AMERICAN LEGION 327

9/11 service will be held at Vets Plaza

Patriot Day honors the memory of the nearly 3,000 innocent victims who died in the Sept. 11, 2001, terrorist attacks.

The American Legion Post 327 and Auxiliary will hold a service to remember those who died and to honor the first responders who risked their own lives to save others.

The brief ceremony will be held at 11:30 a.m. on Saturday, Sept. 11, at Veterans Plaza. Legion Cmdr. Rich Carson will emcee the service.

All are welcome to attend. Seating will be provided. Masks are strongly recommended.

NORTH GATE ROAD

Sound wall work starts on North Gate Road

As part of the I-405 Improvement Project, the sound wall on North Gate Road will be replaced.

Crews are scheduled to remove a portion of the old sound wall west of the fire station, beginning as early as Monday, Sept. 13.

Most of the work will take place on weekdays during the day, from 7 a.m.-4 p.m. The road will remain open in both directions; crews will be working behind the concrete barriers.

The job is expected to take approximately three weeks to complete. Sound blankets will be in place until the wall is reconstructed.

The work is part of the I-405 Improvement Project, which will add one regular lane in each direction of I-405 between Euclid Street and I-605, and a second lane in each direction of the freeway from SR-73 and I-605 that will combine with the existing carpool lanes to form the 405 Express Lanes.

OC HEALTH CARE AGENCY

Wear a mask to stay safe from C-19 variants

To help prevent the spread of droplets containing COVID-19, masks are required for all Orange County residents and visitors in the following indoor settings, regardless of vaccination status:

- On public transit (examples: airplanes, ships, ferries, trains, subways, buses, taxis and ride-shares) and in transportation hubs (examples: airports, bus terminals, marinas, train stations, ports, subway stations or any other areas that provide transportation).
- Indoors in schools/childcare centers.

The Tower of Voices at the National Flight 93 Memorial is a monumental, 93-foot-tall musical instrument holding 40 wind chimes, representing the 40 passengers and crew members who perished on that flight. The Tower of Voices is a memorial in sound to remember the 40 through their ongoing “voices.” Funding was provided through private donations to the National Park Foundation and the Friends of Flight 93 National Memorial.

20th ANNIVERSARY

A witness to history remembers that fateful day ➡

Editor’s Note: It’s been 20 years, but the day will never be forgotten. On Tuesday morning, Sept. 11, 2001, al-Qaeda terrorists hijacked four commercial airliners in an attack against the United States. These terrorists intentionally flew two jet airliners into the World Trade Center’s Twin Towers in New York City and a third aircraft into the Pentagon in Arlington, Virginia. A fourth aircraft, United Airlines Flight 93, crashed in an open field in Somerset County, Pennsylvania, killing all passengers, crew members and terrorists on board. Because of the actions of the 40 passengers and crew aboard Flight 93, the attack on the U.S. Capitol was thwarted. The four aircraft strikes killed nearly 3,000 people, the deadliest attack on American soil by a foreign entity.

LW resident Donna Gambol was a professor of journalism at Indiana University of Pennsylvania and a witness to history. Here is her first-person account of that unforgettable day and a story on the National Memorial in Shanksville, Pennsylvania (below).

by Donna Gambol
LW contributor

It was a glorious fall day. The air crisp in southwestern Pennsylvania. As I drove to the university, I recall how absolutely beautiful it was. The colors just beginning to show in the hardwood forest, and visibility was unlimited. This was going to be a great day.

Moments after my arrival, the department secretary announced, “A plane just flew into the World Trade Center!” She had just received a call from another office at Indiana University of Pennsylvania, where I was about to enter the journalism classroom to teach Document Design.

“Go to the NY Times site,” I said, “they’ll have something up if it’s true.” As soon as we clicked on the link, an image of the World Trade Center with black smoke billowing from the top appeared. I went to my classroom and turned on the television monitors, changing the input from computers to network television. The images

were unbelievable.

My students began to come in with lots of chatter; word was already getting out that something horrible was happening in New York. We were all glued to the screens. And then, within a few minutes of the class beginning, we watched as the second plane flew into the South Tower. Stunned, I went into the hall and encountered the department chair.

“Are we going to cancel classes?”

“No, the university president hasn’t said to cancel classes.”

“Pray to God that this is the worst thing we will ever witness in our lifetime, and you’re telling me classes go on as usual?”

“Yes, you should teach your regularly scheduled class; the curriculum doesn’t change.”

“Like hell I will.”

I went back into the classroom and said, “You’re journalism students. No design today. Today we’re going to watch this story unfold in real time; we’re going

FLIGHT 93 NATIONAL MEMORIAL

A Field of Honor Forever

by Donna Gambol
LW contributor

I lived in southwest Pennsylvania, just 25 miles from Shanksville in Somerset County. After 9/11, it became a regular stop when out-of-town friends came to visit.

The site of the Shanksville crash has been described as farmland. In fact, it is an area that had been surface-mined for coal. The replaced soil was relatively loose to a depth of 40-50 feet. When the jet crashed to the ground at a speed in excess of 500 mph, it burrowed right through the soil and was completely obliterated. Above ground, very little of the plane debris was visible.

Within days of the Flight 93 crash, folks began to gather at the site, which was quickly cordoned off with a perimeter fence about

Consultant's report finds that Turtle Lake Golf Course has a clean manicured appearance and good playing quality.

GRF FACILITY REPORT

Turf health and playing quality get high marks in report

Pat Gross Turf Solutions, an independent golf course industry consultant with expertise in maintenance, water conservation and tournament preparation, inspected LW's Turtle Lake Golf Course on Aug. 17.

A report to the GRF last week concluded that the putting greens were healthy and in good condition; the fairways and rough had a clean, manicured appearance with good playing quality; and the bunker's new sand and maintenance were providing good playing conditions.

The maintenance staff is doing a good job of repairing and maintaining the irrigation system, according to the report. Water applications are being properly managed to promote healthy turf growth and good playing conditions without creating wet spots or dry areas.

The GRF commissioned the evaluation to assess course conditions and solicit professional advice to fine-tune maintenance programs.

Among the report's findings:

- The greens displayed healthy creeping bentgrass growth over more than 95 percent of the total surface area. Given the age of the greens, it was remarkable to see the high percentage of creeping bentgrass and the very low percentage of Poa annua.
- It was reported that the greens are mowed six days per week at a cutting height of 3/16 inches, which provides acceptable ball roll and preserves healthy

turf growth.

- Soil profile samples taken from the greens showed deep and vigorous root growth to a depth of 6 inches with a moderate amount of thatch and organic matter in the top 1.5 inch near the surface. This is an indication that the greens are managed in an agronomically sound manner.

- Greens should be aerated in April and October by applying a heavy layer of sand top dressing.

- The current fertilizer program should be continued.

- Good agronomic programs are employed on the tees for mowing and weed control.

- The fairways and rough dis-

play a clean, manicured appearance with good playing quality.

- The new sand along with good maintenance practices are providing good playing conditions in the bunkers.

- The maintenance staff is doing a good job of repairing and maintaining the irrigation system.

- Water applications are properly managed to promote healthy turf growth and good playing conditions without creating wet spots or dry areas.

For the complete report, which includes information on all aspects of the course, visit GRF Project Updates at lwsb.com.

Surveillance cameras are now installed

The Seal Beach Police Department routinely patrols the city's beaches, parks and all residences/businesses within the five city council districts. When calls for service are generated throughout other areas of town, it is difficult to have a continual police presence in every area of the city.

Because of this and in response to receiving funds from the 2018 Measure BB general sales tax, the City of Seal Beach Police Department has developed innovative programs to better monitor and reduce crime from occurring in our town.

For example, the Seal Beach Police Department has been installing network cameras strategically throughout public areas

of the city to assist in achieving its mission of driving down crime and improving the quality of life in Seal Beach. Furthermore, the network camera system should help in the overall traffic management plan and enhance integrated crime prevention/suppression measures.

With this, when the 2018 Measure BB general sales tax increase went into place, the department promised that it would improve current levels of public safety through technological upgrades. Hence, video surveillance throughout the city's open spaces in town has and will continue to be a critical tool for years to come.

