

and Winston Churchill was her newly elected prime minister. These days were known as “The Darkest Hour.”

Academy Award-winning actor Gary Oldman masterfully portrayed Churchill in the film of the same name. In one of the most inspiring scenes, Churchill uncharacteristically ducks into

the London underground to ride from St. James’ Park to Westminster. The passengers, astounded to be sharing a rail car with the prime minister, are asked by Churchill, “British people, what is your mood?” to which one man replied, “Some say it’s a lost cause.” “Lost causes are the only ones worth fighting for!” said Winston. “What if I put it to you all that we might, if we ask nicely, get very favorable terms from Mr. Hitler if we enter into a peace deal with him right now?” “Never!” replied the group in unison. Turning to a young girl sitting with her mother, the prime minister asked, “You will never give up?” “No, never!” she exclaimed defiantly.

That same week, in his first speech before the House of Commons, Churchill declared that “I have nothing to offer but blood, toil, tears and sweat.” He then promised the world that the British people would “never surrender.”

We have before us today equally threatening enemies, a pandemic, economic uncertainty, political and social unrest. We fight these foes together every day, as the Britons did, with blood, toil, tears and sweat. We do not fight these foes with fists, but with joined hands. Or, as Victor Hugo declared, “In joined hands, there is still some token of hope; in the clinched fist, none.”

Our tokens of hope include civility, kindness, social distancing, the wearing of face masks, and washing our hands. This may appear to be America’s darkest hour, but shall we surrender? Never!

Just as Operation Dynamo saved 338,226 Allied troops from the Germans at Dunkirk, we must band together to tirelessly protect our loved ones and our neighbors. As Churchill declared, “Whatever the cost may be, we shall fight on the beaches, we shall fight on the landing grounds, we shall fight in the fields and in the streets, we shall fight in the hills; we shall never surrender!”

Surrender is giving in to fear. Surrender is accepting conspiracy theories as facts. Surrender is denying evidence presented by the most competent medical and disease-control authorities.

Over a year after his stirring speech to Parliament, Churchill addressed his boyhood school,

Hiring a Caregiver in LW, Part 2

by **Cindy Tostado**
member resources/assistance liaison

Last week (Part 1, Oct. 15, LW Weekly), my column considered when it might be time to consider hiring a caregiver. This week, we will take a look at how to hire a caregiver in Leisure World. Policy 7557 states that your employed caregiver be registered to your Mutual. The specific requirements vary from mutual to mutual.

The Shareholder is responsible for registering the caregiver to their unit. Requirements for Caregiver Registration are:

- Caregiver’s picture ID.
- Doctor’s note stipulating whether full- or part-time care is needed.
- City of Seal Beach business license.

Mutuals 8, 11 and 17 must have a Seal Beach business license.

Mutuals 2, 3, 4, 5, 6, 7, 9, 10, 12 and 14 should have a Seal Beach business license but it is not required.

Mutuals 1, 15 and 16 do not require a business license.

Caregiver Pass and Badge

- The pass must be renewed every six months (December and June).
- The pass must be worn in clear sight at all times.
- Passes or badge holders may not be transferred or lent to anyone.

Use of Laundry Facilities

- Caregivers must comply with Policy 7575, Laundry Room Use.
- Part-time caregivers may use laundry facilities for shareholder’s laundry only. Part-time caregivers who use Mutual laundry facilities for their personal or family use will be permanently barred from Leisure World.

• Caregivers who are 24-hour live-ins may use washers and dryers for their personal use but may not use the washers and dryers for other family members or friends.

- Washers and dryers are to be cleaned after every use.
- Only two washers and dryers may be used at a time.
- Washed items are not allowed to be hung on patios.
- No items soiled with human waste may be placed.

General Requirements

- Caregiver must cease all noise after 10 p.m., i.e., no TVs, radios, loud talking.
- Neighbors’ rights to peaceful possession must be respected at all times.
- Caregivers are not allowed to bring family members or friends to the apartment.
- Caregivers are not allowed to bring pets into Leisure World.
- Caregivers must comply with the occupancy agreement.
- Caregivers are not allowed to use community facilities.
- Caregivers must comply with and assist their shareholder/employer with all Mutual policies.
- Caregivers must comply with all Leisure World traffic regulations.

General Vehicle

- Caregivers must provide a photo I.D., such as a driver’s license.
- Caregivers must provide proof of insurance.
- If the shareholder does not have a vehicle, the caregiver may use the carport space for his or her own vehicle after obtaining a temporary parking pass through the Stock Transfer Office. The temporary parking pass must be clearly displayed on the dashboard of the caregiver’s vehicle at all times.

Letter to Editor

Editor:

As a longtime resident, I have always appreciated the amenities offered over the years, especially our clubhouses, because they represented residents’ varied interests. There were displays of lapidary, clay crafters, paintings and other media and photography to name a few.

It is now my understanding that these displays are disappearing. Apparently committee members want to change our clubhouses to represent some current esthetic design criteria that probably does not reflect our residents and/or their creativity.

What a loss!

Barbara Houck, Mutual 10

Credits & Kudos

Credits & Kudos must include the writer’s name and mutual, and will be edited for brevity. Mention of a business or service is not an endorsement or recommendation by the LW Weekly or Golden Rain Foundation.

• Martha Warner of Mutual 2 would like to give a shout out to the LW Maintenance Department. “Recently, a new refrigerator was delivered to my unit. I needed it after the power outage that some of us here in LW experienced this past summer caused my old refrigerator to malfunction. The new refrigerator was too big to fit into the space where the old one was. Juan Fuentes of the LW Maintenance Department did an absolutely great job of reconstructing the refrigerator space to accommodate the new appliance. I also very much appreciated the fact that Mr. Fuentes was so professional. He showed up to work when promised, left his work space clean and tidy and was pleasant and polite.”

• Gloria B. Bay of Mutual 6 sends kudos to all the wonderful Minibus drivers here in Leisure World. “I recently had to give up my car after driving for over 75 years. I use a walker now and have been taking the bus. All the drivers have gone way above and beyond the call of duty. They are courteous, helpful and so kind. I appreciate them so much and thank them.”

• Mutual 1 resident Debbi Fudge would like to thank the Security Department for the incredible job its employee did in registering her newly acquired golf cart. “From the first words spoken to me by the Security personnel at the front gate, to the timeliness of the registration appointment at Clubhouse 5, to the efficiency of completing the required paperwork, to the placing of the registration decal on my golf cart’s front window, to the giving me a copy of the registration document for my files, every step of the process was an absolutely wonderful experience.”

