LADWP Haynes dismantling project is almost over

The Los Angeles Department of Water and Power is nearing the end of a project to dismantle four natural power generating units that are no longer in service at the Haynes Generating Station. The plant is adjacent to Leisure World. Units 3 and 4 are the last structures and stacks to be taken down. The Unit 4 stacks are gone. Next to go will be the metal structures and stacks of Units 3 and 4, including the control house and maintenance building. Considerable progress has been made in removing the older Haynes units for future renewable energy generation planning and to maintain plant and grid reliability. The project, including the decommissioning work, is nearly complete. The site should be fully restored by the end of the year.

As with other units, the metal framing and stacks will be cut into pieces moving from top to bottom, and each piece will be lifted by a crane and carefully lowered to the ground for removal. This work will involve the use of torches, excavators and a crane. Workers may be visible on metal frame structures and stacks during the dismantling activities. Monitoring instruments will continue to measure dust, noise and vibration levels during work to maintain levels below the required limits. Only a few trucks will enter and leave the plant during daytime hours. No traffic impacts are expected. The LADWP and its contractors use strict safety precautions to protect workers and the community, including compliance with CDC guidelines for COVID-19. The LADWP provides periodic updates on the dismantling work to Leisure World residents and appreciates their patience and cooperation. For more information, call the Project Information Line at (800) 531-6638.

AMPHITHEATER 2021

It's time to play after a long hiatus from the normal rhythms of life in Leisure World. The GRF is happy to announce that an abbreviated Amphitheater show season will commence on Thursday, June 24, with a concert by Terry Otte & Abilene. Residents are invited to the kick-off of the shortened summer music festival at 8 p.m. Open-air movies will begin June 25 with a screening of “Knives Out.” Don't forget to bring GRF ID cards. Minibus transportation will be available before and after shows and movies.

Amphitheater 2021

The first of four summer Amphitheater shows will be held on June 24 at 8 p.m., featuring the popular Terry Otte & Abilene. The band will kick off the first Amphitheater show since 2019 with a rollicking country-western-pop concert celebrating the return of LW's annual music fest since the COVID-19 shutdowns. The show starts at 8 p.m. For the complete schedule, see page 16.

Open-Air Movies 2021

Movie nights at the Amphitheater will begin June 25 with a screening of the comedy crime-drama “Knives Out.” It is the first of six movies that will be shown on the gigantic screen on Fridays starting at 8 p.m. (start times will be adjusted as days get shorter). Minibus service will be available beginning at 7:15 p.m. Call (562) 431-6586, ext. 379, and a bus will arrive within 10 minutes. See page 16 for the movie schedule.

July 4 Weekend Show

Springsteen Experience will be featured at 8 p.m. at the Amphitheater on July 3 in celebration of the July 4 weekend. The Recreation Department will conduct sound tests Saturday, June 12, throughout the day at the Amphitheater in preparation for the Summer Concert and Movie Season. There will be intermittently loud sound levels as testing is underway.

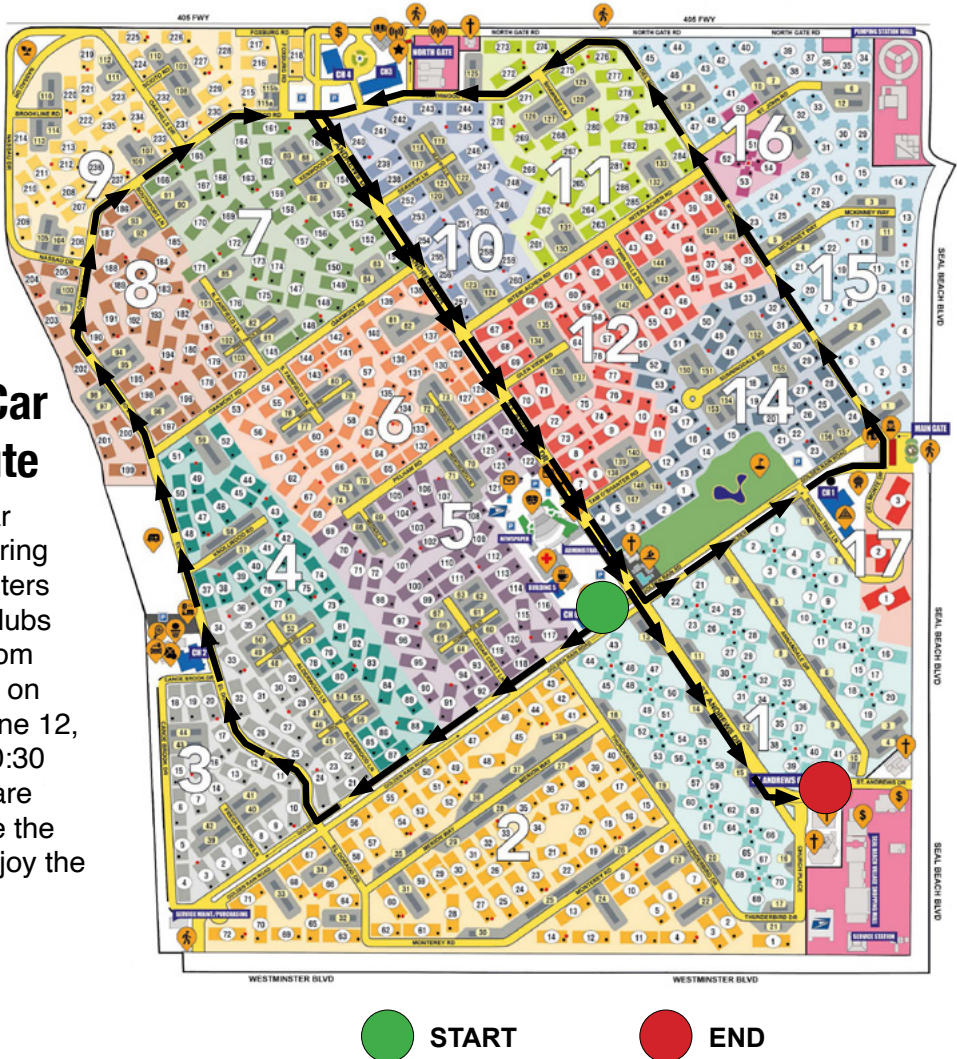

ACCIDENT REPORT

A LW driver backed into the new wall at the Recreational Vehicle (RV) Lot with his van on June 2, according to a LW Security report. Seal Beach police and the Orange County Fire Authority responded. No injuries were reported, but damage to the wall was extensive. The main entrance to the lot is currently under construction and has been closed since early 2021. The Clubhouse 2 entrance is open to RV lot users. Appointments for RV parking leases may be made by calling the RV lot office at (562) 431-6586, ext. 373. Patience is appreciated as the lot is operating on reduced hours pending full staffing as COVID-19 restrictions lessen. Spaces are currently available at the lot.