This necessity for video surveillance was underscored during the September 2020 police reform demonstrations that drew several hundred participants and officers

- Emergency shelters.

Masks are required for all individuals in the following indoor settings, regardless of vaccination status (and surgical masks are recommended):

- Healthcare settings.
- State and local correctional facilities and detention centers.
- Homeless shelters.
- Long-term care settings, and adult and senior care facilities.

Additionally, masks are required for unvaccinated individuals in indoor public settings and businesses (examples: retail, restaurants, theaters, family entertainment centers, meetings, state and local government offices serving the public).

Face shields may be worn by people who cannot wear a face covering due to a medical condition or other exemption, although they may not work as well as to prevent the spread of COVID-19 to others.

Golf Cart Air & Water Day

The Rollin' Thunder Golf Cart Club will hold its quarterly Air & Water Day on Saturday, Sept. 11, from 8:30-10 a.m. (this is a time change) at Clubhouse 4. This change in schedule is due to the Labor Day weekend.

As usual, Rollin' Thunder volunteers will check and adjust water in golf cart batteries and air pressure on cart tires. Driving carts with factory-recommended air pressure is important because under-inflated tires can cause a loss of control and will lead to premature tread loss and tire failure.

The North Gate is now open, increasing vehicle traffic in the cart line-up area. Security will be at the event for traffic control. As usual, there will be no charge for this club-sponsored event.

Due to CDC and Leisure World health restrictions, masks are mandatory and must be worn during cart servicing. Carts will not be serviced if the driver is unmasked. Participants must also be able to exit their carts without the assistance of volunteer Rollin' Thunder members while their battery water levels and tire pressure are checked.

For further information, contact club president Tom Davis at (562) 431-6859.

National Park Service

On Sept. 10, 2011, the first phase of the permanent memorial was dedicated at a public ceremony attended by then-Vice President Joe Biden, former presidents George W. Bush and Bill Clinton, other dignitaries, family members of the passengers, and thousands of others. Although Congress and private sources had funded the initial efforts for the park, money ran out before it was fully completed. At this dedication, former president Clinton and then-Speaker John Boehner announced the launch of a fundraising effort to raise the additional \$10 million required to complete the memorial.

then a mile distant to keep spectators at bay. People wanted to express their sympathy and emotions; they tucked bits of memorabilia into the chain-link fence.

The tributes continued, soon the site became a tourist destination. Families of the victims organized, and with the help of Congressman John P. Murtha, pressure was exerted on the Federal Government to begin plans for a permanent memorial. Soon the site was under the auspices of the National Park Service, who after securing sufficient land, erected a 40-foot special fence and shelving structure to collect the tokens, stationing it at a distance above grade from the crash site.

Curatorial staff began to collect and catalog the items, which were carefully stowed until such time that a permanent memorial could be established. Within months, plans were underway to establish a national park. Interest in the site never waned; it grew each year.

The initial stages of the permanent memorial were completed in 2011, 10 years after the event. During that time, I served as executive director of the Laurel Highlands Visitors Bureau, responsible for tourism and travel in Somerset, Westmoreland and Fayette counties in Pennsylvania. All through 2010, I encouraged folks to go to the fence before the permanent site was completed, knowing that there would be a significant change in the area.

There was something raw about the original memorial site. It was always chilly atop that knoll, no matter the time of day or time of year. Always a crisp cool breeze, always the visitors, reverent, silent, slow-paced and reflective. Their tributes from the heart, painful and meaningful. It attracted folks from throughout the United States and the world.

The permanent memorial has a unique quality; the design is a simple marble slab echoing the flight path. Visitors continue to place personal tributes along the wall in various niches, sometimes against the wall beneath passengers' names. Annually on Sept. 11, dignitaries come, and the families return for the tributes; crowds grow each year.

The memorial is now finished with the completion of the Tower

of Voices. In 2018, a 93-foot tower was erected, and last year the "voices" were installed; 40 wind chimes representing the 40 passengers and crew.

Each year, on Sept. 11, Bells

of Remembrance are tolled 40 times, starting at 10:03 a.m., once for each of the passengers and crew as their names are read, a tradition from the first Sept. 11 observance.

OC REGISTRAR

Cast your ballots by Sept. 14 to be counted in special recall election

Leisure World voters are joining the rest of Californians in deciding whether Gov. Gavin Newsom will remain in office or be replaced by one of 46 contenders. The final day to vote—the official election day—is Tuesday, Sept. 14.

Ballots can be cast in person at Orange County Fire Authority Station 48, 3131 North Gate Road, or dropped in the Orange County Registrar's official ballot drop box near the Administration Building and the Amphitheater bus hub, or they can be sent via the U.S. Postal Service.

To make sure their mail ballot is counted, voters must sign and date the envelope as directed, and if mailed in, it has to be postmarked by Sept. 14.

Blue or black ink is preferred for marking the ballot because it's easiest for counting machines to read.

Turnout in special elections is typically low, averaging about 25 percent on previous local issues and contests in Orange County communities, according to the OC Registrar's Office. Find vote centers and drop box locations, a voter information guide and other information at ocvote.com.

to pay attention to the reporting.”

As we watched, I inquired of my students how many had ever been to New York City; only two had. I explained to them that the World Trade Center (WTC) buildings were 104 stories, about a quarter of a mile high.

“That’s like taking that track out there, unfolding it and putting it up on its end.”

Their eyes widened.

I drew diagrams of what the center looked like and explained to them that it was not misnamed; it was the world’s trade center.

I explained how magnificent the view was from the restaurant at the very top, where on a day like today, you literally could see for miles. I explained there were 90-plus floors of office space, and underground, a three-story shopping mall, parking facility and control rooms for the PATH trains, subway links and more.

For three years, I had lived in Jersey City, less than a mile from the Trade Center, which I could view from my window each night. Often I would watch as lights turned on and off, complete floors, all through the night, as commerce continued uninterrupted across the world.

I worked in downtown Manhattan and daily rode the PATH train one stop, under the Hudson River, to the bowels of the WTC. I rode an escalator up one platform, crossed through the shopping mall, exited the front of the building and walked four blocks to my office at Wall Street Plaza.

When visitors came, I would often take them into the city on a morning commute, have them ride up one of the 14 escalators, stop at the platform and watch as the throng of passengers filed past.

Within 10 minutes thousands of people rushed by, coming from New Jersey to work in lower Manhattan.

They marveled that the equivalent of the total population of their hometowns had just passed by.

The WTC welcomed PATH trains every three minutes during rush hour, and these were always filled to capacity.

Further, you could access five different subway lines either directly or through tunnels from the underground location. I knew that potentially thousands of people were at risk underground, let alone the estimated 40,000 who worked in the buildings.

And then the reporters announced that a plane had crashed into the Pentagon. It was astounding.

When that happened, I said, “If I were the head of the FAA, I would ground every plane right now.”

But I also told my students if that were done, it would effectively shut down the U.S. economy. Such a decision would cripple us for months. We watched and listened; the hour passed, no students left.

Dan Rather reported for CBS that the FAA ordered all aircraft grounded.

He also compared this attack to the bombing of Pearl Harbor, to which I immediately took exception.

“No,” I said, “this is not at all like Pearl Harbor. The Japanese bombed a military installation. This is a bunch of savage terror-

ists who have commandeered civilian aircraft, using them and their passengers as ammunition to hit civilian targets.”

We continued to watch in horror. A few minutes past 10 a.m., they announced the crash of Flight 93.

When they said Shanksville, one of my students cried out. It was her hometown. Rushing from the classroom, she went to call her parents.

Now, the story was terrifyingly real. Shanksville, as the crow flies, was but 40 miles from where we sat.

In the next 20 minutes, we watched as the first tower collapsed. I was silent, tears filling my eyes, believing that tens of thousands perished.

Rather had no visual as the microwave links from atop the WTC were disabled.

He repeatedly said, “It’s been reported that one of the towers has collapsed, but we have no confirmation on that.”

He had no confirmation, but we had a visual. The tower had indeed collapsed. Less than 30 minutes later, the second one went down.