Every Woman Counts offers screenings, classes

In recognition of Breast Cancer Awareness Month, the Orange County Health Care Agency is promoting its Every Woman Counts Program. Leisure World resident and community health worker Tila Gandara Carrol, R.N., offers one-on-one or small group (two to three people) classes to women interested in learning why it's important to be screened for breast and cervical cancers, as well as how and where to get free mammograms and Pap tests.

According to SEER Cancer Statistics Review, 1 in 8 women will develop breast cancer in her lifetime. About 85 percent of those cases occur in women who have no family history of breast cancer. It is the second most commonly diagnosed cancer among women, with cervical cancer coming in fourth.

The Every Woman Counts program provides free screenings and diagnostic services to California residents who are at least 40 years old, have low income, have no or limited insurance, and are unable to get these services through Medi-Cal or another government-sponsored program. For additional information or to schedule a class, contact Carrol at (562) 433-7109. And to learn more about the signs of breast cancer, visit dhcs.ca.gov/EWC.

project), the gas company expects to have the project finished in the next 4-6 weeks.

The GRF also switched engineering firms in early spring due to lack of progress. "I am pleased to say we do have a full set of engineering plans and are now waiting for the architect to redraft plans to fit the pool engineering," said GRF Facilities Director Mark Weaver. "We expect these in the next couple of weeks. Once we have the proper permits in hand, we will post a full construction schedule."

LEARNING CENTER KITCHEN

Work at the Learning Center kitchen is currently 90 percent complete. The project currently has all fixtures, tiles and foundation work. Appliances are currently in the process of installation. This project is set to be completed by the end of October. The Learning Center kitchen is designed to host cooking classes and provide a dining space where residents can cook for themselves and give parties.

Free COVID Testing

The Orange County Health Care Agency offers free drive-through COVID-19 testing for Leisure World residents on Oct. 23, 9:30 a.m.-4 p.m. at Clubhouse 4. Registration via oc.fulgentgenetics.com is required; space is limited. Participants will need to bring an identification card and, if they have one, an insurance card. LW residents are at higher risk for serious illness, so the OCHCA is encouraging testing.

FREE Leisure World Gold Show

“Turn Your Broken or Unused Gold Jewelry, Gold & Silver Coins and Sterling Silver Into Instant Cash”

One Day Only. This Sunday 10am to 5pm.

The *Leisure World Gold Show* is happening this Sunday in Seal Beach. You can get paid cash instantly for your unused/unwanted gold jewelry (even if damaged), gold coins, silver coins, and dental gold — in fact, *anything* containing gold.

Real Gold?

What if you don't know if an item contains real gold? Don't worry, bring it anyway and gold buyer specialist Greg Schilling, owner of *Schilling Gold Exchange* will test and inspect your item to determine amount of gold content, purity of gold (10K, 14K, 18K, 24K), and weight.

Mr. Schilling will provide you information about your item and discuss purchasing it for cash should you wish to sell it.

Often times people with gold items are amazed at how much something is worth.

Hold or Sell — It's Up To You

There is never any pressure for you to sell your item.

Mr. Schilling states, “I have a lot of folks who just want to know more about their item, which is fine. Often times there is sentimental value

attached, in which case I always recommend to my customers they hold on to it. I build my business through repeat customers, and I know that if I treat my customers right, they will refer their family and friends. I want everyone to walk away feeling good about attending this event.”

Comments From Previous Gold Show Attendees

“After shopping around, I found *Schilling Gold Exchange* gave me the best price for my gold. I highly recommend *Schilling Gold Exchange* to other Seniors.” — J.R.

“I am more than pleased with Greg Schilling of *Schilling Gold Exchange*. He was able to give me top dollar for my gold jewelry and coins. After my wife passed, I had some gold coins that I wanted to cash-in. Not only did Greg give me a fair price, but I also got more than I was expecting as one of the coins had extra numismatic value that I was unaware of. I now recommend to all my family friends they use *Schilling Gold Exchange* instead of jewelry stores.” — G.P.

“Try it. You'll like it. Very friendly and honest.” — M.B.

Mr. Schilling (on right), of *Schilling Gold Exchange* and member of the *World Gold Council*, and *American Numismatic Association*, evaluates jewelry for show goers. Assembly of God

Norma Ballinger

LW contributor

Monday is always a happy day for members of the Assembly of God congregation. Pastor Sam Pawlak makes a personal connection by delivering the DVDs of the service that was recorded the previous day. Again, Assembly of God thanks Richard Ryals, who makes this possible. Pastor Sam also delivers a short devotion on Facebook each Sunday at 10 a.m.

Do you have an advocate? This is a person who publicly supports or recommends a particular cause. Looking in 1 John 2:1, we read that though we sin, we have an advocate, Jesus Christ, the righteous one, who loves us still and speaks to the Father in our defense. John does not say, "If anyone sins, they have forfeited their advocate" even though we are sinners.

Yes, Jesus is our advocate, the kind we need, whose business and delight it is to save. "You shall call his name Jesus, for he will save his people from their sins." (Matthew 1:21)

The two most difficult things in life to understand are love and God. These two subjects are intricately related – if we want to deal with God in the right way, we have to learn to love the right way. God and love cannot be separated. The three small books by John provide wonderfully explicit directions on how this works. Jesus is the focus, he provides the full and true understanding of God and shows us the mature working out of love. Read on in this chapter to be reminded of the only way to know we are in him and how to live deeply in his love.

This week make it your goal to not be one of those who make up their own idea of God or make up their own style of love. John was the author and pastor to a church that was disrupted by some of these people. In his letters we see him reestablishing the original unity of God and love that comes to focus and becomes available to us in Jesus Christ.

Faith Christian Assembly

Thanksgiving is just around the corner! Most people joyfully look forward to this time of year. However, the holidays can be tough when you're grieving the loss of a loved one. Faith Christian Assembly has a ministry dedicated to those who are in the grieving process called Grief Share. The group meets on Wednesdays at 2 p.m. There will be a free screening of the movie "Surviving the Holidays" on Wednesday, Nov. 4, at 2 p.m. Anyone in the grieving process is welcome. The event is hosted by Rupert and Addie Penner, who have both been through the loss of a spouse, and are eager to help anyone who has suffered a loss.

Out of an abundance of caution, Faith Christian Assembly will take your temperature at the door, and you will be asked to wear a mask, especially before and after service, and sit socially distant from others. If you are ill, we ask that you stay home.

