REAL ESTATE

2022's hot market has officially cooled

End-of-year data on escrows in Leisure World indicate that, after a hot market for real estate in 2022, the market is cooling down—evidenced by declining home prices and a decline in the number of home sales in 2023.

Prices for homes in 2023 were 19% lower on average compared to 2022, and 11% fewer homes sold. The busiest months were April, August and October.

The move-in fee associated with escrows helps offset assessments.

Despite the slowdown, LW's real estate market remains active. As of Dec. 31, 2023, there were 40-70 active MLS listings in each Mutual.

See page 2 for more information on escrows.

Cars line up at the North Gate on Jan. 17, the first day Leisure World's new gate access system was implemented.

Long-awaited gate access system implemented

espite some anticipated hiccups, Leisure World's long-awaited gate access system was fully implemented on Jan. 17, ushering in a new, more modern approach to community security.

The new system will allow GRF Security to track the entry and exit of residents, guests and contractors; be more agile in its adjustments to guest passes; and offer residents more technologically advanced options to manage gate access.

The implementation period, which is still ongoing, was not executed without difficulty.

In the first 10 hours of the program, beginning 7 a.m. on Jan. 17, Security issued a record-breaking 806 visitor passes. At all three gates, over 4,120 entries were recorded—meaning over 400 vehicles

entered the community each hour.

"As you can imagine, with such historically large number of entries, there were times where back-ups were significant," said Security Director Victor Rocha.

Even with the brisk pace of issuing passes, there were times where many vehicles came at once, and just as in the past, the line built up quickly.

The issuance of permanent passes took the longest, with an average time of 45-60 seconds to issue these passes in the visitor lane. There were many questions asked by visitors, which also slowed the process.

Rocha said there was a bright side to long initial wait times: now, when permanent visitors obtain their pass and return to the community, it will only take a quick 5-10 second scan of their pass to verify entry and then they may drive on through.

"We are going to rely on the patience of our residents and visitors as the new passes are issued," Rocha said. "We have over 10,000 permanent passes still to issue, so delays will be inevitable. However, we are putting revised plans in place to relieve pressure at the Main Gate and to expediate vehicles even more quickly."

A reminder on the basics of entry for residents and guests:

Resident Entry

• A valid RFID tag or valid Leisure World Identification Card is required. (Decals are not valid for entry—they are for Mutual use for carport parking).

COVID-19

Optum Health Care Center now requires masks for appointments

People must wear masks to enter the Optum Health Care Center in

Leisure World, as indicated by new signage.

Flu and COVID-19 cases are rising again. As a result, Optum workers have returned to wearing masks in all clinics. Masks offer an extra layer of protection for high-risk patients. Once the transmission of these illnesses declines, Optum will return to optional masking.

To stay safe, people are encouraged to ask their doctor if they're up to date on their shots. People should get all the shots their doctor suggests, and keep in mind that they may need to take some shots again later.

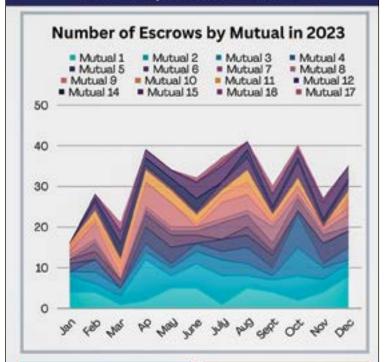

People can take everyday steps to keep from getting sick. Individuals should stay away from people who are sick; cover their mouths when coughing or sneezing if they feel sick; wash hands with soap and water or use an alcohol-based hand sanitizer; and try not to touch their eyes, nose and mouth, as it can encourage the spread of bacteria and viruses.

To track flu and COVID-19 activity, visit *cdc.gov/respiratory-viruses/*.

GRF sets out coyote traps as mating season begins

't's coyote mating season in California, a period from January through March when coyotes have increased appetites and will likely be seen more than other months.

In December, Security reported 28 coyote sightings. In response to concerns from residents about ongoing coyote sightings, GRF hired All City Animal Trapping in September, who set up three traps in various locations on trust property. Those traps were unsuccessful at trapping any coyotes.

Recently, the traps were moved to new locations and re-baited with raw chicken.