The class period ended. Most of the students remained. The TVs stayed on.

More students filed in from other classrooms to witness what was happening.

It was noon before the university suspended classes for the day.

Editor:

I deeply appreciate that the City of Seal Beach has resumed its Senior Transportation shuttle bus to the Rossmoor Shopping Center.

I surely enjoy shopping at Ralphs, Target, Sprouts and Pavilions grocery store. Masks are required on the bus and in some stores.

The bus also takes us to the Seal Beach Pier. I enjoy strolling on the boardwalk while watching the enthusiastic surfers brave the giant waves

Young and old had fun walking on the beach the last time I visited. Some are playing volleyball while others are rolling skating.

The cheerful atmosphere helps everyone to enjoy the well-maintained and beautiful beach.

The Senior Transportation shuttle bus is a great help to shareholders who do not drive anymore.

Editor:

I want to express my concern and distress that one LW club is publicizing that another group takes God out of the country.

The sign, which can be seen on the Republican Club’s tent on Mondays, reads “The Democratic Party has taken God out of America.”

Not only is that insulting to all Democrats of faith, but it also might discourage people hoping to move into LW and find a welcoming community.

As a member of the supposedly godless group and as a person of faith, I feel that this is slanderous propaganda.

Editor:

How come after all these years there is no ramp or handicapped access to the Amphitheater stage, not only for residents, but also for performers and visitors?

I think there are Americans for Disabilities Act (ADA) guidelines that speak to this.

There are three entrances, and I think a ramp could be added without remodeling the whole place.

When our Community Karaoke club was meeting there, one of our members had to leave his wheelchair to navigate the steps and had great difficulty.

It is also difficult to come up and down the long driveway to the building especially with music and equipment.

Thank you for making life easier for us, residents of Leisure World.

Notes from the 2nd District

Katrina Foley's office distributes a weekly newsletter focused on her efforts in the county, updates on the COVID-19 situation and more. Below are some highlights from recent weeks.

Supporting Disabled Veterans: Senate Bill 498 by State Sen. Tom Umberg was officially endorsed by the County of Orange. This bill will allow for more disabled veterans to qualify for free legal services by reducing income requirements that have precluded them from accessing services in California because of the high cost of living. Foley thanks Antoinette Balta, a member of her District 2 Veterans Working Group and the executive director/co-founder of the Veterans Legal Institute, the sponsor of the bill, for bringing the item to her office.

Improving the Digital Divide for Seniors: Foley supports the OC Senior Citizen Advisory Council's proposal to allocate American Rescue Plan (ARPA) funds to bridge the digital divide among OC seniors. The funds will primarily be used to purchase 2,200 iPads with data plans. In addition, funds will be used to purchase subscriptions to online training and classes to support District 2's senior community. "COVID-19 has demonstrated how important it is for our seniors to be connected," Foley said. "I look forward to working with the OC Senior Citizen Advisory Council to advance proposals that help address the technological needs of our seniors."

There are two vacancies on the Senior Advisory Council. Anyone interested in serving should call (714) 480-6450.

Cleaner Skies Around JWA: Moving toward cleaner skies around John Wayne Airport in Santa Ana, Foley made a motion to approve an airline lease with Air Canada for direct flights from Orange County to Vancouver. Air Canada has committed bringing in the Max 8 jet, which is known as a quieter and less-polluting aircraft. This will advance the

Katrina Foley

county's efforts to implement a Fly Friendly program.

Transparency at the OCPA: The Board of Supervisors voted to approve expanded conflict-of-interest rules for the Orange County Power Authority staff and consultants after Foley raised concerns about a potential lack of transparency. The OCPW was formed to offer clean energy alternatives for cities that choose to join, but it has faced scrutiny from many clean energy advocates.

First Christian Church

Memorial

First Christian Church is mourning the shining light of Margaret Humes. Margaret had a heart for Jesus and all of God’s people. She made herself available to all who were lost and hopeless. She led First Christian church members in songs of worship that were perfectly fitting for that day’s message every week. Her enthusiasm was so contagious that often times a member or two of the congregation would be compelled to stand in worship or dance in praise to Jesus. She was a proficient and loving partner to her husband, Pastor Bruce. Margaret represented her God and savior Jesus with joy, laughter and a beaming smile each week. The days her children or grandchildren visited from out of town, Margaret was at her best in the hopes of sharing her love for Jesus to those she loved dearly. Margaret is now in heaven and rejoicing. Her family and friends will mourn and miss her, but also rejoice in knowing she has arrived at a place that is far superior to this world. She is singing in the heavenly chorus with many angels. Jesus said to her, “I am the resurrection and the life, he who believes in me will live even if he dies” (John 11:25).

Services

All First Christian services, Bible studies and prayer meetings are suspended at this time.

LW Baptist

LW Baptist church enters into heaven’s joys at sinners’ turning from death to life, from darkness to light on Sunday, Sept. 12, at 10 a.m. Religious leaders of Jesus’ day criticized him for welcoming sinners and eating with them. Jesus replied they should rejoice in God’s saving grace, and fulfilling Ezekiel chapter 34’s prophecy, he faults Israel’s false shepherds for not seeking the lost and, pictures himself searching and finding the sheep for himself. Jesus also said, “It is not the healthy who need a physician, but the sick. The son of man came to seek and save the lost.” When he finds lost people, he does not leave them there, for that would be as if he never found them. Rather he rescues and saves. Seeing the person’s helplessness, he carries them in his arms. Confessing sinners rejoice in forsaking their sin, knowing with joy that heaven has changed their hearts. That is the Gospel’s wonder, full of things angels long to look into.

The midweek service meets in Clubhouse 3, Room 1, on Wednesdays at 3 p.m. and in the same place on Sunday. Masks are required at both meetings. For more information, call (562) 430-2920.

Assembly of God

Happy Grandparents Day! Isn’t every day Grandparents Day in Leisure World? Jimmy Carter proclaimed the first Grandparents Day in 1978, and it was first widely celebrated in 1979. One statement in President Carter’s proclamation seems particularly poignant for the world today: “We all know grandparents whose values transcend passing fads and pressures, and who possess the wisdom of distilled pain and joy.” Grandparents, whether biological or by relationship, are defenders of traditional values, witness-bearers of history, and carriers of time-proven faith. Wisdom has been gained from the distillation of a lifetime of pain and joy, giving hope to younger generations that both are necessary and to be expected in a life fully lived. Pastor Chuck Franco will share from Ruth 4:13-17 in his message, “Godly Grandparents,” on Sunday, Sept. 12, at 10:30 a.m. in Clubhouse 3, Room 2. There are just a few lessons more in the Bible study in 1 Peter titled, “Journey to Hope, When Life Gets Tough.” The group meets on Wednesdays at 10 a.m. in Clubhouse 3, Room 2. Out of an abundance of cau-

tion, the hymn sing will remain closed until further notice. Remember that these inconveniences are only temporary. Everyone is asked to wear masks when gathering for church and Bible study. In the meantime, honor God by reaching out to those who are vulnerable, lonely or discouraged. Practice the values grandma and grandpa modeled to honor them. Those who would like prayer can contact pastors Chuck and Sheryl Franco by calling (562) 357-4360, email pastorchuck@lwassemblyofgod, or calling Carolyn van Aalst at (562) 343-8424.

Community Church

Community Church will continue its series in the scandalous message of James. The message of James was scandalous because it challenged that faith without works is dead. This week, the scandal speaks directly to where Americans find themselves: living in a world full of misinformation. The tongue can be a restless evil, full of deadly poison. With it, a person can bless the Lord and father or curse those who are made in the likeness of God. This week will feature a guest speaker from the congregation while Pastor Johan Dodge is away. Every week, Pastor Dodge reminds everyone that the word Gospel means “good news,” and if the word of God is being used in a way that isn’t good news, well then it isn’t the true Gospel. Community Church is a place where everything is designed with the first-time participant in mind. Those who have not felt welcome or have never participated in

church before are welcome to attend. Community Church has gone back to virtual worship until further notice. Everyone is welcome to participate virtually on Zoom and on Facebook. The Facebook page is @CommunityChurchLeisureWorld. Those who want the Zoom link to watch the service can contact the church office by calling (562) 431-2503 or emailing leisurewcc-sue@yahoo.com.