Classic Car Tour Route

A Classic Car parade featuring several chapters of area car clubs will depart from Clubhouse 6 on Saturday, June 12, starting at 10:30 a.m. LWers are invited to line the route and enjoy the spectacle.

CARS from page 1

The clubs have been touring various communities during the pandemic with their drive-through car show. Plan on joining friends and neighbors lining the streets to wave drivers along as the parade passes through. People are asked to wait to

remove their cars from carports until the parade has passed by. The Model T Ford Club of America is the largest such club in the world. Over 100 chapters have been formed in the U.S., Canada, Europe, Australia, New Zealand and South America. The Harbor Area Model A

Club is a nonprofit organization dedicated to the restoration, preservation and enjoyment of the Model A Ford. The chapter became a chartered member of the national Model A Restorers Club (MARC) in 1957 and Model A Ford Club of America (MAFCA) in 1997.

The primary pool permit is expected to receive final approval in 20 days. Once that happens, a pool construction schedule will appear in the LW Weekly and via LW Live email alerts.

POOL UPDATE

Final approvals expected soon

The GRF has submitted revised plans to the Orange County Health Care Agency (OCHCA) and the City of Seal Beach, with the anticipation of a full stamp of approval in about 20 days. All required changes and modifications have been made by the multiple engineering firms now working on the project. The most recent was adding handicapped parking, which required regrading the curb near the pool and in the Clubhouse 6 parking lot. Pool equipment has been ordered, and the locker room construction is underway as individual permits have been approved for that job. A full construction schedule will be printed as soon as the main permit has been approved.

The pool was closed in late 2019 for a simple remodel that mushroomed into a complete redesign and rebuild after catastrophic infrastructure defects were uncovered when work began. Plans had to be redrawn and permits applied for amid slow-downs triggered by the COVID-19 pandemic.

I-405 Freeway Update

The Orange County Transportation Authority, in cooperation with Caltrans, is widening the San Diego Freeway (I-405) between SR-73 and I-605. The project is improving 16 miles of I-405 between the SR-73 freeway in Costa Mesa and I-605 near the Los Angeles County line. Construction updates are as follows:

Sidewalk Closures on SB Boulevard

Crews will close the sidewalks at the intersection of Seal Beach Boulevard and Lampson Avenue for permanent traffic signal construction. Activities include the removal of existing sidewalk ramps, installation of new sidewalk ramps, and electrical and foundation work. Permanent traffic signal construction began June 1 and will continue for approximately six weeks on weekdays. Daytime work hours are 9 a.m.-3 p.m. Seal Beach Boulevard and Lampson will be intermittently reduced to two lanes at the intersection for the duration of the work. Nighttime temporary traffic signal removal and permanent pole installation are anticipated in early July.

Letters to Editor

Editor:
In regard to water usage being up, has anybody wondered why we need to water our lawns every day? The weather is not that hot. When mushrooms start growing in our lawns, that should tell us we are watering too much.
I don't know who sets the watering timers, but they should be changed. We cannot afford to waste as much water as is put on our lawns.
In my opinion, as a community, we need to be more aware of our natural resources.

The energetic golfers are back to enjoying their sport, and dancers at Veterans Plaza are observing social distancing while enjoying their exercise.
The GRF Board, Mutual directors and GRF Executive Director have done their best to safeguard the community, and the enthusiastic GRF news staff did an excellent job updating and featuring enchanting events.
Together with cooperation,

sharing responsibility, adhering to CDC guidelines, slowly but surely, everything is returning to normal, and that's just fine with me.

Cars and trucks emit carbon dioxide and other greenhouse gases, which contribute one-fifth of the United States' total global warming pollution. Greenhouse gases trap heat in the atmosphere, which causes worldwidetemperatures to rise. One way to respond to this issue is to contribute toward efforts to eradicate this problem.
On April 22, 2021, President Biden opened a two-day virtual climate summit, saying "the cost of inaction keeps mounting."
Again, on May 18, President Biden spoke at the Ford Electric Vehicle Center in Dearborn, Michigan, saying, "The future of the auto industry is electric." Furthermore, the average cost to operate an electric car in the United States is \$485 per year, while the average for a gasoline-powered car is \$1,117. A lot of new people who came to LW with EVs (electric cars) were forced to sell their vehicles due to rules and regulations, as well as the nonexistent charge stations for

residents.
Leisure World could help this community by adding a charge station and issuing permits at our homes and carports. It would be greatly appreciated, especially in this era of EVs becoming more popular. We never thought that Ford, the creator of the automobile, was going to make a Mustang EV and the Ford 150 EV pickup.

COVID Chronicles—Gift Horses

by Joan Rose
LW contributor

We were recently told by the CDC that we could remove our masks if we were going to be around vaccinated people but must still wear them if we are shopping in stores or if we will be exposed to a crowd of people.
By Mother's Day, my kids and their spouses and significant others were all vaccinated, and we rejoiced by gathering at my house for lunch. Oh, what bliss to talk to them without masks! I have missed their faces and their smiles and laughter so much.
Of course, Mother's Day always means "get a gift for Mom" to my kids, and I realize that it is getting harder and harder for them to think of gifts for me, since I am bordering on ancient. I have told them that I would be happy with just a greeting card, but each year, they must spend countless hours worrying about this. Some of the gifts they come up with are wonderful, and some are, well, a little outside the box.
My son always tries to find something wonderful for me, and for Mother's Day, he gave me an instant pot pressure cooker. If I had six kids to feed, this would be something I would use, but it's just little old me rattling around this house now, and I am getting so that I hate to cook. Sometimes soup and a sandwich constitutes a big dinner for me, and after cooking for a crowd most of my life, I am happy to simplify my cooking habits.
But the instant pot looked intriguing. I opened the huge box and tried to take it out, but it was so heavy that I had to ask my kids to help. They wrestled it out of the box and put it on my cabinet, and there it sat, big and very intimidating. There were approximately 25 bright orange stickers attached to it at various points, informing the owner of the pot that there was great danger from escaping steam, beginning with the words "Never (do this)" and "Be careful (when you do this)," etc. The more I read the stickers, the more I realized that I would probably never use this pot, being overly worried about certain injury or death.