The traps are humane cages, and residents are asked to leave them alone. A licensed professional will handle the removal of traps and coyotes.

It is important for residents to take extra precaution during the courting season. That means supervising pets when they go outside, even if it's just in the back yard. Coyotes are generally reclusive but, in extreme circumstances, might see household dogs as threats or competition and attack.

If any resident comes across an approaching coyote, it is important to immediately use negative reinforcement, often called hazing.

It's important to use a variety of different hazing tools so that coyotes don't get used to redundant or single stimulus devices,

It is important not to engage with a coyote, even if it seems sick or lethargic.

Coyotes can live in almost

any habitat in California, from arid deserts in the south to wet meadows and foggy coastal regions in the north. Some of the highest population densities on record occur in suburban Southern California.

One way to reduce their proximity to suburban areas is by reducing pet waste, food, and trash left outside, as well as water sources.

Coyote sightings will continue to rise through the summer. March and April will bring denning season—that period during summer after gestation when young and curious pups venture into urban neighborhoods in search of food and new turf.

To report a coyote sighting, call Security at 562-594-4754.

GRF Vehicle Sale

Each fourth Saturday, authorized residents have the opportunity to sell any used motorized vehicle in the Administration ParkingLot from 8 a.m.-4 p.m.

Vehicles must have current DMV registrations, GRF decals and be

insured. In addition to cars, motorhomes, motorcycles, golf carts, bikes, trikes and scooters may be sold.

The owner or representative does not need to be present but is allowed to display a single "for sale" sign no larger than 18" by 24" on the vehicle, to include a phone number.

The sale is open to Leisure World residents only and the guests they call in. The public will not be able to sell at the events. This is a self-managed event where residents can meet and buy or sell a vehicle on their own.

For more information, contact Recreation at 562-431-6586, ext. 398.

Free Safety Classes from LW CERT Club

CERT stands for Community Emergency Response Team. The LW CERT Club is dedicated to learning and teaching skills to keep ourselves and others safe in an emergency.

The club conducts CERT classes every month, and classes are open to all residents.

January's safety topic is creating a personal "Family Emergency Communication Plan."

Every class is 40 minutes, and includes simple, practical steps people can take to be prepared for an emergency. The group will meet Friday, Jan. 26, at 9 a.m. in Clubhouse 3, Room 9.

LWer remembers MLK and lasting impact he had

by Bonnie Coomes LW contributor

Last year on Martin Luther King, Jr. Day, I listened to a speech made by Dick Gregory in 1983, and it brought back a profound memory for me.

I first met Dr. King in 1963, and I was just beginning to date a young man from my home state, Wisconsin.

We were students at the University of Wisconsin in Madison. We were both Methodist and members of the MSM or Methodist Student Movement, which was much more liberal than the Methodist Church I had grown up in in a small farm community in Western

That year, the national MSM meeting was held in Omaha, Nebraska, and Fred and I decided to attend the conference. Dr. King was the keynote speaker. I remember being in the audience as he spoke. I listened intently, and chills ran down my spine as he talked. After his speech, I was able to shake his hand. It was such a privilege.

Prior to this, I had been engaged to a young medical student in Lacrosse, Wisconsin, for one-half of a day. His name was Motilal Persaud. He was East Indian and had dark skin. When I asked him home to meet my parents, they wouldn't let him in the door. I was 18 years

old and very naive. They insisted that he was Black and would not let him in the door. Obviously, they were very prejudiced, and I was a very immature 18-yearold. I broke my engagement to this very intelligent, caring young man and have been sorry ever since.

As I listened to Dr. King's speech, a moment happened I will never forget. Those of us in the audience crossed our arms and held onto the hands of the students next to us. In my case, one was a white girl from a southern state and the other was a Black student. As we sang "We Shall Overcome Some Day," I felt chills run through me, and tears were rolling down my face.

I am unable to describe or name what I was feeling that day, but I believe it had a great deal to do with why I tried to get to the Selma March of 1965 and why I later adopted a biracial child. That moment in Omaha, Nebraska, did not change my life, but certainly set me on a path to who I am today.

A friend in Leisure World called me a "racist." He said that I was against the white race after he read my story in a publication put out by the Leisure World Creative Writers Club.