Due to COVID-19, Faith Christian Assembly is not having all of its regular ministries but will resume as soon as possible. The midweek Bible study taught by Pastor Sheri Leming is on Wednesdays at 11 a.m. in the Garden Room. GriefShare meets on Wednesdays at 2 p.m.

To receive a free newsletter and for more information on the church, call (562) 598-9010 or visit the website at www.FCAchurch.net.

LW Baptist

Here is a special promise from God's word: our physical bodies will be raised to life on earth restored and glorified (perfect), never to die again. The Bible gives this promise to those whose personal faith is in the Lord Jesus Christ for salvation, as seen in Romans 8:11: "If the Spirit of him who raised Jesus from the dead lives in you, he who raised Christ from the dead will also give life to your mortal bodies because of his Spirit who lives in you."

Jesus, looking forward to his resurrection, said, "Because I live, you will live also," referring to our resurrection (John 14:19).

The disciples did not understand some of Jesus' actions and words at first, but when Jesus was glorified, meaning risen with a glorified body, they remembered what had been written of him (John 12:16).

Jesus foretold his resurrection to his disciples on the week of his crucifixion with these words, "The hour has come for the Son of Man to be glorified" (John 12:23).

He then prayed to the father in the disciples' presence regarding his coming crucifixion and resurrection: "Father, the hour has come; glorify your Son, that the Son may glorify you" (John 17:1).

Early Sunday morning, the first day of the week, the Father answered that request by raising his son, Jesus, from the dead with a glorified body.

The Bible tells us, "Now God has not only raised the Lord, but will

Community Church

Reverend

This week, Community Church will continue looking at the Gospel of Matthew with the story of the Pharisees asking Jesus which commandment is the greatest. It's one of the few times that Jesus answers a question like this directly.

We are invited to ask ourselves

which commandment is the greatest in our lives? What is the structure upon which we order our lives and the way we view the world around us? Jesus gave the Pharisees a very clear answer in how we should conduct ourselves. We will go over it on Sunday morning. If I have left you with questions, why not come and join us online?

Tune into worship Sunday

morning at 9:50 on Facebook live, [@communitychurchleisureworld](https://www.facebook.com/communitychurchleisureworld). Call the church office or email leisurewccsue@yahoo.com to join the virtual fellowship. If you don't have a computer or Facebook, call in to our phone system at (562) 431-2503 to listen to the message beginning Sunday evening.

If you are in need without another way to address it, call the church office at (562) 431-2503.

Church of Jesus Christ of Latter Day Saints

Jim Greer

"The Lord told us how with simple, but stunning, reassurance: If ye are prepared ye shall not fear," declared President Russell M. Nelson at the women's session of the October General Conference. "What a promise. It is one that can literally change the way we see our future."

Members of the church have known for years to store food and water and have financial reserves. COVID-19 and the resulting economic challenges bear testimony of the wisdom of that counsel. Elder Nelson again urges us "to take steps to be temporally prepared. But I am even more concerned about your spiritual and emotional preparation."

As commander of the Nephite armies, Captain Moroni faced op-

posing forces that were stronger, greater in number and ruthless. Accordingly, Moroni prepared his people in three critical ways.

First, he helped them create "places of security." He reinforced cities with barriers, forts and walls. Today, as turmoil rages around us, we must protect our own places of physical and spiritual security. Today, our homes are our first line of defense, sanctuaries where the Spirit dwells.

Temples are places of security, unlike any other. In them, we are endowed with priesthood power through sacred priesthood covenants, and it's where our families are sealed for eternity. Places of security are anywhere you can feel the presence of the Holy Ghost.

Second, Captain Moroni prepared "the minds of the people to be faithful unto the Lord." The Lord asks us to increase our faith

by seeking "learning, even by study and also by faith."

Regular immersion in the Book of Mormon builds faith. No other book testifies of Jesus Christ with such power and clarity. Knowing this, Book of Mormon prophets saw our day and selected the most helpful doctrine and truths for inclusion.

Our security comes as we yoke ourselves to our heavenly father and Jesus Christ. President Nelson testified, "Life without God is a life filled with fear. Life with God is a life filled with peace." Spiritual blessings come to the faithful, and personal revelation is one of the greatest of those blessings.

Third, Moroni never stopped preparing his people, even when things were going well. He knew the more emotionally and spiritually self-reliant we are, the more

First Christian Church

By Bruce Humes
Pastor

“And now, Israel, what does the Lord your God require of you, but to fear the Lord your God, to walk in all his ways and to love him, to serve the Lord your God with all your heart and with all your soul, and to keep the commandments of the Lord and his statutes which I command you today for your good” (Deuteronomy 10:12-13, NKJV).

A question is asked of Israel: “What does the Lord require of you?” The same question could be asked of us today – just what does the Lord require or expect of us?

Moses gives them, and us, five requirements:

1) “Fear the Lord your God,” meaning to hold a sense of reverence. The apostle John wrote in Revelations 14:6-7, “Then I saw another angel flying in the midst of heaven, having the everlasting gospel to preach to those who dwell on the earth—to every nation, tribe, tongue and people—saying with a loud voice, ‘Fear God and give glory to him, for the hour of his judgment has come; and worship him who made heaven and earth, the sea and springs of water.’” We are given clear instruction to fear God by giving the glory to him and worshipping him.

2) “Walk in all of his ways.” We should conduct our lives according to God’s will. The apostle Paul said this in Romans 12:2, “And do not be conformed to this world, but be transformed by the renewing of your mind, that you may prove what is that good and acceptable and perfect will of God.”

3) “Love him.” We must give our affections to the Lord and him alone. The first and greatest commandment comes to mind here, “You shall love the Lord your God with all your heart, with all your soul, and with all your mind,” (Matthew 22:37).

4) “Serve him,” meaning we must be a bondservant, which will show our love and affection toward him. James, the half-brother of Jesus, and Paul called themselves bondservants of Jesus Christ, which gives example of service to the Lord.

5) “Keep his commandments.” This is a call to obedience. 1 John 5:3-5 says, “For this is the love of God, that we keep (obey) his commandments. And his commandments are not burdensome. For whoever is born of God overcomes the world. And this is the victory that has overcome the world—your faith. Who is he who overcomes the world, but he who believes that Jesus is the son of God.