Terese Smith of Mutual 14 recently spotted this turtle making a break for freedom from the golf course lake. The Mutant Ninja is more than 10 inches long, likely someone's 2-inch pet that was released into "the wild." He was scrambling away at the blazing speed of a quarter-mile per hour when he was safely detained and returned to the lake.

The JFTB is resuming its popular guided tours. All participants receive a souvenir group photo next to a UH-60 Black Hawk helicopter (above and below). Space is limited; admission is free.

JOINT FORCES TRAINING

Base will resume its popular tours on June 17

The Los Alamitos Joint Forces Training Base (JFTB) is pleased to announce the return of its popular public base tour program following a 16-month suspension due to the pandemic.

This year's tour dates include June 17, Aug. 19 and Nov. 18. Tours are scheduled on Thursday afternoons and participants should plan for approximately three hours.

The fully guided bus tour includes an introduction and historical overview of the base—highlighting its current state and federal missions.

The JFTB is a busy center of military training and ground zero for emergency management and disaster support for Southern California.

The sprawling base, which includes the Los Alamitos Army Airfield, is fewer than 5 miles from Leisure World. Eight miles of perimeter fencing surround the base.

The base is perhaps best known for the Los Alamitos Army Airfield with two all-weather runways that measure 8,000 and 6,000 feet long.

The JFTB is gated and patrolled 24 hours a day, 365 days a year and strategically located near the junction of the 605 and 405 freeways. It contains more than 160 buildings—1.5 million square feet of space—with 45 tenant organizations, most of them

military.

During normal times, the base opens its gates for public tours, patriotic fireworks displays, swimming in an Olympic-grade pool, golfing, theater-going and more.

It is the oldest military base in Orange County and the only disaster support center in Southern California.

As part of the tour, featured stops include the 40th Infantry Division Headquarters, Los Alamitos Army Airfield (including an up-close look at a Cal Guard UH-60 Black Hawk helicopter) and JFTB's engagement skills trainer.

Space is limited to 45 pre-registered participants. Admission is free. Everyone will receive a group photo as a souvenir of their visit.

To register for a tour, send an

e-mail to the JFTB Public Affairs Officer at richard.w.lalor2.nfg@mail.mil.

Emails must include full name, address (including ZIP code), phone number, email address and California driver's license number for each participant.

Due to enhanced force protection requirements and COVID-19 protocols, all participants are required to show current government-issued photo identification at the main gate for access to the installation.

Masks are required for everyone taking the tour. For more information, contact Col. (CA) Richard Lalor at (562) 795-2096 or via email at richard.w.lalor2.nfg@mail.mil, or Staff Sgt. Crystal Housman at (805) 458-3825 or via email at crystal.c.housman.mil@mail.mil.

Religion

First Christian Church

First Christian Church of Leisure World teaches from God's word, the Holy Bible, most often verse by verse. It welcomes all visitors.

Message

The message for this week will center on 1 Peter 4:12-19, and the discussion will be what some call rewards for Christian suffering, or suffering for Christ's sake. It is hard to imagine seeing suffering as a reward, but that is the essence of these verses. Four main take-aways concerning suffering and persecution as Christians in these verses are: expecting it to come; rejoicing in it; evaluating the cause; and giving it to God. Understanding the suffering Christ endured provides believers a clear understanding of how it's possible to have joy in the midst of suffering for Christ.

Scripture of the Week:

"He has told you, O Man, what is good;

And what does the Lord require of you

But to do justice, to love kindness

And to walk humbly with your God" (Micah 6:8 NASB)

Services

Saturday and Sunday services have the same message. Sunday is a traditional service, with Pat Kogok on the piano and soloist Janet Ray. Sunday service times are from 9:30-10:45 a.m. (note that this is a different service time than before the pandemic).

Saturday services are more contemporary, with Gregory Black leading worship with guitar accompaniment. Saturday service time is 9:30-10:45 a.m. (also a new time).

The Friday evening prayer meeting is from 6-7.

Announcements

First Christian Church is concerned about the health and safety of all attending the worship services. Those who are experiencing any coronavirus, flu or common cold symptoms should stay home. Those who have been

Pastor Bruce Humes

in contact with anyone testing positive for the virus within the last 14 days are asked to stay home as well.

To speak to someone at the church, call (562) 431-8810 and leave a message. The church location is on Northwood Road behind Carport 125.

All of Beit HaLev's prayerbooks, "Lev L'Lev," are shared onscreen on Zoom, Facebook and YouTube.

Korach was a cousin of Moshe, Aaron and Miriam. He was jealous of the power that they held, and because he was family, he and hundreds of his followers felt that Moses should not be the leader of the Israelites and that he should. What Korach could not understand was that Moses did not choose himself; G-d chose him to lead. And so HaShem opened the earth and swallowed Korach, his family and followers.

Rabbi Galit Shirah conducts a weekday Ma'ariv service every Thursday for Sim Shalom, the online synagogue. Sim Shalom presents livestream services Monday-Thursday, with a different rabbi each day. To say Kaddish, pray for healing and to hear a spiritual message, go to SimShalom.com.

Assembly of God

While on a road trip traveling through Texas in a motorhome, the clouds became ominous and dark. A tornado warning came over the radio, and Assembly of God co-pastors Sheryl and Chuck Franco were advised to shelter under an overpass. That day, they learned that a bridge can offer shelter in the middle of a storm. Pastor Chuck's message this week is "Rest Under the Bridge," from Hebrews 3:16 - 4:16. The last Assembly of God service in the Amphitheater will be on Sunday, June 13, at 11 a.m.

Church of Jesus Christ of Latter-day Saints

The Church of Latter-day Saints is excited to announce that the semi-annual Long Beach, California, East Stake Conference will convene on Saturday, June 12, beginning with the Saturday Adult Session at 7 p.m. The Sunday General Session will start at 10 a.m. on June 13. Members may attend in person at the Stake Center at 4142 W. Cerritos Ave. in Los Alamitos or view both sessions online at <http://mywebcast.churchofjesuschrist.org/lbestake>.

Members are asked to invite those to whom they minister, along with friends, family members, colleagues or anyone else who would benefit from the messages of the conference.

The Church of Jesus Christ of Latter-day Saints looks forward to the conference and hearing the inspiring messages from leaders and fellow stake members!

LW Baptist

LW Baptist Church will meet in the Amphitheater on Sunday, June 13, at 9:30 a.m. for worship. This week's theme is "Reasons Believers Have to Rejoice" from Luke 10:1-24. Questions to ask this week are: "What could be greater reason to rejoice than supernatural power?" "Why is God's revealed word absolutely necessary?" "What does Jesus say about the trinity?" "Why does Jesus say his disciples are the most blessed?"