A week later, he, on the commemoration of Dr. King's birthday, said that he didn't mean it. He just wanted me to think about it. I have. I believe that we are all one race, the human race. Under our law so far, that is the law. We all deserve equal rights and every individual who believes in honoring this must treat his or her fellow human beings with dignity.

My experience with Dr. King, plus many other experiences, have taught me a morality my churches have never came close to. I am proud and honored to have met this great manperhaps not a perfect man but an honorable one.

Editor:

It is estimated that Leisure World Seal Beach has approximately 9,600 current residents. Twice that number, between 15,000-20,000 illegal immigrants are being "permitted" to enter the United States every single day, under Joe Biden, Alex Mayorkas and the Democrat Party.

This does not include the hundreds/thousands of "gotaways" that evade the border processing centers.

How many of those "illegal immigrants" mean us ill will— 5%, 10%, 1%? One percent of 30 million is 300,000.

Besides the risk of terror, drugs and crime, there is also a financial cost associated with illegal immigration. It is estimated at \$451 billion per year. This expense, along with countless other non-constitutionally defined expenditures has run our national debt above \$34 trillion.

This week, Gov. Gavin Newsom has proposed giving all illegal immigrants who reside in California health care, in the form of Medicaid. California, it should be noted, announced a deficit for the year 2023 of \$68 billion. With countless wealthy taxpayers leaving the Golden State, who do we think will be taxed to pay for this shortfall?

Even rapper 50 Cent derided Newsom's plan, saying; "I don't understand this; this it going to cost 2.6 billion dollars for tax payers. They don't even give veterans health insurance."

America is being invaded, by mostly fighting aged males. The Democrat Party are its enablers. JFK's Democrat Party is dead. The current iteration of the Party is influenced by Marx, Marcuse, Mao, Cloward, Piven, Alinsky and Obama.

What is the end-game, if not the destruction of our Republic? Earick Ward Mutual 7

Editor:

It is such a pleasure to drive on roads where people have their headlights on, day and night. We see it more and more every week, it seems. I mentioned it to my grandson one day, and he said, "It's the only way to drive."

However, it's disappointing to not see all headlights on in Leisure World. Do you know what it means when someone double-flashes their headlights when they are driving toward you? It means put your head-

So I flash my headlights twice to signal to oncoming drivers. And the response? Nothing. Are California drivers really that ignorant?

You would think that people who live in an area where many neighbors are having trouble

seeing or hearing would be more aware of their responsibility to think of that. If a car is coming toward you from the end of the block, a gray car on a gray day, how fast is it going? Is it going to turn? This is not a guessing game, we need to be more aware. And we need to be more safe and care more about the safety of others.

When you get ready to drive, first turn on your engine. Then, turn on your headlights. Simple. Lynne Burt-Jenkins Mutual 7

2024 GRF and Mutual election and annual meeting schedule

Mutual election cycle begins; Directors are needed to serve

The community unity of Leisure World Seal Beach is a direct result of volunteer work by Mutual and GRF Board members duly elected to serve their Mutuals and residents. This community was founded on the premise that the Mutual Boards and the elected Board of Directors work alongside on day-to-day operations of each Mutual Corporation. Directors address the issues of most importance to their electorate—the shareholders, whereas the Board of Directors finds solutions to existing problems.

Leisure World Seal Beach has many residents with experience in various fields, who could make a difference by becoming a candidate for a director's position on their Mutual's Board of Directors.

Hazardous Waste and E-waste Disposal

Leftover household products such as paints, cleaners, oils, batteries and pesticides that contain corrosive, toxic, ignitable or reactive ingredients are considered household hazardous waste, and require special disposal.

The disposal of household hazardous waste at the 1.8-Acre site is prohibited.

Residents can dispose of their toxic waste at any of Orange County's four Household Hazardous Waste Collection Centers. The closest one to LW is the Huntington Beach Collection Center, 17121 Nichols Lane, 92647, Gate 6. It is open from 9 a.m.-3 p.m., Tuesday through Saturday (closed on major holidays and during rainy weather). Proof of county residence may be requested. Ewaste such as TVs, tablets, cell phones and computers can also be taken to this collection center.