God calls us to have not only a fear of reverence and awe for who he is as a loving father, but also a frightful sort of fear for him as the supreme judge. We should be compelled to walk in his ways, seeking his will in our lives because we love him and desire to serve and obey his commands.

Redeemer Lutheran and St. Theodore’s

Reformation Day will be celebrated at a combined service of Redeemer Lutheran and St. Theodore’s Episcopal churches at Redeemer Lutheran, 13564 St. Andrew’s Drive, on Sunday, Oct. 25. Wear red, if you like, for the celebration.

There is an outdoor service from 8:45-9:15 a.m. and 9:30-10 a.m. Look for the crosses on the wall and red patio umbrellas along the north side of the church building.

The indoor service will be from 10:30-11 a.m. Pastor Lynda Elmer will be the congregational worship leader, Laura Dickey will perform traditional Reformation hymns, and Pastor Lisa Rotchford will preach “How the Reformation Sets Our Faith Free.”

All worship services are held within the CDC-recommended 30 minute window; social distancing and masks are required.

Beit HaLev continues to conduct livestream services on Facebook and YouTube as well. To attend, go to Rabbi Galit Shirah’s website at galityomtov.com, [Facebook.com/galityomtov](https://www.facebook.com/galityomtov) or [YouTube.com](https://www.youtube.com) via Shabbat Shalom LIVE! channel.

Evening services begin at 6 and morning services begin at 10:30. A link to the PDF version of each prayerbook, “Lev L’Lev,” is provided at each service.

The second Triennial Cycle in the Torah portion, “Noach” (Genesis 8:15-10:32) is the account of the building of the ark, the flood and its aftermath. There were 10 generations between the lives of Adam and Chavah and the life of Noach. The Torah describes Noach as “the most righteous man of his generation,” which is the reason HaShem chose him to be the “father” of the future generations. Once the floodwaters had dried, the animals had been released from the ark and God promised to never again destroy the earth with a flood by displaying the Rainbow Covenant, Noach planted a vineyard. Despite his nomenclature as being “righteous,” Noach became embroiled in a drunken encounter with his three sons.

Rabbi Galit Shirah conducts a weekday Ma’ariv service every Thursday for Sim Shalom, the online synagogue. Sim Shalom presents livestream services Monday-Thursday, with a different rabbi each day. To say Kaddish, pray for healing and hear a spiritual message, go to SimShalom.com.

Rabbi Galit Shirah’s Zoom classes will resume in November with Prayerbook and Modern Hebrew classes. A Talmud class is also being planned. For information, contact the Rabbi at (562) 715-0888 or duets@icloud.com.

also raise us up through his power” (1 Corinthians 6:14). That means we get a glorified body like Jesus.

God’s servant Job in the Old Testament had this hope, “Even after my skin has been destroyed, yet in my flesh I will see God; I myself will see him with my own eyes—I, and not another. How my heart yearns within me” (Job 19:26-27).

The Bible says this is the hope of all believers in Christ. “We ourselves groan within ourselves, awaiting eagerly our adoption, the redemption of our body” Romans 8:23.

You may ask, “How are the dead raised? With what kind of body?”

God’s word explains, “The resurrection of the dead is like this: the body is sown (planted or buried) a perishable body, it is raised imperishable” (1 Corinthians 15:42).

Jesus told his followers after his resurrection, “See my hands and my feet, that it is I myself; touch me and see, for a spirit does not have flesh and bones as you see that I have” (Luke 24:39). Scripture says, “We know that since Christ was raised from the dead, he cannot die again; death no longer has mastery over Him” Romans 6:9.

And the same is true of us. “Our citizenship is in heaven, from which also we eagerly wait for a Savior, the Lord Jesus Christ, who will transform our bodies of humiliation to be like his glorious body” (Philippians 3:20-21). Maybe he will come and it will happen today.

prepared we are to withstand Satan’s relentless assaults.

President Nelson pleads with us to “keep going! Your vigilance in safeguarding your homes and instilling faith in the hearts of your loved ones will reap rewards for generations to come.”

President Nelson further testified that the Lord has placed us here, knowing we could navigate the rough waters of the latter days. The days ahead will not be easy, but the future will be glorious for those who are prepared to be instruments in the Lord’s hands.

Concluding his remarks, President Nelson promised, “As we create places of security, prepare our minds to be faithful to God, and never stop preparing, God will bless us.” He will “deliver us; yea, insomuch that he will speak peace to our souls, and will grant unto us great faith, and cause us that we can hope for our deliverance in him.”

LW STAR VOLUNTEERS

Group helps make 700 masks

Bernie and Martha Goossens from Mutual 2 always look for something to do for the neighbors. They have been married for over 40 years and have been living in Leisure World for three.

Bernie, being a machinist turned tailor for 40 years, helped make face masks with his wife. They started sewing face masks at the beginning of the stay at home order to help neighbors, and then started volunteering for the Golden Age Foundation's mask project. The two of them made close to 700 masks.

"It makes for a happier life when you are busy helping people," Martha said.

Bernie and Martha made special custom face masks for veterans in every branch of military service for the Filipino Association of Leisure World Picnic that was cancelled due to COVID-19, the members distributed the masks to the veterans. They loved their special face masks.

Diana Harrison, co-coordinator of GAF face mask project, and Laura Sporcich helped collect and distribute fabrics for Bernie and Martha to make their daily work easier.

The Golden Age Foundation would like to thank the group along with the rest of the 55 volunteers who made it possible to have 5,000 face masks distributed among the community from May-September.

REPUBLICAN CLUB

Club booth will be open every day until the election

By Brian Harmon
LW contributor

This year, the three candidates the Republican club has been focusing on are Michelle Steel, Janet Nguyen and City Councilman and former Mayor Thomas Moore, who visited the Republican Club's booth to meet and talk with club members last week. As always, the event was masked and held outside. Attendees were able to ask Moore questions about his campaign.

Of the three, Moore is the one whose success or failure clearly depends on what we in Leisure World do. Although he does not live in LW, for the past four years he has worked hard to represent residents well.

Thomas Moore has fought for and achieved over \$670,000 in spending cuts. He tried his best, as is seen in his response to Seal

Beach Proposition BB, which passed two years ago.

Orange County is not a place where voters are usually delighted to raise taxes, but in this case we supported a sales tax increase, thinking the money would go towards the police and possibly other public safety uses.

When the City Council decided to spend the money for other purposes, Moore introduced a motion to put all the extra money not spent for public safety into a reserve account. His motion died for lack of a second.