LW Baptist Church begins the worship with praise songs, Scripture reading, and the pastoral prayer and message.

For more information about the church, call (562) 430-2920.

Community Church

Community Church is open for live worship in its sanctuary for those who are vaccinated. Those who cannot join physically or are not yet vaccinated can still view the service virtually. As a reminder, full vaccination is receiving two shots of the Moderna or Pfizer, or one shot of the Johnson & Johnson vaccine, and waiting for two weeks after the last shot.

This week, Community Church will look at the parable of the mustard seed. The story invites listeners to suspend their disbelief because, while mustard grows wild all across the Southland, it does not grow into trees the birds can nest in. So what is

Jesus talking about?

Community Church is a place where everything is designed with the first-time participant in mind. Those who have not felt welcome in church in the past, or have never participated before, are welcome to attend.

As California continues to emerge from the pandemic, Community Church invites everyone to participate virtually on Zoom and Facebook, and those who are vaccinated are invited to attend in person. Community Church expects to be open for everyone beginning in July, in line with national guidance.

Those who missed last week's message can find it on Facebook.

CHRONICLE
from page 4

A few days went by, and when I glanced at the big black pot residing on my cabinet, it seemed to glare back at me.

Finally, I called my son and explained my reluctance to use it and asked if he could take it back.

I was hoping that he could return it and get a refund, but he chose to keep it and picked it up the next day.

I recently had a birthday, and my grandson got me what he thought was a wonderful gift.

It was an online subscription to a company that would ask me questions throughout the year by e-mail (personal questions), and they would compile my answers and then put them into a book which they would send to me at the end of the year.

I have to tell you that I am a little paranoid when it comes to online scams, and I thought this was very invasive.

I am not going to answer personal questions by email because who knows what the recipients are going to do with the answers? So I deleted the app and told my grandson about my feelings. He was good-natured about it, but I am sure he was not happy that I rejected his gift.

So I hope my kids have learned a lesson this year about giving me gifts. I am advising my family that just a card or a box of chocolates would be very welcome, and they can bet I wouldn't return them.

On thinking about it, I realized that my mom was the same way at the end of her life. So maybe it is an aging thing, and this reluctance to accept strange gifts comes to us all eventually, along with arthritis and fallen arches.

I know I should be grateful that I have kids who think of me in this way, and I probably shouldn't reject their gifts.

But being practical, I tend to look the gift horse in the mouth, and this indulgent tendency seems to grow worse as I grow older.

However, I am really looking forward to those chocolates.

as any other vaccine—and rigorous clinical trials have proven that they're safe and effective.

More than 48 percent of the U.S. population has received at least one COVID-19 vaccine dose, according to data from the Centers for Disease Control and Prevention. And roughly 38.1 percent of the population is fully vaccinated, the data shows.

So far, studies have shown that mRNA vaccines—Pfizer and Moderna—maintain more than 90 percent efficacy after six months. And scientists believe it's likely much longer, but more data is needed. A vaccine will help with a returning to normal life. Until then, wear masks and stay socially distant from others.

Help for those with limited means

by **Sandra Teel**
Medicare Insurance Agent

If you have found yourself in a situation where you have to choose between buying necessities or paying for your prescription drugs, there may be help available for you. Social Security has extra help benefits you might qualify for, including:

LIS (Low Income Subsidy) Extra Help: This is a program to help people with limited income and resources pay such Medicare prescription-drug-program costs as premiums, deductibles and coinsurance. In 2021, you may qualify if you have up to \$19,320 in yearly income (\$26,130 for a married couple) and up to \$14,790 in resources (\$29,520 for a married couple). For a complete list of qualifications, go to www.ssa.gov/prescriptionhelp.

Part D late enrollment penalty: If you delayed your enrollment in Medicare Part D and are under the penalty for late enrollment, LIS may reduce or eliminate the penalty. The assistance would remain in effect as long as you remain eligible for LIS.

If you believe you qualify, call Social Security at 1 (800) 772-1213 to apply over the phone or to make an appointment to go into the Social Security office. Or you can log on to www.ssa.gov/prescriptionhelp.com.

After Social Security reviews your application, they will send you a letter letting you know if you qualify.

OBITUARIES

Polly Anna Donley 1929-2021

Polly was born on Valentine’s Day, Feb. 14, 1929, in Norwalk, California. She passed away on Mother’s Day, May 9. She was 92 and was preceeded by her husband, Charles, who passed away in November 2020.

Charles and Polly had been married for 73 wonderful years and had seven grandchildren and 11 great-grandchildren. Polly worked for a podiatrist until she retired along with Charles. She also was a docent for many years at the Hargitt House Museum in Norwalk. They moved to Leisure World, Seal Beach, in 2013, where they developed many friendships. Polly enjoyed eating out and gardening as her favorite hobby. She was always adding more plants to her garden, especially roses. Polly had such a green thumb that her roses were the size of saucers and smelled wonderful.

She had been looking forward to the Garden Club opening up as well as the pool. On Sundays, she enjoyed going to First Christian Church in Leisure World and singing; the hymns were her favorite.

Polly loved the beach and watching the waves. She was kind, humble and always had an upbeat look at life. She was so proud that her birthday was the day love is celebrated. And passing on Mother’s Day is so fitting, as her family will always celebrate what a wonderful mother and grandmother she was. She will be missed dearly.

John H. Walker Jr. 1950-2021

John Henry Walker passed away on April 27 at the age of 70 in Seal Beach.

John was born to Martha and John Walker on May 25, 1950, in Alabama. He grew up with two sisters, Haskey and Martha Jo.

He is survived by his wife, Patty; sons Brayton and John; sisters Haskey and Martha Jo; and nieces Haskey Masie, Lorallynn, Julie and Jennie.

John will be remembered as a great husband and father. He was a good friend to everyone he met and was always the southern gentleman.

Democratic Club

by Mary Larson
LW contributor

Plans are underway to resume Democratic Club membership meetings on Aug. 18. During its last meeting, the club’s board spent time discussing the decision to meet face-to-face or continue to hold meetings via Zoom. Given the potential number of members who would attend the meeting, the board wanted to be sure that all would feel comfortable doing so.

The board was also concerned about what appeared to be conflicting proposals from various government levels, with the most cautious ones being debated by the state’s Occupational Safety and Health Standards Board. The board’s recommendations would apply only to employers. However, some of the guidelines might be appropriate to use as a model for clubs with a large number of members.