For assistance with household hazardous waste collection or more information about the OC Door-to-Door service, call 714-834-4000 or visit www.oclandfills.com/hazardous-waste.

The schedule above indicates each Mutual's annual meeting and election date, and the deadlines to apply for candidacy. Those who are interested or have any questions about becoming a candidate for election to their Mutual's Board of Directors can call 562-431-6586, ext. 329.

For questions related to GRF elections, call 562-431-6586,

Public Comments at GRF Meetings

California law requires the Board to establish reasonable time limits for members to speak at meetings. (Civ. Code Sec. 4925(b).). Time limits are four minutes per speaker for 15 or fewer speakers; three minutes per speaker for 16-25 speakers; and two minutes per speaker for more than 26 speakers.

California law also places significant limitations on how the Board responds to questions or concerns; most often the Board is unable to respond. (Civ. Code Sec. 4930.). To address the Board, submit a comment card at the meeting prior to it being called to order. Members may email correspondence to the executive coordinator at grfboardaction@lwsb.com.

Church of Jesus Christ of Latter-day Saints

Meetings for the Atherton Ward are held at 6500 E. Atherton St., Long Beach. Sacrament service is held every Sunday at 9 a.m., followed in the second hour by Sunday School on the first and third Sundays, and Relief Society and Elders Quorum on the second and fourth Sundays. Primary classes for children are held every Sunday during the second hour.

Members who are unable to attend Sacrament services in person can request a link from Bishop Mike Gravley at 562-212-8641.

The reading source for this year is The Book of Mormon. The reading assignment for the week of Jan. 28-Feb. 3 is 1 Nephi 16-22.

The "Come, Follow Me" lesson manual says "As Leĥi's family journeyed toward the promised land, the Lord made them this promise: 'I will prepare the way before you, if it so be that ye shall keep my commandment.' Clearly, that promise did not mean that the journey would be easy."

LW Baptist

The Bible says, "Because of his great love for us, God, who is rich in mercy, made us alive with Christ, even when we were dead in transgressions—it is by grace you have been saved."

LW Baptist worship service on Sunday, Jan. 28, at 10 a.m. in Clubhouse 4 celebrates the stories God's people have to tell, their faith to thank and praise God for his redeeming love. Abiding in his love defines their identity. They belong to him, are his children of light, people of his book, God's people, rejoicing to dedicate themselves to his house, his altar, his word, his son, his service, privileged to share his love with others.

First Christian Church

First Christian Church of Leisure World teaches from God's word, the Holy Bible, verse by verse. It is a friendly church that welcomes all visitors to join in worship and explore God's word together, "That we may be mutually encouraged by each other's faith, both yours and mine," Romans 1:1.

Pastor's Message

Arranged marriages are not common in the 21st century, but it was the standard in the days of Abraham, Isaac and Jacob as recorded in Genesis. In Genesis 24, the marriage of Rebekah and Isaac is arranged by Abraham and his servant, and is a marriage with far reaching results.

Rebekah, when asked by her family, did not hesitate to depart from her home and family to meet her future husband, Isaac. And, apparently Rebekah's family had an inkling of what the future might hold for Rebekah as they gave her this blessing as she departed from their home: "They blessed Rebekah and said to her, 'May you, our sister, become thousands of ten thousand, and may your descendants possess the gate of those who hate them," (Genesis 24:60).

The first part of that blessing was fulfilled as evidenced by the Record of the Genealogy of Jesus the Messiah in Matthew 1:1-16. Fourteen generations are recorded from the time of Abraham and his son Isaac to the birth of Jesus the Messiah. She went willingly and upon meeting her groom she immediately treated him with respect and verse 67 tells us he loved her.

This story provides a picture of a future relationship between the Son of God, Jesus, and his future bride, the church. Those that come to faith in Jesus Christ will become what the New Testament identifies as the "bride of Christ." Genesis 24 gives an incredible description of the beginning of a people, the Israelites and a nation, Israel from whom the Messiah would come. It also gives a spiritual look into a future marriage between Jesus Christ and his church, those who have been called out to be his bride.