Faith Christian Assembly

Griefshare is starting up again at Faith Christian Assembly. Griefshare is a friendly, caring group of people who will walk alongside a person through one of life’s most difficult experiences. It is designed to help a person go from sadness to finding their joy. Rupert and Addie Penner host this ministry, which begins Wednesday, Sept. 15, at 5:30 p.m. in the Garden Room. Anyone who is grieving the loss of a loved one, or even those who know someone who is going through the grieving process, are invited to attend. The Penner’s have both been through the loss of a spouse and are eager to help anyone who has suffered a loss. The Sunday morning worship service begins at 10:30, followed by the celebration service at 5:30 p.m. The pre-service prayer each Sunday begins at 5 p.m. The midweek Bible study, taught by Pastor Sheri Leming, is every Wednesday at 11 a.m. For more information on the church, or to receive a free monthly newsletter, call (562) 598-9010 or email contact@fcachurch.net. Information on the church is also available at www.fcachurch.net.

Christian Women’s Fellowship & Bible Group

Christian Women’s Fellowship and Bible group will meet at 10 a.m. on Monday, Sept. 13, in Clubhouse 3, Room 6. The group is currently studying about Dorcas in the “Women of the Bible” book. The group meets the second and fourth Mondays of the month. For more information, call (562) 431-597 or (562) 594-8100.

Holy Family

Holy Family Catholic Church, 13900 Church Place, next to the St. Andrews Gate, will observe the 24th Sunday in Ordinary Time on Sept. 12. The first reading is from Isaiah 50:5-9a, and the second reading is from James 2:14-18. The Gospel reading is from Mark 8:27-35. Masses To receive a copy of the weekly parish bulletin, sign up at <https://ebulletin.jspaluch.com> or <https://www.jspaluch.com/Subscribe>. Visit the website for more information at www.holyfamilysb.com. The church is still operating at its regular Mass schedule. Father Joseph Son Nguyen suggests that people wear masks while inside the church. Saturday (Vigil Mass) is at 5 p.m., and Sunday Masses are at 8 a.m., 10 a.m. and noon. Week-day Masses are Monday-Saturday at 8:30 a.m., and confessions are on Saturdays from 4-4:45 p.m.

IN MEMORIAM

Rodolfo ‘Rudy’ Fernando—1931-2021

An Appreciation—God’s Humble Servant

Editor’s Note: Rudy and Lita Fernando were inseparable and an active LW couple, well-known to many here. The following is an appreciation from his longtime friend, Rhonda Sandberg.

“Jesus saw Nathanael coming to Him, and saith of him, ‘Behold an Israelite indeed, in whom is no guile.’”

—John 1:47, KJV

A present-day Nathanael passed from our midst on Aug. 31, 2021 at 2:49 p.m. Rudy Fernando was a Nathanael in every way.

Walt Trent, a fellow resident in Leisure World and friend of Rudy and myself, is the person who told me that he saw Rudy as a Nathanael, and he is exactly right.

To be without guile is to be void of insidious cunning, deception and duplicity. Rudy’s character in word and in deed was graced with honor, pure motives, and an unceasing love for God and His Word. He truly was completely without guile.

I met Rudy and his wonderful wife, Lita, at First Christian Church of Leisure World. Rudy greeted me with his beautiful, friendly smile and gave me a name tag, which he had made for every church member.

I noticed during the service that he and his wife served Communion, so I assumed he was a leader or elder in the church by his actions and service. (Always being thoughtful of things that are needed in the church, Rudy recently purchased new member books for those who wanted to join the church.)

When I began playing piano at First Christian, Rudy would approach me every Sunday after the service as he and Lita were cleaning up the Communion elements to tell me how much he enjoyed and appreciated my playing—he was ever the encourager. At our potlucks, Rudy was always present, helping to set up tables and to clean up afterward. His service to the church was continual and joyful at every turn.

My late friend Anita Ragole told me to approach Lita and Rudy about joining my new gospel choir, the Good News Singers, so I did.

Their membership in my choir became one of the biggest blessings of my life. Rudy served as vice president and often led the group in prayer and devotions. Lita offered to serve our audiences complete meals at every concert as a ministry.

This was a HUGE undertaking since we usually fed between 300 and 500 people each time! Lita solicited help from Melinda Nicolet and some of her relatives and friends, and Rudy worked right alongside Lita before and after the concerts, clearing tables, doing dishes, cleaning up, and then packing up leftover food for shut-ins and Leisure World security personnel.

After we cleaned up everything, Rudy always helped me to my car with all of my paraphernalia, which was usually a lot! Prior to the concerts, Rudy always asked me for the seating chart so he could make name tags for each seat so that the choir members would know where to sit. There is no doubt that the ministry of Lita and Rudy Fernando to the Good News Singers and to the attendees of our concerts was key to the success of the Good News Singers and a blessing to all who were present, particularly to me.

As if this ministry to the Good News Singers was not enough, Rudy and Lita volunteered to expand their ministry to the Leisure World Chorale, performing the same amazing tasks that they did for the Good News Singers, serving full meals to the concert-goers and choir members.

So, eight times each year, this precious couple “fed the 5,000” (John 6:10-11 KJV) with grace, joy and dignity.

Melinda Nicolet assisted each time, not only helping Lita with the concerts, but also serving beautiful potlucks for the Good News Singers’ rehearsals once every month! Even though Melinda and Lita headed up these marathon events, Rudy was always present and helping in every way.

I cannot mention Rudy without Lita because these two worked and served together as one. I called them “salt and pepper shakers” because they were a perfectly matched set and just looked so cute together. And the salt and pepper analogy suits them very well because they “seasoned” people’s lives with joy and grace and help wherever they went.

Rudy and Lita and I often ate with other friends at Madera’s Steak House for a time of fellowship or a celebration of birthdays and anniversaries. At every gathering, Rudy always led us in prayer and had a devotional Word

Rodolfo “Rudy” Fernando

to share.

He also loved the cheesecake there, so he enjoyed every bite of it with vigor!

When the pandemic began and so many were sheltered inside, Rudy and Lita became what I called “The Food Angels,” delivering food every day to many people in need.

Although I was not in need, they still faithfully came to my home in Rossmoor every day, not only to bring Lita’s amazing home cooking, but also to share a Word of Scripture that Rudy had prepared.

Because of these two, I was fed physically and Spiritually every day for over a year! Amazing!

Lita and Rudy Fernando

In 2020, Rudy and Lita celebrated their 50th wedding anniversary, so we held a lovely renewal of vows ceremony at First Christian. I even got to be their flower girl! We played a recording of “O Promise Me,” and Rudy was overcome with emotion, looking at his beautiful bride with love and tenderness. It was a lovely, heartfelt and touching ceremony because of who Rudy and Lita are as people. To have been a part of this service was an honor I will never forget.

Lita loved to go to the Seal Beach pier with Rudy every evening to enjoy the sunset, to walk on the beach and the pier. Lita would feed the seagulls, and Rudy enjoyed watching her intermingling with the birds and watching the fishermen.

This was a daily regimen for these two, and the seagulls looked forward to their arrival if they got there before sundown. After sundown was when the birds went to sleep, and Lita was always disappointed if she missed them, giving the food she brought to the fish instead.

When the church had to close down inside services for awhile, it was Rudy who I observed helping the pastor measure the outside area for a covering, for chairs, etc. His willingness to help in any way possible was always evident, and he served joyfully and faithfully with quiet humility, no matter the task.

Rudy loved his library of books.

An avid reader, Rudy was always sharing with anyone who would listen the latest books or articles or Scriptures he had read. The consistent desire to share his service, his joyful heart, his contributions, his knowledge and his help were all ever-present aspects of the character and demeanor of Rudy Fernando.

After one of my visits to Los Alamitos and a lunch with Rudy and Lita at Madera’s, they offered to drive me home to Lake Elsinore.