The state board’s proposed recommendations include the following guidelines:

- Fully vaccinated employees could forgo face masks in a room where everyone else is vaccinated.
- Masks would be required if the status of all employees was unknown.
- Employers would need to supply N95 masks for those who are not fully vaccinated and for those working alongside them indoors.
- The extended mask wearing requirement may also require employers to track vaccination status.

Whatever the state board decides, its recommendations are still subject to review by the state Office of Administrative Law. It’s expected the office will approve the rules, which can go into effect on June 15—the same day as California is set to fully reopen its economy.

After discussion, the Demo-

cratic Club board referred the matter to the Strategic Planning Committee, with the request that it develop draft guidelines to review at the next meeting.

Readers who have access to the Internet are invited to check the club’s online resource center at <https://sblwdems.wordpress.com/resources/> for more information on this subject as well as a number of other issues.

Information can also be found at the club’s voter service center booth outside Clubhouse 6 every Tuesday from 10:30 a.m.-12:30 p.m. Registration forms, membership applications, club newsletters, brochures and other resource material will also be available at the booth.

Club members who had not yet renewed their membership for 2021 received a letter from the Membership Committee requesting that they do so. To check renewal status, call (562) 431-7275.

Republican Club

by Brian Harmon
LW contributor

Seal Beach Detective Jon Ainley and Cypress College student Braden Ellis will address the GOP Club Wednesday, June 16, at 7 p.m. in Clubhouse 3, Room 2. Club members and anyone else who is interested can attend the meeting.

Ainley is assigned to LW primarily for financial crimes such as phone mail and Internet scams, as well as identity theft, all of which affect the elderly more than other groups.

He will speak and present videos highlighting financial scams and officer-involved shootings, which have been so much in the news this past year.

Ainsley has served with the Seal Beach Police Department for four years and had served in Placentia for 15 years prior to Seal Beach.

Braden Ellis is the student featured in a widely seen video showing a discussion with a Cypress College professor. Ellis said that he looked at the police as heroes, but some individual officers commit crimes, for which they should be punished.

In the video, the professor repeatedly interrupts Ellis, and he stops and then respectfully responds. When Ellis asked her who she would call if a gun-wielding intruder were in her house, she responded that she would not call anyone because she does not trust the police.

The club picnic will be tomorrow, June 11, from 12:30-3 p.m. at the picnic area near Clubhouse 1. Those who want to attend should RSVP to धारlow50@aol.com or call (562) 335 0779. All food will be provided except salad, beans and chips. Those whose last name begins with the letters A-N should bring a salad; last names beginning with O-Z should bring beans or chips. All club members are encouraged to come and bring a friend.

On Tuesday, June 22, at 11:15 a.m., a special Republican Club meeting will be held for members only to discuss the recall and midterm election strategy.

The voter registration and Republican Club information booth will be open July 7 from 11 a.m.-2 p.m. outside Clubhouse 6. Merchandise will also be on sale.

The GOP club does not charge

membership dues or impose any other financial obligation on members. The club raises money primarily through donations and selling political campaign memorabilia during election season. GAF

New procedures for the Mobility Aids Program in place

The Golden Age Foundation (GAF) Mobility Aids loans wheelchairs, transporters and walkers to Leisure World shareholders and other eligible residents. The service is free of charge and run entirely by GAF volunteers. The program implemented two procedural changes on May 10.

The first change involved how long a mobility aid device will be loaned out.

In the past, the program would loan mobility aids for an indefinite period of time. The process has the cost the GAF thousands in replacement and repairs, as well as caused a shortage of mobility aids. To help rein

in costs and ensure an adequate supply, the GAF will loan mobility aids for six months at a time. If someone anticipates needing a mobility aid for a longer period of time, GAF recommends getting a prescription from his or her primary care provider to help cover the expense.

Volunteers will be available at the Mobility Aids Office Monday-Friday from 12:30-2:30 p.m. The office is located in Clubouse 6, on the first floor, west end. A request form, which is available at the Mobility Aids Office, should be completed to secure a device. Shareholders who are physically unable to get to the office can

authorize a family member, close friend or caregiver to complete a the form. GAF will have a modified rental agreement to pick up items and modified assets disposition form to be signed before receiving the device.

If something happens outside of the Mobility Aids Service office hours, call GRF Security at (562) 594-4754 for help. GAF asks those who borrow aids to return them during regular office hours.

Those who are interested in volunteering for the Mobility Aids service should leave a message at (562) 431-9589.

TRAVEL

On a 'Wild Goose' cruise

Sandra deDubovay and Joe DiDonato recently took an outing to Newport Bay that included a champagne brunch cruise aboard John Wayne's yacht, "Wild Goose." DeDubovay and Joe DiDonato were joined by fellow LWers Ann Frambach and Marina Tesla, as well as friends Cheryl and Claus Marx.

"Wild Goose" was built in 1941 as a Yard Mine Sweeper for the U.S. Navy; of the 481 made, only four remain today. Wayne purchased the 136-foot, converted vessel for \$116,000 in 1965. It was one of "the Duke's" most prized possessions, and he traveled extensively aboard the yacht while entertaining such luminaries as Dean Martin, Bob Hope, Ronald Reagan and Richard Nixon.

After boarding "Wild Goose," deDubovay, DiDonato and friends enjoyed unlimited champagne and a delicious extensive brunch on the third deck. As the boat passed multimillion-dollar waterfront mansions, yachts and historic sites, a crew member pointed out the former, now-renovated John Wayne family

estate that overlooks the bay.

Following dessert, they took a self-guided tour of the library, card room and staterooms, and even got to lay on the Duke's bed and take photos. In the salon, they viewed some of his movie posters and paintings by his former wife. The TV in the library showed some of Wayne's many movies, including "True Grit," for which he won the Oscar for Best Actor in 1970.

Wayne's last trip aboard the yacht was to Santa Catalina (reportedly his favorite destination) in 1979, just two months before his death. He sold "Wild Goose" for \$750,000, and in 1991, the Wild Goose Yacht Corp. purchased it for an undisclosed sum.

After extensive repairs and renovations totaling \$3.5 million, the historic ship was sold again in 1997 to Hornblower Cruises & Events.

DeDubovay, DiDonato and their friends thoroughly enjoyed their first official outing since the pandemic. "We had a lovely, sunny day to appreciate sailing," said deDubovay. "It couldn't have been better."

Dancing Feet Club

The Dancing Feet Club (DFC) will host ballroom and line dancing every fourth Sunday of the month, commencing on June 27 (the group's seventh anniversary), from 6-9:30 p.m. in Clubhouse 2. DFC will also hold line dance class and practice every Monday, starting June 21, from 7:15-9 p.m. in Clubhouse 6. Admission to all events and classes are free, and anyone with a passion for dancing is welcome.