•••

The Republican Club booth will continue to distribute cloth face masks for free, courtesy of OC Board of Supervisors Chairwoman Michelle Steel, the Republican candidate for Congress in this district.

The club is also distributing free signs including those that

say the following:

- "Support our Police"
- "Taxpayer Advocate Michelle Steel for Congress"
- "Create More Jobs, Michelle Steel for Congress"
- "Lower Taxes, Michelle Steel for Congress"
- "Janet Nguyen for Assembly"
- "Thomas Moore for Seal Beach City Council. Moore for Your Money!"

Starting next week, the club booth will be open from 11a.m. -2 p.m. every day until the election on Nov. 3.

Voters can drop off their ballots, which will be turned in by club President David Harlow each day. The booth will be at its regular location in the parking lot in front of Clubhouse 6.

DEMOCRATIC CLUB

Volunteers can help answer questions about ballots

By Mary Larson
LW contributor

With less than two weeks to go before the Nov. 3 election, volunteers are winding up their campaign designed to ensure that every LW supporter of Democratic candidates votes. This effort has been taken in the form of letters, notes, phone calls, newsletters and personal one-on-one visits during which everyone has worn masks and remained socially distant.

More than 70 volunteers have been involved in the effort to reach out to their fellow Leisure World Democrats. If you need their assistance on any issue relating to the election, call (562) 296-8521, (562) 596-0450 or (562) 412-0898 or email lwsb-democraticclub@gmail.com.

The Democratic Club made a conscientious decision that they would not open the club's usual voter registration booth. This

move to forgo opening a booth around which people would be tempted to gather was in line with the Democratic Party's commitment at all levels to take precautions not to spread the COVID-19 virus.

•••

Be aware that if someone other than yourself is delivering your ballot to the Registrar of Voters or to the Vote Center, they must sign their name on the outside of the envelope. It is not necessary if someone you trust is delivering it to the official LW Drop Box.

•••

In what will be a surprise to many, the Editorial Board of the Orange County Registrar endorsed the reelection of Democratic Congressman Harley Rouda. They reported making the endorsement for a number of reasons such as his reliable support of immigration reform, including a laudable vote in support of the American Dream and Promise

Act, and his being a critic of the president's use of tariffs.

The editorial went on to say that Rouda has been a reliable supporter of criminal justice and policing reforms that their board had long championed as being vital to protecting individual rights, upholding high standards in policing and reducing the harms of the War on Drugs. They approved of Rouda's support for the end of federal marijuana prohibition, his vote to curtail civil asset forfeiture and his support for abolishing qualified immunity in civil rights lawsuits against law enforcement officers.

The Democratic Club welcomes new members and friends. Membership forms are available online at <https://sblwdems.wordpress.com/>.

Delia Ravessoud
1918-2020

After a full and amazing 102 years of life, the Holy Spirit called Delia Ravessoud to the gates of Heaven on Friday, Sept. 11, 2020. Our beloved mother, you will be so dearly missed.

Delia was born on Jan. 25, 1918, in Mercedes, Buenos Aires, Argentina. At a young age, she dreamed of flying planes. In 1940, she became one of Argentina's first of 10 women Licensed Civil Aviator Pilots, flying 1930's Focke-Wulf and other types of private planes. In 1942, she had become so popular she was being considered as an actress for the movie industry.

In 1949, she met and married her husband, Fernand Ravessoud, in Bariloche, Argentina. This is where their two sons were born. In 1959, the family immigrated to the United States of America, leaving Argentina, friends and family behind, all greatly missed. In 1961, their daughter was born, who beat them to their citizenship, which they earned in 1964.

Delia continues to influence so many in her life. She received her AA degree, became a licensed cosmetologist, and owned her own beauty salon. She became a licensed real estate agent, then a real estate broker. Delia also owned and operated motels, apartments and commercial properties.

We were blessed to have such a remarkable woman we called Mom. Delia was always calm and serene in her Catholic faith. As the years went by, so did her spiritual interests. Delia learned about various religious beliefs, astrology, hypnosis and the positive energy of the universe. She was an involved supporter of the National Alliance on Mental Illness, helping her and others to understand the invisible disease.

During retirement, she lived at Leisure World in Seal Beach, California. She loved living near the beach and enjoying the quaint coastal shops nearby. She remained active in many community groups, clubs, events, and selling real estate on oc-

casion. Delia enjoyed some of her best years living at Leisure World. Then came the proud moments of being a loving grandmother. She was their garden of love, hugs and kisses.

As dementia took her away so gradually, it also prepared the family for our unimaginable loss. Delia soon joined her sons and family by moving to New Mexico, where she enjoyed the last eight years of her life.

Delia is survived by her son, Fernando Ravessoud, MD, (Susan) of New Mexico; and her daughter, Linda Vecchetti (Donald) of Arizona. Delia's grandchildren, Joseph, Russell, Erica; and great-grandchild Acelynn; as well as nieces and nephews. She was preceded in death by her parents, husband, a brother, sister and her son, Henry.

The family would like to extend gratitude to the Heritage Assisted Living, and the wonderful care given to our loved one. Due to COVID-19, a small, yet beautiful, grave-side Catholic service was held on Sept. 14 at the Masonic Cemetery. Service arrangements have been entrusted to the care of Baca's Funeral Chapels of Las Cruces, 300 E. Boutz Road, Las Cruces, New Mexico (575) 527-2222.

Diners can enjoy fried feasts in the shadow of the big A

Get your fair foods fix at two spots this weekend

When this summer's OC Fair was canceled because of the ongoing pandemic, festival organizers put together an alternate, online affair. But you can't eat through your screen!

Enter the OC Fair Food Drive-Thru, which has been a big success. Though the fried-food fun ends this weekend, there's still time to load up on goodies from Roasted Corn, Chicken Charlie's, Australian Battered Potatoes, JP's Old West Cinnamon Rolls, Fried A Fair, Mom's Bakeshoppe, Funnel Cakes, Juicy's, Who Fried the Cheese?, Dole Whip, Pink's Hot Dogs, Olde Tyme Ice Cream and Planet Popcorn.

Located at the OC Fair & Event Center, 88 Fair Dr., Costa

Mesa, masked drivers and diners will enter at Gate 1 off Fair Drive, then wind their way through the maze of cones. There's no fee at the gate, but patrons will need to pay each vendor separately. Be prepared: Some eateries are only accepting credit cards.