While they were here, I played a song on my keyboard that Rudy and Lita had introduced to me: “I Cast All My Cares Upon You,” by Kelly Willard. As I played, they sang, and I can still hear their lovely voices and their sincere hearts as they sang.

I loved that song so much that I arranged it for our Good News Singers. And Lita told me that Rudy made it the theme song for his devotions with her every morning. A few months ago, Lita asked me to record it so she could dance the hula to it in church. So now, whenever I hear or play or sing that song, it is Rudy and Lita who come to mind.

I thank God for the last time I saw Rudy and Lita for lunch at Madera’s, which was only about a month and a half ago.

We enjoyed ourselves immensely as always, and I still have a wonderful vision of the two of them getting into their car in the parking lot and waving to me, Lita looking beautiful and vibrant as always, and Rudy smiling and looking about 45 years old instead of 90, his youthful look being one of the many blessed gifts God gave him.

When I heard from Lita that Rudy was in the hospital ICU, I was praying for him, and God compelled me to go to my keyboard and play “I Cast All My Cares...” for Rudy, hoping and believing that he could somehow hear it in his Spirit. The words are very appropriate for his battle:

*I cast all my cares upon You
I lay all of my burdens down at Your feet
And any time I don’t know what to do
I will cast all my cares upon You.*

Rudy Fernando left a legacy for all of us of humility, joy in the Lord, consistent faith in God, a sincere and winning smile, and a beautiful example of true servanthood.

Beyond all of this, though, Rudy left us all with another legacy. He fought with every fiber of his being for his life in those last few weeks. While in the hospital, Rudy did everything in his power to try to beat his illness.

According to the Bible, which says in Ephesians 6:13 “having done all, to stand,” he chose to use all medical means to help him to fight the virus, which was not an easy decision for him.

But out of love for his family, Rudy became a warrior and fought his final battle valiantly. His bravery reminds me of an excerpt from one of my favorite poems by Dylan Thomas, which he wrote as his father fought his final battle. I utilized it at my own father’s memorial service because he fought his final battle with valour as well. These words speak of the hero in battle that Rudy Fernando displayed in his final days here on Earth:

*Do not go gentle into that good night...
But rage, rage against the dying of the light...*

Rudy raged like the good Christian soldier he is as he fought hard against the attack on his body. And then, when God began to call him Home, Rudy rested and trusted in the Lord as he gently transitioned in peace to His Heavenly abode.

What a great example for his wife, his children and his grandchildren. They can be so proud of him for “fighting the good fight of faith” (1 Timothy 6:12 KJV) in his last days.

Dearest Rudy,

I can already see you setting up your bookcases in your new Heavenly abode, putting your many beloved books in their places on the shelves.

And I can also see you looking over the edge of Heaven as one among the “great cloud of witnesses” (Hebrews 12:1 KJV), looking out for your wonderful Lita and your beautiful family.

I also have a feeling you will continue to sing “I Cast All My Cares” with Lita, surrounding her with the presence of your faithful Spiritual service to her and your family each morning, reminding her of the devotions that meant so much to both of you.

From myself, Rudy, I thank you for your beautiful, smiling, encouraging Spirit and your perfect example of servanthood. Jesus said, “And whosoever will be chief among you, let him be your servant” (Matthew 20:27 KJV). Rudy, you were “chief” among all of us who knew and loved you.

Thank you for being our present-day Nathanael. Your humbleness and meekness will last forever in my memory of you.

Gillon is a retired programmer/IT manager/web developer and continues to work on web projects as a volunteer.

Gillon joined the board of the Leisure World Historical Society (a 501c3 nonprofit educational foundation) in 2013. Her first project was setting up a computer to convert the society's 150 VHS tapes to digital files and create a YouTube channel to host the videos. Board member Richard Erickson came in many times a week to convert videos, which had to be played while the conversion was done. As of August, the Historical Society Youtube channel has been viewed by 117,766 people.

Gillon became president of the Historical Society in 2018. She has also served on other boards in Leisure World such as the Golden Age Foundation.

In 2019, the Historical Society partnered with the University of California in Irvine to open an archive for Leisure World at the UCI campus. The original LW newspapers, documents, and photos were moved to UCI. Residents can visit the archive and see the materials at the university Langston Library. Before the move, Gillon scanned over 4,500 photos and documents. Video producer Owen Hughes also filmed the Historical Society and the UCI archive as part of his video "The Beginning of Leisure World" during that time.

There are many materials at the Historical Society in Clubhouse 1 for people to view, including artwork by Leisure World artists, digital photo collections, the LW news on microfilm from 1962-1999, digital copies of the LW paper from 2009 to the present, sales brochures from the 1960s, aerial photos, artifacts, 1960s maps of Leisure World, digitized copies of the Golden Rain Foundation's minutes from 1962-1972, court records from some of the past lawsuits such as the *Golden Rain Foundation*

Margaret Gillon

vs. the Leisure World Foundation 1965, digital copies of construction photos of Seal Beach Leisure World being built, and so much more. It is open every Thursday from 2-4 p.m. in Clubhouse 1.

SB FARMERS MARKET

Find specialty teas to fit your needs

by Ellen Brannigan

LW contributor

"Don't spill the tea, drink it" is the slogan for the Premier Tea Company, one of the Farmers Market's newest vendors. Paul Lara from Whittier will explain the many health benefits provided by these premium loose-leaf herbs and teas. All the teas in powder or loose-leaf form can be taken hot or cold, plain or in a warm beverage such as coffee.

The vendor has teas to provide relief for many different ailments; "Anxietea" calms anxiety and stress, and the "Golden Milk" blend can help inflammation and joint pain. One of Lara's favorite blends is "Hawaiian Paradise," which supports kidneys and helps lower blood pressure.

The Seal Beach Farmers Market, at the junction of Westminster and Seal Beach Boulevards, is held every Tuesday, rain or shine, from 9 a.m.-1 p.m. Bring friends to enjoy fresh fruits, vegetables, tamales, pupusas, lemonade, nuts, pastries, eggs and other healthy products every week.

SENIOR PEACE CLUB

Sept. 16 meeting will take place via Zoom

The Senior Peace Club's next meeting will be held on Thursday, Sept. 16, at 3:30 p.m. via Zoom.

After just one in-person meeting, the club regrettably must resort back to the Zoom meeting format, as it is the only way to get this important program out to members during the surge of the COVID-19 delta variant. The meeting is being held on a different day and time than normal to allow for the availability of the speaker.

The meeting, which was rescheduled from August, will explain the new ethnic studies program being implemented in Los Alamitos and various other California school districts.

The club's speaker, who wishes to remain anonymous, is a professor of ethnic studies and teacher education at a local university. The professor lives in Los Alamitos and has children attending school there. The speaker will explain what the Ethnic Studies program is and what it is not. There has been a lot of controversy surrounding the new program with a lot of misinformation being promulgated. The Senior Peace Club hopes to clear up any confusion about the program during the meeting. A question-and-answer period will be held at the end of the presentation.

To join the Zoom meeting, go to <https://us02web.zoom.us/j/86896188281?pwd=M0dCeklMR0dGdXBZZnJKNEg0RG03UT09>. People can join by calling (669) 900-6833 for audio only. The meeting ID is 868 9618 8281, and the password is 667699.

For more information, call Jacque Clarke at (562) 896-4453.

Democratic Club

by Mary Larson
LW contributor

As of Sept. 1, nearly 4.7 million Californians have already voted in the special election; of this number, the votes cast by Democrats were more than two times the number of Republicans, with most of those votes coming from the San Francisco area.

In Orange County, 168,664 of the over 407,000 ballots cast by Sept. 1 had come from Democrats, and 136,151 were from Republicans. With the vote in Orange County this close, how the 76,776 persons with no preferred party registration had voted could very well swing the election in either direction.

No definitive information was available as to how many Leisure World residents had already voted by Sept. 1. However, the turnout by Democrats appears to be high.

After the Presidential election in 2016, many voters saw far too late the painful consequence of assuming that far-fetched election results couldn't happen.

The recall election facing

Gov. Gavin Newsom on Sept. 14 is bringing this lesson forward once again.