In compliance with the new GRF directives and because of space limitations, DFC will require preregistration. LWers should text or email their first and last names, Mutual number and unit, email address, and cell phone number to Ed Bolos at (551) 998-4223 or edbolos@comcast.net or Ric Dizon at (714) 225-3597 or mrdeeviana38@gmail.com. Guests must also be preregistered, with their full names, email addresses and cell phone numbers.

DFC will process registrations on a first-come, first-served basis.

Traveling Tigers

The Traveling Tigers hosts its first meeting on Wednesday, June 16, at noon in Clubhouse 3, Room 9. Joyce Basch will give a presentation on her trip to Antarctica. If the governor lifts restrictions in mid-June, as is expected, whether or not to wear a mask will be up to the individual.

As the kitchen is no longer available to the group, and there is no locker assignment, coffee will not be provided nor will there be a potluck. Members should pack a lunch and bring a thermos before coming to socialize and enjoy the presentation.

Ladies Golf Club

On June 1, 51 members of the Ladies Golf Club played for low gross, low net and circle hole on No. 6. Two players, Linda Herman and Mimi Lee, hit the golf ball from the tee box directly inside the circle surrounding Hole 6.

The flight winners were:

Flight A: Low gross: Devora Kim, 26; low net: Ann Tran, 22.

Flight B: Low gross: tie between Hi Lee and Margie Thompson, 29; low net: tie between Jee Choi and Young Sil Yoon, 24.

The club will meet on the second and fourth Mondays of each month, starting on June 28 at 6 p.m. in Clubhouse 3, Room 2. Interested shareholders should arrive a little early so everyone can check in. The game usually ends around 8 p.m.

Get ready: 'Let's play Cribbage!'

by Terry Thrift
LW contributor

Members of the LW Cribbage Club have not heard the words "Let's play Cribbage" from president Patti Smith for 66 consecutive weeks. But they will hear them again on Tuesday, June 15, at 12:30 p.m., when the club returns to play in Clubhouse 1.

Four-handed Cribbage is played weekly, with each participant randomly assigned a partner. For the first game, players may start with the partner of their choice, but after that, partners will be randomized. At the end of the day, each player will have played seven games with seven different partners.

Before play, each player puts \$1 into the kitty, which often totals between \$65 and \$75. The money is used as prizes for the four highest scores of the day, plus those who have won six games or no games.

Annual dues of \$3 are paid in January or whenever one joins

the club.

The schedule is as follows:

11:30 a.m.: Clubhouse 1 doors open.

Noon: Birthday cake and ice cream are served (see below), plus general announcements.

12:30 p.m.: Cribbage Tournament begins.

3:45 p.m.: Tallying of scores.

4 p.m.: Doors close.

The Cribbage Club has a tradition in which players provide ice cream and cake to celebrate their own birthdays. Most members reportedly enjoy serving their special dessert to the other players themselves.

For anyone a little shy or afraid the game may be too complicated, the club arranges for a volunteer to assist them. Each hand in Cribbage has only four cards, so it should be easy to pick up—and there will always be a partner to help, too.

The Cribbage Club encourages all shareholders to give the game a try.

Donna Cooper of Mutual 15 performed "God Bless America" in sign language as others sang at a recent Hui O Hula show. The dancers and musicians look forward to her next invitation to entertain residents and friends.

Instructor Milton Lockett hopes all dancers will “belly up to the barre” and give ballet a try on June 19 at 1:30 p.m. on the dance floor in Clubhouse 6. The session is a workout good for the entire body, as it strengthens muscles, promotes healthy bones and burns calories. And since ballet uses the full range of muscles, it’s also wonderful for cognitive functions such as coordination and concentration. Participants should dress comfortably and wear soft-soled shoes similar to ballet shoes but without the pointes. For more information, call (562) 252-9676.

It’s time for duplicate bridge

by Gene Yaffee
LW contributor

After a 15-month hiatus, duplicate bridge will resume in-person play beginning on June 18 at noon in Clubhouse 1. GRF has required that Leisure World Duplicate Bridge Club and Burning Tree Duplicate Bridge Club merge into one; it has allowed the combined club to play two games a week, on Monday and Friday afternoons.

Players must make reservations and are urged to do so as soon as possible for the June 18 game. Contact Sharon Beran at (562) 308-7838 or hbsharonb@gmail.com. Players should arrive by 11:30 a.m. on the day of their reservations.

Masks are required to enter the clubhouse. Players’ temperatures will be taken using a no-touch tester at the sign-in table.

Game fees are \$4 for Leisure World residents and \$5 for invited guests. The director on Mondays

will be Mike Ullman, and on Fridays, it will be Emma Trepinski.

No refreshments will be provided for the first few weeks; however, players may bring their own snacks or beverages. Sharing is not currently allowed.

The GRF Board has clarified the ruling that clubs cannot compel members to have been vaccinated in order to play.

For further information, call Ted Wieber at (562) 596-8661.

Yahtzee Club

The Yahtzee Club will resume meeting in Clubhouse 3, Room 6, on the first and third Fridays of every month from 12:30-4 p.m. beginning June 18.

The cost to play is \$5 per meeting, with the money going toward prizes for: most yahtzees, 45 percent; highest total scores, 45 percent; and door prize, 10 percent.

Attendees are invited to bring a store-bought snack that is pre-

packaged in individual servings to share. Beverages should be in a spillproof container labeled with a name. Existing members’ dues will be applied to this year; new members can pay dues of \$3 at the meeting.

Anyone with questions about the club or who doesn’t know how to play but is interested should contact Kathy Rose at (714) 309-6873 (phone calls and text messages okay).

Quilting Club

The LW Quilting Club will resume its meetings at 9 a.m. on Wednesday, June 16, in the lobby of Clubhouse 3. Members and interested shareholders are welcome to bring a current project, as the sewing room will be open. Experienced quilters are ready to assist those who need a little guidance. For more information, contact Susan Rose at (562) 666-6720 or Marcella Campbell at (562) 588-5062.

Chess Club

This week’s puzzle is checkmate in three moves. White moves first. Any answer by Black, and White’s third move is checkmate.

The solution to this week’s puzzle’s first move is: Ne6. The White knight moves from d6 to e6. Then Black pawn to e6, White rook to d8, and Black to Kf7.

The next move by White is checkmate.