The OC Fair Food Drive-Thru is open Oct. 23-24, 11 a.m.-7 p.m., and Oct. 25, 11 a.m.-6 p.m. For more details, including a menu, visit ocfair.com/drivethru.

Serving up more delicious fun is the Fair Foodie Fest Drive Thru at Angel Stadium, 2000 E. Gene Autry Way, Anaheim. Hungry drivers entering off South Douglass Road can follow the orange cones to booths offering Greek, Roasted Corn, BBQ, the

Outlaw Grill, Burgers (whose menu includes the iconic Krispy Kreme-enveloped cheeseburger), Funnel Cakes, Deep Fried Oreos, Cotton Candy and Kettle Corn. Just as at the fairgrounds, vendors are paid separately. But at the end of this trail is the chance to win stuffed prizes at the Car Carnival Games' ring toss; it's just \$5 for a basket of rings. Traditional prizes and other memorabilia are also for sale.

Check it out Oct. 23-24, noon-10 p.m., and Oct. 25, noon-8 p.m. Entry is also free, but those who claim a ticket online also receive a free mini funnel cake with powdered sugar. For more information and a complete menu, go to fairfoodiefest.com.

Tony Schwartz was considered the father of the “Daisy” ad

INTERNATIONAL CITY THEATRE

ICT streams performance of ‘Daisy,’ starting Oct. 24

A little girl plucks petals from a daisy, counting out of order. After the last one is pulled, another voice, a man’s, begins a countdown that ends in a mushroom cloud. Then: “These are the stakes: To make a world in which all God’s children can live, or go into the dark. We must either love each other, or we must die.”

The screen goes black, and the words “VOTE FOR PRESIDENT JOHNSON ON NOVEMBER 3” appear, recited by another, somber-sounding man.

This was the first political “attack” ad, created by New York agency Doyle Dane Bernbach in 1964. It aired just once, during “The NBC Monday Movie” on Sept. 7 of that year. And it’s the inspiration behind “Daisy,” a historical play written by Sean Devine that debuted at Seattle’s ACT Theatre in

2016. It ran there during Donald Trump’s race against Hillary Clinton, and now it’s being presented by Long Beach’s International City Theatre (ICT) during his campaign against Joe Biden.

Available for streaming via www.InternationalCityTheatre.org, the Caryn Desai-directed production focuses on the creative process behind the so-called “daisy” ad, as well as the impact such an undertaking has on the people behind the scenes as well as those viewing the finished product. “There’s something noble about crafting an ideal that we can cast our votes for,” Devine recently told ICT. “But when you begin to see how much science goes into designing every element of that ideal, into designing and packing the charismatic figurehead at the forefront of that

ideal, it starts to feel less genuine.”

David Nevell plays Tony Schwartz, based on the agoraphobic media guru considered the father of the “daisy” ad; other real-life characters include agency head Bill Bernbach (Ed F. Martin), art director Sid Myers (Alex Dabestani) and television producer Aaron Ehrlich (Matthew Floyd Miller). Rounding out the cast are Erin Anne Williams as fictional copywriter Louise Brown and Phillip Lewis, who plays White House lawyer Clifford Lewis, who is based on presidents John F. Kennedy and Lyndon B. Johnson’s African-American legal counsel, Clifford Alexander Jr.

The live performance premieres Saturday, Oct. 24, at 7 p.m. and will be recorded to be available for viewing on demand through Nov. 7. Tickets are \$20.

LW Library Curbside Pick Up

Despite the limitations imposed by the fight against COVID-19, LW Library staff continues its innovative curbside pick-up program.

To schedule your pick-up, call the library at (562) 598-2431, Tuesday through Friday, 10 a.m.-2 p.m., or email LWLibrary@lwsb.com. Include your name, library card number, phone number, and what kinds of materials you like to read and/or watch.

Staff members will do their best to accommodate specific requests. If the requested material is not available, they will use their expertise to find similar items.

Due to limited staffing, it could take up to 48 hours, excluding weekends, to fill requests.

You will receive a call when your material is ready for curbside pick-up Tuesday through Friday.

If you have yet to visit and get your own library card number, call for a temporary one until the library reopens.

Residents can still use the

library’s Wi-Fi while practicing social distancing outside of the building each day.

As always, the health and safety of our patrons and staff are our priority.

The LW Library was closed March 16, and on-site programs and events were canceled until further notice.

In the meantime, the library has also implemented the following:

- Due dates for all currently checked-out books were extended, and late fees were suspended until further notice.
- Items may be returned to the outdoor drop boxes at any time.
- The library has created a new protocol for cleaning books (while it always cleaned books and media, cleaning and disinfecting procedures have been stepped up).
- Staff is still available to answer questions via phone or email Tuesday through Friday, 9:30 a.m.-3:30 p.m.

—Library Operations Supervisor
Vanessa Morris

Library operations assistant Taylor Greene loads an order into a LW resident’s car.

My Grandparents, Parents, and Brother & Sister-in-law are all Gold Star Families. Experiencing personally how high the cost of service can be I support and respect the Police and Firefighters that keep our community safe. Our Police and Fire Departments are top notch and we need to help them stay that way.

The Orange County Professional Firefighters Association contacted me in August regarding this election. After interviewing me the Orange County Professional Firefighters Association IAFF Local 3631 has endorsed me for Seal Beach City Council District 2. Please see my web site for a complete list of my endorsements by community leaders from varied political parties.

I have a problem with using the term “Law and Order” to divide our community. I believe you can be for Law and Order, be against violence and rioting, and still believe people have the right to peacefully protest.

I am not a career politician and I am not using the City Council position as a stepping stone to a higher political office. With your vote on November 3, 2020, I will continue serving my local community by being the voice of District 2 Residents on the City Council.

AQUARIUM OF THE PACIFIC

Scarium at the Pacific offers spooky, all-ages fun

While most Halloween-themed activities have been canceled or gone virtual, the Aquarium of the Pacific is opening its gates for its 20th annual Scarium of the Pacific event Oct. 23-25. Visitors can explore the aquatic museum's outdoor areas, which have been decked out in creepy décor, all the while looking for pumpkins in exhibits such as the June Keyes Penguin Habitat, mudskipper exhibit and the Shark Lagoon. There are also opportunities to feed the inhabitants of the Lorikeet Forest and the Moon Jelly Touch Lab.

Courtesy the Aquarium of the Pacific

Everyone is encouraged to come in family-friendly costume, and masks are required for entry. All COVID-related safety protocols are being maintained, including temperature checks at the door and social-distancing reminders.