Just as in 2016, Californians are facing a tight election. And just as in 2016, should Democrats fail to stop the recall of Newsom, the result could permanently harm the state. Every vote in every election, especially in this one, is important.

Any Democrat or supporter still needing assistance in getting his or her ballot to the Leisure World official Ballot Drop Box, located on St. Andrews Drive by the Amphitheater, should call (562) 296-8521.

Those who want to vote in person are reminded that they can do so at the voting center beginning Saturday, Sept. 11, at the fire station located just outside the North Gate. Those who have not registered to vote can do so "conditionally" at the same center.

... The speaker at the next LW

Democratic Club membership meeting will be Marlys Davidson, president of the Los Alamitos USD School Board. A teacher in the district for 25 years, Davidson was elected to the board in 2018 and will be running for re-election in 2022.

The meeting will be held on Wednesday, Sept. 15, at noon via Zoom. Login information will be sent to subscribers of the club's newsletter. Other LW Democrats who want to join the meeting should call (562) 412-0898 well in advance.

... LW Democrats and supporters who are interested in more in-depth and up-to-date reporting on the issues can subscribe to the club's electronic newsletter. There is no charge, although readers are encouraged to join the club if they are not already members. People can email democraticclubsblw@gmail.com or call the editor, Mary Larson, at (562) 296-8521 to subscribe.

Club members can get to know each other at the last summer picnic of the year.

Paws, Claws and Beaks final summer picnic is today

The next Paws, Claws and Beaks Club meeting is today, Sept. 9, in the picnic area of Clubhouse 1 at noon. There will not be a potluck of homemade or shareable dishes. The club will create a prepackaged sack lunch for members only, so an RSVP is required. This will be the

last summer picnic of the year. The club will also begin planning for its upcoming members-only Halloween party and pet parade.

GAF is looking for new Mobility Aid volunteers

The Golden Age Foundation (GAF) is looking for volunteers to help run the Mobility Aids office on Tuesdays or Thursdays from 9-11 a.m.

The Mobility Aids Program loans out walkers and wheelchairs from its office as well as transports

mobility aids to LWers in need. It is located in Clubhouse 6 and open Monday-Friday from 9-11 a.m.

Marilyn Long, who is new to the volunteer team, has this to share about her experience: "I have several years of volunteer-

ing experience; however, helping people as a Mobility Aids volunteer is the most rewarding job I have ever had."

To sign up for an inspiring volunteer opportunity at the Mobility Aids office, call Brenda Thomason at (626) 833-6641.

Republican Club

by Brian Harmon
LW contributor

Tuesday, Sept. 14, is the election to recall Gov. Gavin Newsom. LW Republican Club volunteers will be manning the booth outside Clubhouse 6 every day from 11 a.m.-2 p.m. to answer questions or help in any way possible.

People still have time to vote by mail-in ballots, depositing ballots in the official drop box in the Amphitheater parking lot, dropping it off at the Republican Club booth, or by voting in person at the fire station outside the LW North Gate at Seal Beach Boulevard.

The recall movement was sparked in part by Newsom's strict shutdowns during the early months of the pandemic that included limiting capacities at indoor church gatherings. While the state was virtually shut down, Newsom attended a gathering of some of his wealthiest donors at one of the most expensive restaurants in the state. The governor and his friends were photographed not wearing masks, which pushed more people to sign the petition for a recall election.

The recall is predicted to be very close, especially with Newsom having raised "tens of millions more than recall leaders and GOP candidates," according to the Los Angeles Times.

In fact, on Aug. 31, the Guardian said, "(The Newsom campaign) total is on track to raise \$70 million more before all is said and done. The pro-recall effort, by contrast, has raised about \$8 million."

According to the Guardian, conservative attorney and talk show host Larry Elder has raised over \$6 million, about as much as all the other Republican candidates put together. The LW Republican Club has endorsed Elder to be Newsom's replacement should he be recalled.

Italian American Club

Due to COVID-19 and delta surges, the Italian American Club has suspended all meetings until further notice. The club asks its members to stay mindful, masked and safe until the club can meet in person again.

LW RV Club

Due to the recent COVID-19 surges, the Leisure World RV Club Board has decided to temporarily cancel activities, beginning with the fall picnic that was scheduled for this month. The club will resume activities when safe conditions return.

Donate to the GAF while shopping

The Golden Age Foundation (GAF) is a nonprofit 501(c)(3) charitable organization dedicated to making Leisure World a better place to live.

The GAF must raise funds throughout the year to continue providing services to the community. There are now two simple ways for LWers to donate to the GAF without any additional cost.

Shareholders can donate to the GAF during their weekly grocery shopping trip without having to spend more money, thanks to the Ralphs Rewards Program.

Ralphs announced that it is committed to giving over \$2 million through its Community Contributions program. By simply signing up and doing your regular grocery shopping, you can help GAF receive a portion of those funds.

Those interested can sign up for the Ralphs Rewards program by phone or through the Ralphs website at www.ralphs.com. You will need your Ralphs Rewards card number or the phone number associated with the account to sign up.

To register over the phone, call (800) 443-4438. Make sure to say GAF's nonprofit organization (NPO) number, FS 519, during registration.

... Amazon Smile is a unique, charitable award program funded through Amazon for qualified nonprofit organizations like the GAF. With every purchase through Amazon, a small percentage of the purchase will go to the GAF at no additional cost.

When enrolling in Amazon Smile, make sure to choose your charitable organization as the Golden Age Foundation Seal Beach. Below are step-by-step instructions on how to get started with Amazon Smile:

1. Sign in to your existing Amazon account. If you don't have an Amazon account, you can create one for free.
2. Type Golden Age Foundation Inc. as the charity you want to support. Make sure the location is set in Seal Beach, California.
3. Don't forget to start at www.smileamazon.com when you shop. For more information, go to www.GoldenAgeFdn.org or call Anna Derby at (562) 301-5339.

In-person and wheel-friendly races will take over the streets of Los Alamitos.

Fun races and events combine for Week of Los Al

Race Los Al (formerly Race on the Base) returns to the streets of Los Alamitos for its 40th year on Sept. 17. The two-day event includes a Glow in the Dark Run and Groovin' Glide and virtual and in-person 5K and 10K run/walks and a 10K wheelchair/handcycle. This year's 5K/10K course will both start and finish at Pine Street and Florista Avenue, location of the My City, My Los Al Street Fair. The fun starts on Friday, Sept. 17, with the the Groovin' Glide at 7 p.m. Participants are invited to gear up in '80s fashions, then lace up roller skates of any variety for this 1.5-mile course that's open to all ages. The Glow in the Dark Run starts half an hour later, with 0.75- and 1.5-mile options. It's also for all ages and is open to runners and walkers. Both events are non-competitive, and event organizers remind everyone to take it "nice and easy" at the start to avoid causing any injury to others. The evening's events also include a Glow in the Dark-themed costume contest, in which attendees are invited to bring their own creative flair to the race. It's a family-friendly event, so costume pieces should be appropriate for the general public. They should also be properly attached so as to not become a trip hazard on the course. Prizes will be awarded

for best family-friendly theme, "wacky neon" and best imagination. Winners must be present, with their race bibs on, at the time of judging. Saturday's race starts with an opening ceremony at the starting line at 7:55 a.m. Beforehand, registered racers and spectators are welcome to peruse the surrounding Health & Fitness Expo. Participants in the 5K and 10K run/walks and 10K wheelchair/handcycle take off at 8 a.m. and should return in time for the street fair at 10 a.m. The My City, My Street Fair, which runs Sept. 17 from 4-8 p.m. and Sept. 18 from 10 a.m.-8 p.m., will feature more than 60 vendors from Los Alamitos and neighboring cities, many of them offering give-aways, race merchandise, active clothing and shoes, and food and drinks. There will also be a farmers market and performances from live bands. Race Los Al also offers the Honoring Our Fallen Virtual 5K Run/Walk. Participants can honor America's fallen heroes from anywhere in the world by completing a 5K run or 5K walk at their leisure. Race fees benefit Honoring Our Fallen, a Garden Grove-based organization that provides programs and services that support the grieving families

of U.S. service members. To register, go to raceroster.com/events/2021/47806/race-los-al or at the registration tent on the day of the event(s) on Pine Street, between Katella Avenue and Florista Street. Bibs can be picked up at that tent starting at 4 p.m. on Sept. 17.