Drone Service Club

The Drone Service Club promotes the positive image of the remote-controlled aerial vehicles and their users. The group, which fosters their safe and responsible use, seeks to train and establish a pool of volunteer first-responder drone operators.

Anyone interested in keeping abreast of the rapidly evolving technology or using drones as a hobby should contact Joseph Valentinetti at 0501042@gmail.com for an invitation to the club’s next meeting.

Community Karaoke

LW’s karaoke club is preparing for its own “Karaoke D-Day” on Wednesday, June 16, when the group will resume its weekly indoor parties in Clubhouse 1 at 5:30 p.m.

At the June 3 gathering in Veterans Plaza, a crowd enjoyed the setting sun, as well as the country and soft rock tunes performed by newcomer Vinnie Correnti. Martin Rosendaal had the crowd rockin’ with “In the Midnight Hour.” Susan Kelleghan wowed everyone with “Mamma Mia,” as did Ruby Johnson’s performance of “Smile.”

Wayne Urban, Ellen Branigan, Pat Kogok, Rick Riley, Margie Stewart and Shannon Harrison sang some rousing songs. Smoother tunes were done by Ric Dizon, Ren Villaneauva, Tony Tupas, Carmen Edwards, Bob Barnum and Michelle Potter. —Margie Thompson

Teaching manners with rhymes

by Patty Marsters
pattym@lwsb.com

LW Theater Club president Taylor White took her creative skills to a new level, publishing “Grandma’s Guide to Good Manners” in April.

With a catchy rhyme scheme that’s perfect for early readers, White teaches young children the importance of manners and kindness, as well as hygiene. Everyday concepts such as waiting your turn, sharing and being careful with your words are lessons well-suited for any age. And the simple, bright illustrations on each page are sure to engage the attention of little ones.

White wrote the book as a gift for her now-18-year-old granddaughter, Kate, “to remember to always use her manners and be polite and kind.”

“I wrote the book for her ages ago and didn’t have the confidence to do anything with it,” White explains. “However, with her going off to college and with me having nothing to contribute

to her (college fund), I wanted to do something. My daughter convinced me to just do it. And so I did—with her help. Now, if or when I sell some copies, I will be able to contribute to Kate’s college education.”

“Grandma’s Guide to Good Manners” is available as a paperback or as a digital file for an e-reader for \$6.99 via [amazon.com](https://www.amazon.com).

Men’s Golf League Results

The Men’s Golf League did not venture out May 30 because of Memorial Day, but the players expressed their deepest gratitude to the servicemen around the world, especially to those who gave the ultimate sacrifice.

On June 4, the Meadowlark Golf Club in Huntington Beach welcomed 11 men and one woman. Meadowlark clocks in as a par-70, 5,800-yard course with narrow, tree-lined fairways; tricky elevation changes; strategically placed sand traps; and ominous water hazards. The greens and fairways were in good condition, and at tee time, the weather was overcast with no wind, but by mid-round, the sun was out and the wind came up, which made the last four or five holes challenging. There were only six rounds under par and only three birdies.

All scores are net (actual score minus handicap). A Flight handicaps range from 0-20; B flight is higher than 20.

A Flight Winners: First place: Clay Fischer, a very nice 6 under 64; second: tie between Sam

Choi and Jim Goltra, 3 under 67; third: Fujio Norihiro, 2 under 68; fourth: Gary Stivers, even par 70; fifth: tie between Bill McKusky and Larry Hillhouse, 1 over 71; sixth: Dave LaCascia. Goltra and Hillhouse had birdies, and Stivers had the fewest putts.

B Flight Winners: First place: tie between Bob Munn and new member Ron Sommer, 3 under 67; second: Liz Meripol, 1 under 69; third: Tom Ross, 3 over 73. Munn had fewest putts and a birdie.

In general, masks are required at the pro shops, but are optional while waiting to tee off. No masks are required on the putting greens, driving range or the course itself. Social distancing is observed, and there is no contact with others’ equipment. Golf carts are single person only unless riders are from the same household.

LW Men’s Club membership is not required, and friends, ladies, spouses and family are all welcome to play and/or join. There is a prize pool for each round that players are not obligated to enter.

—Dave LaCascia

It’s also a wonderful opportunity to make new friends and share fellowship with people who love to sing.

The Leisure World Clogging Club will resume at 8:30 a.m. on Wednesday, June 16, on the Ampitheater stage. All old and new cloggers are invited. This is a type of folk dance practiced in the United States, in which the dancer's footwear is used percussively by striking the heel, the toe, or both against a floor or each other to create audible rhythms, usually to the downbeat, with the heel keeping the rhythm. Everyone is welcome to try clogging, Tap dancers will especially like this form of dance. For more information, call (562) 598-9974.

The Osher Lifelong Learning Institute (OLLI) at California State University, Long Beach, will begin its 2021 summer session, with registration starting June 14. This year, CSULB is celebrating its 25th year offering educational and social opportunities to OLLI members. OLLI publishes OLLI registration and other information in The SUN. OLLI offers a wide variety of subjects and provides training for those unfamiliar with how to use Zoom technology. The membership fee for the summer session is \$20 (unless already a member), and classes are \$15 each for the entire eight-week session. There is no better time for seniors to learn more and age less—all safely in the comfort of their home. LWers are welcome to join hundreds of others, aged 50 and over, already enjoying the benefits of the Osher Lifelong Learning Institute. Founded in 1996, OLLI's mission is to provide educational opportunities and social connections to enhance personal development and quality of life for its membership of about 2,000. It was called Senior University in 1996 and renamed OLLI in 2006 after receiving its first \$1 million endowment from the Bernard Osher Foundation. OLLI received its second \$1 million endowment from the foundation in 2012, allowing for even more expansion and support of the institute. In addition to the Osher Foundation, OLLI is supported through endowments, membership fees, fundraising and grants. In turn, OLLI supports CSULB students through scholarships to students studying aging. Watch Your Step—Scam Alert

Social Security Administration Impostor Scam

Social Security Administration imposters contact prospective victims by telephone and falsely claim that the victim's Social Security number has been suspended because of suspicious activity or because it has been involved in a crime. They ask to confirm the victim's Social Security number, or they may say they need to withdraw money from the victim's bank and to store it on gift cards or in other unusual ways for "safekeeping." Victims may be told their accounts will be seized or frozen if they fail to act quickly.

Perpetrators often use robo-calls to reach victims.

Victims may be told to "press 1" to speak to a government "support representative" for help reactivating their Social Security number.

They also use caller ID spoofing to make it look like the Social Security Administration is calling.