The event is free with admission (\$17); members get free admission, plus 20 percent off the ticket price for their guests. Timed reservations are required via www.aquariumofpacific.org. The aquarium recommends seniors

and those with underlying health conditions reserve an early arrival time. Located at 100 Aquarium Way, Long Beach, the museum has expanded its hours for the event to be open Friday, 9 a.m.-8 p.m., and Saturday-Sunday, 9 a.m.-9 p.m.

Golf Course Seasonal Hours Change

On Oct. 11, the Golf Course's hours changed to close at 6 p.m., but when daylight saving time ends on Nov. 1, the course will begin closing at 5 p.m. Currently, a tee time may be reserved as late as 5:30 p.m., but a new time of 4:30 p.m. will then

go into effect and last until daylight saving time begins in 2021. To book a tee time, go to www.lwsb.com/reserve the day before you wish to play. The Recreation Department appreciates your cooperation with these changes.

LW Walking Trails

Regular brisk walking can help people maintain a healthy weight; prevent or manage various conditions, including heart disease, high blood pressure and type 2 diabetes; strengthen bones and muscles; and improve mood, balance and coordination. The Recreation Department has a Leisure World Walking Trails brochure featuring seven measured trails throughout the community. Stop by the Downtown Café and pick one up. For more information, contact kathytl@lwsb.com.

Leisure Bicyclists

Leisure Bicyclists ride together on Sundays, Mondays, Wednesdays and Fridays. The pedestrian gate to the river opens with your ID card. All are invited to join; helmets, safe shoes and masks are a must. Call Mary Romero at (562) 810-4266 for more information.

Men's Golf League Results

The Men's Monday Golf League played the Riverview Golf Course in Santa Ana on Oct. 13. Eight men challenged the par-70, 5,800-yard 18-hole course. With several water hazards, narrow fairways and many elevation changes, accuracy and club selection were particularly essential. The morning started out cool and humid, with damp conditions, especially on the greens. But when the sun appeared, the weather became hot and even more humid. Despite the great course conditions, there was only one birdie and scores were high, as the dampness not only shortened drives and approach shots, but also slowed down putts.

The Men's Friday Golf League took on the scenic, par-62, 4,000-yard David L. Baker Executive Golf Course in Fountain Valley on Oct. 16. Eight men teed off into a foggy, damp morning, but it became very warm once the sun finally came out. The greens had recently been punched (or aerated) and sanded. Although the fairways were in good shape, the greens' lack of consistent roll and bumpy conditions created difficult putting. Even so, there were five rounds under par and three birdies.

At both this course and the one below, masks are required at the Pro and Coffee Shop, but they are optional while waiting to tee off. No masks are required on the putting greens, the driving range or the course. Social distancing is observed. Golf carts are single person only unless you are from the same household.

A Flight Winners: First Place: Dave LaCascia, 1 under 61, plus closest to the pin on the 110-yard, par-3 third hole, a birdie, and tied (to the quarter inch) closest to the pin on the 120-yard, par-3 15th hole; second: Fujio Norihiro, par 62, plus fewest putts; third: tie between Bill McKusky and Gene Vesely.

All scores are net (actual score minus handicap). A Flight handicaps range from 0 to 20, while B flight is higher than 20.

B Flight Winners: First Place: John Petersen, with a marvelous 12 under 50, plus a birdie and fewest putts; second: Bob Munn, a very nice 6 under 56, plus a birdie; third: Marv Ballard, 2 under 60, plus a birdie, and tied (to the quarter inch) closest to the pin on the 120-yard, par-3 15th hole; fourth: Tom Ross, 1 under 61.

A Flight Winners: First Place: Bill McKusky, 2 over 72, plus fewest putts; second: Dave LaCascia, plus closest to the pin on the 150-yard, par-3 second hole; third: Fujio Norihiro, plus a birdie; fourth: Gene Vesely.

Both the Monday and Friday Golf Leagues play at four local courses, all within 15 minutes of Leisure World. LW Men's Club membership is not required, and friends, ladies, spouses and family are all welcome to play and/or join. If interested, contact Bill McKusky (562) 430-8618 or Dave LaCascia (801) 674-5975.

B Flight Winners: First Place: Tom Ross, even par 70, plus closest to the pin on the 100-yard, par-3 ninth hole. second: John Meyer, 2 over 72, plus fewest putts; third: Bob Munn; fourth: Bill Zurn.

Hui O Hula dancers and their audience “drink” a toast during a recent performance of “Tiny Bubbles.” The Hawaiian song, made popular by Don Ho, describes the happy, warm-all-over feeling one gets while drinking bubbly. As the seasons change, the Hui O Hula dancers are getting ready to practice the holiday hulas. Anyone interested in learning popular tunes such as “Mele Kalikimaka” (or Merry Christmas in Hawaiian) is welcome to join. Free lessons are offered at Veterans Plaza every Thursday at 2 p.m. The club band plays while dancers practice. Hula is gentle exercise that’s good for coordination and recall as the lyric/story is told by hand and body gestures. Call Kaye Huff (562) 431-2242 for more details.

Take care when considering Medicare options

by CJ Blomquist
OptumCare

It's annual enrollment period, a time when Medicare beneficiaries can sign up for different options. A lot of people choose to stick with what they have, but since this is the only time of the year you can change your coverage, it's a good idea to look around.

Compare your options with what you have. It's worth doing a little homework to make sure you choose the right plan for you. Don't just check your existing plan; also look at what's available from other companies.

Health is a major reason people switch coverage. A per-

son's health needs can change quickly, whether it's a new diagnosis, a change in medications or something else. Benefits and formularies change each year. One plan may offer a benefit such as acupuncture, or there may be a plan with lower-cost medications that you need.

If you have a chronic condition, there may be a Medicare Advantage plan just for it. Some companies offer plans for diabetes, heart disease and others. It's worth checking to see if they are a better fit.

Life changes are another big factor. Maybe you're not driving as much—or at all. Or you've lost your spouse and need more

help around the house. There are plans that offer non-medical benefits to cover these things. Depending on what's important to you, these benefits may be more meaningful than a plan with only medical benefits.

Get the most out of your benefits. If you aren't sure where to start, consider working with an independent insurance agent, who can help you compare your options. You can also contact the health plans directly for information or visit medicare.gov to compare options.

Remember: you have until Dec. 7 to sign up for a new option. Any changes will be effective Jan. 1, 2021.