Community Karaoke

Searching for something new to sing? Community Karaoke has several songbooks available for its Wednesday-night parties. There is a one with songs listed alphabetically by artist and category. There, you'll find all the popular hits by Frank Sinatra, Elvis Presley, Reba McEntire, Anne Murray and more. It even has show tunes, gospel selections, Christmas carols, Irish diddies and patriotic numbers. Another songbook lists about 20,000 selections alphabetically by title, alongside the various artists who recorded them. Singers are welcome to join the Monday practice sessions from 1-3 p.m. upstairs in Clubhouse 6. This is a chance to try out something new, possibly something discovered in those songbooks, in front of an encouraging group in a comfortable room. Karaoke parties are on Wednesdays in Clubhouse 1, beginning at 5:30 p.m. Fresh coffee and a tasty treat are often available. Everyone is welcome, whether or not they sing, to enjoy their neighbors' company in a fun environment.

There were 43 ladies participating in the Aug. 31 Women's Golf Club tournament. The challenge for that game was each member was required to hit her golf ball from the men's blue tees, situated at each tee box. The President's Trophy golf tournament is set for Sept. 14 and 21. All ladies competing must play both days. To qualify, each member must have played at least six nine-hole rounds of golf at Leisure World's Turtle Lake Golf Course since March 1. Lu DeSantis

Ben Berg is ready to rock the house with “Ben’s Boogie Woogie.”

Let the Good Times Roll

Ben Berg, formerly of the Rhythm Rockers band, returns to the Clubhouse 2 stage on Sept. 18 for the “American Bandstand”-themed doo-wop show by Let the Good Times Roll. “Everyone will want to ‘Shake, Rattle and Roll’ when Ben takes the stage,” says club president Frank Destra.

While keeping alive the spirit of “the show must go on,” the Doo Wop Club is also dedicated to promoting good health and safety. The members encourage everyone at Leisure World to follow CDC guidance and wear a face covering indoors at all social gatherings, wash hands often with soap, and keep a safe social distance of at least 3 feet around you.

“Then the show can go on!” club member Lu Desantis says. “Our joy is seeing our guests smiling, dancing and having a good time.”

Friends of the Library

Friends of the Leisure World Library Bookstore will host a BIG Book Sale Sept. 9-10 from 11 a.m.-3 p.m. Shoppers need to bring their own bag(s); for \$2 per bag, they can fill them with any books from inside the store—hardbacks, paperbacks, children’s books, coffee table books, nonfiction, books on CD, etc.

Masks are required. The number of customers inside the store will be limited as necessary. LWers are asked to hold all donations until the bookstore reopens, possibly in early October.

Photo Arts Club

The Sept. 9 meeting of the Photo Arts Club has been cancelled. It’s anticipated that the program planned by Ben Benjamins—a continuation of his review of camera basics, with a focus on aperture—will be presented at the meeting planned for Oct. 14 at 1:30 p.m. in Clubhouse 3, Room 5. Everyone is welcome.

The assignment for that meeting is for members to bring a photo they have made showing action by adjusting the shutter speed; examples include a pendulum on a grandfather clock, a flying bird, a moving car, etc. The photo should be cropped to emphasize the subject. Members will vote to choose the winners.

Good news from the Photo Arts Club: Hanging rods have been installed in Clubhouse 3. The winning images from two months ago are now on display.

For more information about the club, call Regine Schumacher at (562) 430-7978.

—Esther Cummings

Mutual 1 resident Debbi Fudge was in the audience on Aug. 29 at the Long Beach Shakespeare Co.’s production of “A Midsummer Night’s Dream.” The theater troupe recently reopened with limited live performances.

Shuffleboard

Due to COVID concerns, the proposed Sept. 15 meeting of the Shuffleboard Club has been postponed. The club intends to restart playing as soon as safely possible; watch for updates on future activities.

Carrie Kistner will return as president, as will treasurer Sally Fowler, advertising and communication chairman Dave LaCascia and vice president Ellie West. Taking over membership duties from past chairwoman Geri McNulty will be Kay Mount, and past secretary Mary Milhone will turn the reins over to Maureen “Mo” Habel.

Shuffleboard is a low-impact sport that gets people off the couch, is easy to learn and is fun exercise. Members of the club also enjoy the fraternization and socialization, meeting new people while having an entertaining time. Throughout the year, there are several tournaments, including a Turkey Shoot (at Thanksgiving) and a Ham Shoot (at Easter). The club sponsors periodic happy hours and other social events, and many players attend a luncheon outside the community on the last Friday of the month. There are also plans to have evening parties around Christmas, Valentine’s Day and St. Patrick Day.

For more information, contact Dave LaCascia at (801) 674-5975.

Art League

The September meeting of the LW Art League has been canceled because of the rise in COVID cases. The club’s officers will later decide whether to hold an October meeting and encourage everyone to stay safe.

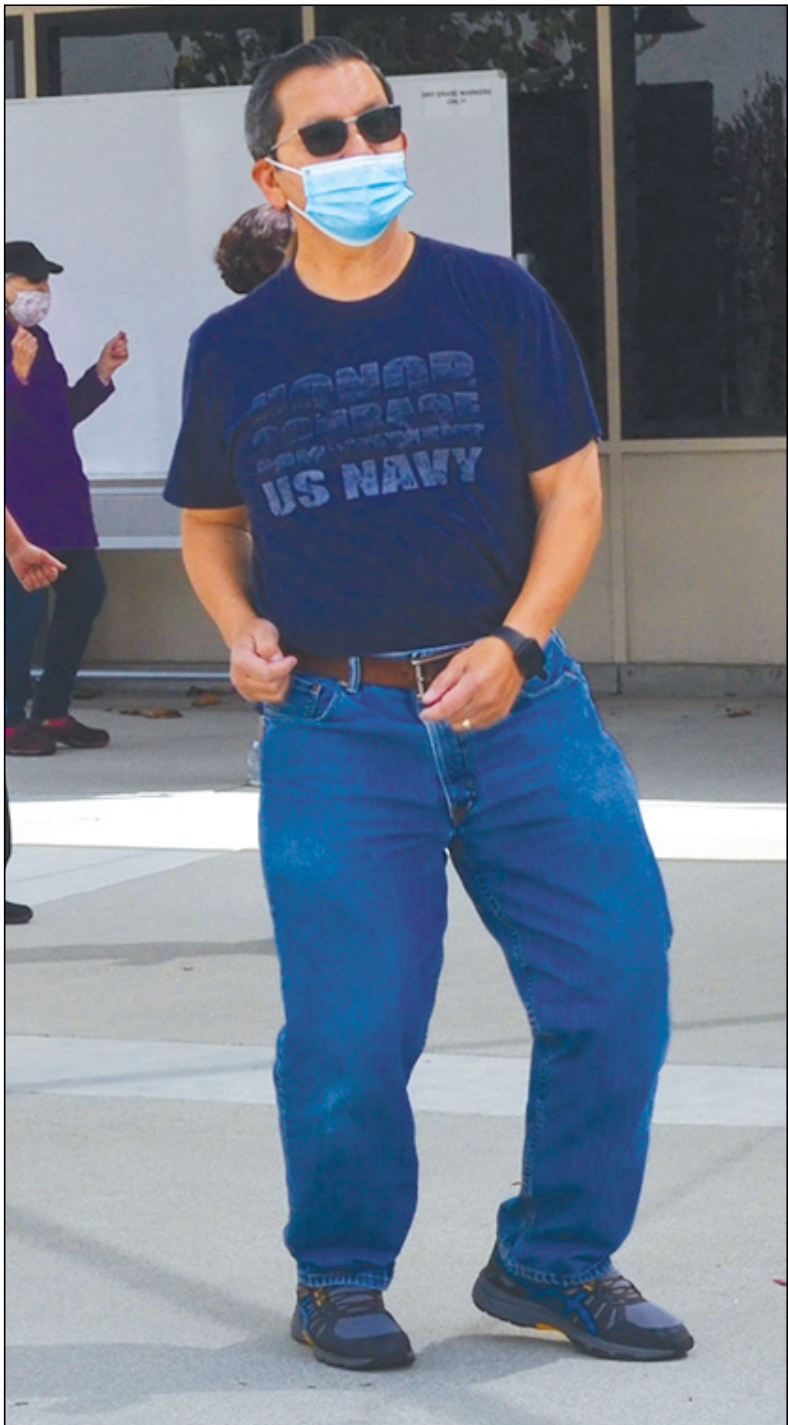

Men’s Golf League

On Aug. 27, 14 men and one woman of the LW Golf League endured the heat and humidity at Huntington Beach’s Meadowlark Golf Course, a 5,600-yard, par-70, 18-hole course that has numerous elevation changes, as well as some serious water hazards and difficult sand traps. It’s well-maintained, with narrow fairways and several sloping or slanted greens that make approach shots very demanding. The course also offers several large practice areas.