With such trickery, perpetrators convince victims to give up their Social Security numbers

and other personal information. Social Security Administration imposters operating from abroad often use U.S.-based money mules to receive victim payments and transmit proceeds to perpetrators.

—from the Social Security Administration Office of the Inspector General

Tech Support Scam

Fraudsters make telephone calls and claim to be computer technicians associated with a well-known company or they may use Internet pop-up messages to warn about non-existent computer problems.

Scammers claim they have detected viruses, other malware, or hacking attempts on the victim's computer.

They pretend to be "tech support" and ask that the victim give them remote access to his or her computer.

Eventually, they diagnose a nonexistent problem and ask the victim to pay large sums of money for unnecessary—or even harmful—services.

Tech support scams operat-

ing from abroad often use U.S.-based money mules (including legitimate-seeming businesses registered in the U.S.) to receive victim payments and transmit proceeds to perpetrators.

After victims make payments, perpetrators often call back and offer refunds to victims, claiming their tech support services are no longer available.

Perpetrators claim to send refund money to the victim's bank account but falsely claim that too much money was refunded. Perpetrators then induce victims to send payments (often through stored-value cards such as gift cards), purportedly to reimburse the tech support company for its "over-refund." Victims have lost hundreds or thousands of dollars to this refund scheme.

Lottery Scam

Fraudulent telemarketers based in Jamaica and other countries call people in the U.S., telling them that they have won a sweepstakes or foreign lottery. The fake telemarketers typically

identify themselves as lawyers, customs officials or lottery representatives. They tell people they have won vacations, cars or thousands—even millions—of dollars.

"Winners" need only pay fees for shipping, insurance, customs duties, or taxes before they can claim their prizes.

Victims pay hundreds or thousands of dollars and receive nothing in return, and often are revictimized until they have no money left.

Lottery scams operating from abroad often use U.S.-based money mules to receive victim payments and transmit proceeds to perpetrators.

—from the U.S. Embassy in Jamaica

IRS Impostor Scam

IRS impostor scams are aggressive and sophisticated phone scams targeting taxpayers.

Callers claim to be employees of the IRS. They use fake names and bogus IRS identification badge numbers.

Victims are told they owe money to the IRS, and it must

be paid promptly through a wire transfer or stored value card such as a gift card.

Victims who refuse to cooperate are threatened with arrest, deportation, or suspension of a business or driver's license.

IRS impostor scams operating from abroad often use U.S.-based money mules to receive victim payments and transmit proceeds to perpetrators.

New Variations of IRS Scams

Taxpayers should be on the lookout for new variations of tax-related scams. In the latest twist on a scam related to Social Security numbers, scammers claim to be able to suspend or cancel the victim's SSN. It's yet another attempt by con artists to frighten people into returning "robocall" voicemails.

Scammers may mention overdue taxes in addition to threatening to cancel the person's SSN.

If taxpayers receive a call threatening to suspend their SSN for an unpaid tax bill, they should just hang up.

Taxpayers should not give out SCAM, page 21

The Basic Rules of Sudoku:

- There is only one valid solution to each Sudoku puzzle. The only way the puzzle can be considered solved correctly is when all 81 boxes contain numbers and the other Sudoku rules have been followed.
- When you start a game of Sudoku, some blocks will be pre-filled for you. You cannot change these numbers in the course of the game.
- Each column must contain all of the numbers 1 through 9 and no two numbers in the same column of a Sudoku puzzle can be the same.
- Each row must contain all of the numbers 1 through 9 and no two numbers in the same row of a Sudoku puzzle can be the same.
- Each block must contain all of the numbers 1 through 9 and no two numbers in the same block of a Sudoku puzzle can be the same.

Westminster Boulevard

Crews began working on the foundation of the retaining wall adjacent to Cascade Park along

the southbound (SB) I-405 on-ramp from Westminster Boulevard. The foundation consists of approximately 80 cast-in-drilled-hole (CIDH) piles.

Work is ongoing from 7 a.m.-4 p.m. on weekdays, for approximately one month.

Crews may mobilize equipment as early as 6 a.m., and some activity may occur at night. Intermittent nighttime closures of the southbound I-405 on-ramp from Westminster may be required.

Additional construction activities including rebar, form and concrete activities are underway, and backfill and block wall installation is anticipated in July and August.

The 405 Community Outreach Team will provide detailed schedule information in future alerts.

Sign up for project-wide and bridge-specific construction alerts at bit.ly/405-signup. Email 405project@octa.net or call (888) 400-8994 for more information. The I-405 Improvement Project mobile app provides quick access to current traffic conditions, closures and detours, along with project updates and links to contact the project team. Download it from the Apple Store or Google Play.

I-405 Improvement Project automated call and text alerts will now start coming to subscribers from the I-405 Project Helpline number (888-400-8994). This will allow people to leave messages if they have questions or concerns about the project.

SCAMS from page 1

sensitive information over the phone unless they are positive they know the caller is legitimate. When in doubt, hang up. Here are some telltale signs of this scam. The IRS and its authorized private collection agencies will never:

- Call to demand immediate payment using a specific payment method such as a prepaid debit card, iTunes gift card or wire transfer. The IRS does not use these methods for tax payments.
- Ask a taxpayer to make a payment to a person or organization other than the U.S. Treasury.
- Threaten to immediately bring in local police or other law-enforcement groups to have the taxpayer arrested for not paying.
- Demand taxes be paid without giving the taxpayer the opportunity to question or appeal the amount owed.

Taxpayers who don't owe taxes and have no reason to think they do should:

- Report the caller ID and callback number to the IRS by sending it to phishing@irs.gov. The taxpayer should write "IRS Phone Scam" in the subject line.

Taxpayers who owe taxes or think they do should:

- View tax account information online at IRS.gov to see the actual amount owed and review their payment options.
- Call the number on the billing notice.
- Call the IRS at 800-829-1040.

Romance Scam

Millions of Americans use dating sites, social networking sites and chat rooms to meet people.

And many forge successful relationships. But scammers also use these sites to meet potential victims.

They create fake profiles to build online relationships and eventually convince people to send money in the name of love. Some even make wedding plans before disappearing with the money.

An online love interest who asks for money is almost certainly a scam artist. Romance scams operating from abroad often use U.S.-based money mules to receive victim payments and transmit proceeds to perpetrators.

Sometimes, perpetrators of romance scams convince victims to serve as money mules, receiving illegal proceeds of crime and forwarding those proceeds to perpetrators.

For example, romance scam victims often are induced to receive payments and/or goods such as technology equipment procured through fraud and to forward those payments and goods directly or indirectly to perpetrators.