AFC offers free services during the pandemic

by Cynthia Tostado
member resources

The Alzheimer's Family Center (AFC) offers free services to help seniors cope during the coronavirus pandemic. People can take advantage of these services from the safety of their own homes via telephone or Zoom. Results and information are kept completely confidential.

Free Memory Checkups

As seniors shelter in place, they are at higher risk of social isolation, which increases the risk of demen-

tia. Symptoms include: trouble remembering important dates or events, problems misplacing or losing items, and greater difficulty performing basic tasks.

Anyone experiencing these conditions should consider having a free memory checkup. Within 20 minutes, they can learn whether memory falls within normal ranges or if further evaluation is needed. The center recommends everyone age 50 and older get a yearly "check-up from the neck up."

Caregiver Counseling

Do you feel overwhelmed?

AFC's qualified family counselors specialize in helping caregivers manage the demands and emotional aspects associated with caring for an adult with a cognitive impairment, especially during a pandemic. Through a generous grant from Archstone Foundation, the center provides free, eight one-on-one, 50-minute therapy sessions.

AFC is located at 9451 Indianapolis Ave., Huntington Beach. For more information, visit www.afscenter.org. To schedule your free appointment, call (714) 593-9630.

VOTE
from page 1

your ballot within three days to a vote center or the Orange County Registrar's Office in Santa Ana.

OC Registrar Neil Kelley provided the following clarification on unauthorized ballot boxes, issued by California Secretary of State Alex Padilla on Oct. 11.

Ballot Collection Requirements
Elections Code Sections 3011(a) (9)-(11) and 3017 Govern Ballot Collection

Pursuant to Elections Code section 3011(a)(11), a person to whom a voter entrusts his or her vote-by-mail ballot to return to the county elections official must include his or her signature on the return vote-by-mail envelope as the person authorized to return the ballot. That individual is also required to provide his or her name and relationship to the voter. (Elec. Code, § 3011(a) (9)-(11).

• When a voter drops off a ballot in an unauthorized, non-official vote-by-mail drop box, no designated "person" would be signing, as required by state law. A person designated by the voter to return his or her vote-by-mail

ballot envelope to the county elections official within the required time period by law, must provide his or her name, signature and relationship to the voter. (Elec. Code, § 3011(a)(11).)

Additionally, Section 3017(a) (2) states, in full:

A vote-by-mail voter who is unable to return the ballot may designate another person to return the ballot to the elections official who issued the ballot, to the precinct board at a polling place or vote center within the state, or to a vote-by-mail ballot drop-off location within the state that is provided pursuant to Section 3025 or 4005. The person designated shall return the ballot in person, or put the ballot in the mail, no later than three days after receiving it from the voter or before the close of the polls on election day, whichever time period is shorter. Notwithstanding subdivision (d), a ballot shall not be disqualified from being counted solely because it was returned or mailed more than three days after the designated person received it from the voter, provided that the ballot is returned by the design-

nated person before the close of polls on election day."

The question arises, what about political clubs, campaign headquarters, candidates' offices and churches? Are they legally allowed to collect ballots?

The answer is yes, if they follow the ballot collection protocol. They must receive the ballot directly from the voter, sign the ballot in the voter's presence and deliver it within three days to the Registrar, a vote center, an authorized drop box or the U.S. mail.

During this cycle, the LW Republican Club has been collecting ballots in the parking lot at Clubhouse 6 and delivering them daily to the Orange County Registrar's Office in Santa Ana. Club President David Harlow spoke with OC Vote Center Support Lead Espie Martinez, the Registrar's LW contact, to clarify the new instructions. The club is in full compliance, according to Martinez. This is its current procedure:

For this General Election, the following process will take place:

1. When bringing a ballot to the Republican Club booth, the

voter will hand the ballot over to David Harlow, club president, who will be on site at all times.

2. Once he has received the ballot, he will sign on the back side of the voter's envelope, which indicates that he will personally deliver the ballot to the OC Registrar's Office on the same day.

3. He will prepare a roster of ballots received for the purpose of tracking the ballot from the club booth to Registrar's Office.

4. By approximately 3 p.m. each delivery day (Monday, Wednesday and Friday), the ballots will be received by the OC Registrar's office in Santa Ana.

5. After a couple of days, voters can call or go to ocvote.com to track ballots.

The LW Democratic Club was offered space in the same location on alternate days, but declined this year (see club story on page 12 for more information). The Republican Club registers voters of any persuasion at its booth.

In addition to the Pop-Up Vote Center in LW on Oct. 30, people can vote at Fire Station 48, 2121 North Gate Road. It is open from 8 a.m.-8 p.m. on Friday, Oct. 30;

Saturday, Oct. 31; Sunday, Nov. 1; and Monday, Nov. 2. On Election Day, Tuesday, Nov. 3, it's open from 7 a.m.-8 p.m.

—Asst. Rec. Manager Kathy Thayer

CHURCHILL
from page 4

Harrow. The now-famous speech is as moving today as it was in 1941. After recalling the challenges of the continuing war, he emphasized, "This is the lesson: never give in, never give in, never, never, never—in nothing, great or small, large or petty—never give in except to convictions of honor and good sense. Never yield to force; never yield to the apparently overwhelming might of the enemy. We stood all alone a year ago, and to many countries, it seemed that our account was closed, we were finished.

"There was no flinching and no thought of giving in; and by what seemed almost a miracle to those outside these islands, though we ourselves never doubted it, we now find ourselves in a position where I say that we can be sure that we have only to persevere to conquer."

The Basic Rules of Sudoku:
 • There is only one valid solution to each Sudoku puzzle. The only way the puzzle can be considered solved correctly is when all 81 boxes contain numbers and the other Sudoku rules have been followed.
 • When you start a game of Sudoku, some blocks will be pre-filled for you. You cannot change these numbers in the course of the game.
 • Each column must contain all of the numbers 1 through 9 and no two numbers in the same column of a Sudoku puzzle can be the same.
 • Each row must contain all of the numbers 1 through 9 and no two numbers in the same row of a Sudoku puzzle can be the same.
 • Each block must contain all of the numbers 1 through 9 and no two numbers in the same block of a Sudoku puzzle can be the same.

"My purchase of a property in Leisure World with Carol was a great experience from the initial contact to the final closing. Carol was patient, accommodating and helpful to my sensitive situation. She was readily available on very short notice and very beneficial in obtaining the best price for my extremely needed quick purchase. I would most definitely recommend Carol as it was my pleasure doing business with her."