Temperatures rose quickly that morning, and humidity was an issue. With the great conditions and little wind, the golfers generated just three at- or under-par rounds and four birdies.

All scores are net (gross minus handicap). A Flight handicap is 0-20, and B Flight over 20.

A Flight Winners: First place: Dave LaCascia, 1 under 69; second: Gary Stivers, even par 70; third: tie between Clay Fischer and Tim Looney, 1 over 71; fourth: tie between Sam Choi and recent retiree Jim Goltra, 3 over 73; fifth: tie between Bill McKusky and Fujio Norihiro. Jim Goltra had fewest putts and two birdies and was closest to the pin on the 150-yard, par-3 16th hole. LaCascia and Looney tied for closest on the 140-yard, par-3 seventh hole, and Looney and

Patty Marsters

Joyful Line Dance—led by Albert Comia (pictured), Anna Derby, Chung Cha Lewis, Connie Peck, Daisy Ramos and George Pinada—is temporarily holding classes in Veterans Plaza because of the increase in COVID cases within the community. Face masks and exercise shoes are mandatory. Classes are limited to 32 people; text (562) 301-5339 to reserve a spot.

Fischer had a birdie each.

B Flight Winners: First place: Chris Lankford, 2 under 68; second: Tom Ross, 2 over 72; third: Bob Munn, 3 over 73, plus fewest putts; fourth: Gene Vesely; fifth: Bob Meripol; sixth: tie between Liz Meripol and Lowell Goltra.

At the David L. Baker Golf Course in Fountain Valley on Aug. 30, 13 men and one woman competed on the par-62, 4,000-yard course. It’s an executive course, which means it’s shorter and takes less time to play.

It was an initially overcast, humid morning, with cool temps. The greens, tee boxes, and fairways were again in excellent shape. The course had been well-watered overnight, and with sun and high humidity, the fairways and greens stayed wet throughout the round. The wetness usually translates to receptive greens, and with the tees in the middle positions, the golfers were able to convert this into low scoring. Nine players were significantly under par, and there were seven birdies.

A Flight Winners: First place: tie between Stivers and Jim Goltra, a very nice 5 under 57; second: Ron Jackson, a terrific 4 under 62; third: tie between Norihiro, Fischer and LaCascia, a well-played 3 under 59; fourth: tie between Larry Hillhouse,

Choi and McKusky. Stivers and Choi tied for fewest putts. Single birdies were carded by LaCascia, Jackson and McKusky, while Fischer had three. Closest to the pin on the 100-yard, par-3 third hole was Jackson, and Jim Goltra was closest on the 110-yard, par-3 15th hole.

B Flight Winners: First place: Munn, a marvelous 9 under 53, plus fewest putts; second: Vesely, a great 8 under 54; third: Chris Lankford, a sweet 7 under 55, plus a birdie; fourth: Lowell Goltra, 1 over 63; fifth: Dale Quinn.

Friends, ladies, spouses and family are all welcome to play and/or join. The league plays at four local courses, all within 15 minutes of Leisure World. The courses the group play are always quite full, so advance reservations with the league have become the norm, with a sign-up sheet available at each round.

There is a prize pool for each round that players are not obligated to enter. Rewards are given for low net, birdies, closest to the pin on two par-3s, and the lowest number of putts in each flight. Holes-in-one and eagles (2 under par), although infrequent, are generously rewarded. If interested, contact Gary Stivers at (714) 313-3697 or LaCascia at (801) 674-5975.

Birthday Balloons

His 15-year-old granddaughter came over with birthday balloons, floating ones which said, *Happy, Happy Birthday, Party Hearty, Birthday King, and Caution: Senior Moments Ahead.*

She said, *Grandpa, I like your poetry book. Where do you get your ideas from?*

Oh sweetheart, he said, ideas are all around. You just have to see them. She raised her eyebrows slightly, and didn’t understand. But Grandpa appreciated her question.

The helium balloons bobbed against the ceiling for weeks. *Caution: Senior Moments Ahead* slowly, day by day, shrank and inexorably sank closer and closer to the ground. (Ideas are all around!)

• There is only one valid solution to each Sudoku puzzle. The only way the puzzle can be considered solved correctly is when all 81 boxes contain numbers and the other Sudoku rules have been followed.
• When you start a game of Sudoku, some blocks will be pre-filled for you. You cannot change these numbers in the course of the game.
• Each column must contain all of the numbers 1 through 9 and no two numbers in the same column of a Sudoku puzzle can be the same.
• Each row must contain all of the numbers 1 through 9 and no two numbers in the same row of a Sudoku puzzle can be the same.
• Each block must contain all of the numbers 1 through 9 and no two numbers in the same block of a Sudoku puzzle can be the same.

CAMERAS from page 2

to the Main Street areas. Cameras can become the “eyes” of the city without having to put more officers out on the street.

A command console has been established from which specially trained staff can monitor video feeds in the vatch commander’s office and West-Comm Dispatch Center.

People monitoring the camera system will have the ability to control cameras remotely to follow events as they occur. Most cameras have a 1280-by-720 pixel resolution.

The average cost per camera is approximately \$2,000. As a cost savings measure, cameras were built in-house using component parts.

In the interest of full transparency, the locations of the network cameras are as follows:

Seal Beach Police Department, Seal Beach City Hall, Marina Center Park, First Street Public Works Building, San Gabriel River, bike path/First Street park, Central/Main streets, SBPD Substation/lifeguard headquarters, north and south sides of pier, Zero Tower, and in front of substation.

Future installations include: Public Works, Public Works Utility buildings, traffic cameras on Seal Beach Boulevard and Westminster, Bay Theater, and Chase Bank.

In addition to the law enforcement function of these cameras, the system will also be used to support city departments.

For example, during rain events when flooding is antici-

The command console has specially trained staff monitoring video feeds at the West-Comm Dispatch Center.

pated, the camera system can be used to assist Public Works and responding patrol officers to assess flooded areas more quickly.

A couple of additional items to note specifically related to the network cameras:

- They do not contain facial-recognition software.
- They are not recording audio conversations.
- Only select Seal Beach Police Department staffers have access to the system.
- They follow through on two of the components of the 2021 Seal Beach Police Department CARES Campaign—“C”ommunity Traffic Safety and “R”esponsive to Quality of Life Issues.

• They align with the Main Street Revitalization project.

• They are used to capture crime and deter crime from happening, particularly since these cameras are placed in full view

and not hidden.

• Cameras are not meant to replace police patrols of certain areas of the city, but rather to provide an additional tool for responding officers.

• They will also be used to monitor surf conditions and provide lifeguards with more information regarding the San Gabriel River trail and jetty, the Pacific Ocean, public facilities; and community parks

“By creating innovative and cost-effective solutions, such as the use of video surveillance as a crime fighting tool and police force multiplier, our ability to help solve crimes and collect evidence is greatly increased,” said Chief of Police Philip L. Gonshak.

For more information about the network camera system, contact Lt. Nick Nicholas at (562) 799-4100, ext. 1160, or nnicholas@sealbeachca.gov.