Assembly of God

Genetics dictate that offspring resemble their parents; that red hair, those blue eyes, that crooked little finger, can all be traced to preceding generations. Pastor Chuck Franco will present part two of the series, titled "What Kind of Hands Do You Have?" on Sunday, Jan. 28.

Do the hands of the Christian bear a likeness to the master Creator's hands—hands that offer healing, comfort and help? If not, where is the disconnect? Believers are challenged to not only identify themselves as children of God through word, but in action.

Believers are challenged to open to the call to be more Christ-like and exhibit more of God's grace and mercy in their own circle of influence.

Assembly of God will host the hymn sing on Sunday, Jan 28, at 6 p.m. in the Clubhouse 3 Lobby. Join fellow Leisure World residents and friends in singing old favorite hymns, and then enjoy a time of fel-

The Wednesday Bible study begins a new study, "The Book of Mark," by Francis Chan. The study walks with Jesus from Galilee to Jerusalem. Jesus meets the 12 disciples on this journey as chronicled by Mark. As Jesus's ministry unfolds, many begin to follow him, but not all stay committed when called to discipleship. Francis Chan is a compelling pastor, author and teacher. Students will become immersed in the video journey through the sites

Redeemer Lutheran and St. Theodore

On Sunday, Jan. 28, the congregations of Redeemer Lutheran Church and St. Theodore of Canterbury Episcopal Church will celebrate the fourth Sunday after Epiphany with Bishop Murray Finck. Carol Costello will be the reader and prayer leader.

The weekly worship service is held at 10:30 a.m. at 13564 St. Andrews Drive in Leisure World.

All are welcome. As always,

the congregation is collecting non-perishable food donations of canned and boxed foods for the hungry.

On the last Sunday in January, the congregations will study two moments of Jesus' authority. The first is within the synagogue. Jesus taught with authority. He obviously said something new or unusual; readers are not told what it was, but it was something that people had to comment on and be amazed.

The second was still in the synagogue but was an action: Jesus commanded the unclean spirit that was torturing a man to come out and it did.

Jesus was not just a man of words but also a man of actions. He taught frequently, usually in parables, but he also did things. He healed, fed and touched people. His words and actions are in sync. Jesus' word and actions are the transforming

Community Church

This week, Community Church continues to walk through the opening passages of the Gospel of Mark with a look at Jesus teaching in the synagogue and astounding those in attendance. This new authority carries over to a man who has an unclean spirit.

In the present day and age of modern medicine, people talk less about unclean spirits or possession but might there be contemporary carry-overs to possession today? Certainly addiction is often described as possession, and there are other contemporary medical and spiritual conditions that could have been considered possession by an unclean spirit in the time of Jesus.

Community Church will look at the new authority that Jesus ushered in with his teachings and his way of living. Community Church is part of the United Methodist Church and members are called to transform the world around them through the love of God for each of person—God's very good creation.

Community Church meets for worship every Sunday at 9:50 a.m. followed by a time fellowship and light refreshment. People are welcome to arrive early for a cup of coffee in the narthex. The church is located inside Leisure World at 14000 Church Place.

People may also watch the weekly services live on Facebook, @CommunityChurchLeisureWorld, and on Zoom. People can contact the church office for the Zoom link.

Those who are in need without another way to address it may call the church office to leave a message at 562-431-2503.

Hybrid services with Rabbi Mymon continue on Saturday, Jan. 27, in Clubhouse 3, Room 9, and via Zoom at 10 a.m.

To receive a Zoom invitation call or text Jeff Sacks at 714-642-0122.

This week's Torah portion is Beshalach from the book of Exodus. Beshalach (When He Let Go) describes the splitting of the Red Sea and the song the Israelites sing upon crossing through. In the desert, God sweetens bitter water and provides manna and quail. The portion ends recounting the victory of the Israelites against an attack by the Amalekites.

Those who want to become a member of Congregation Sholom can call Howard Brass at 714-396-0121 for a membership packet.

Faith Christian Assembly

Many people are planners, thinking ahead and figuring out how to work things out to hopefully experience favorable results. Planning is great and should be done, but is planning always enough?

Even the best of plans can go amiss. There are just too many things beyond control. Knowing this can be a great source of anxiety and the reason why many people are feeling the sting of that anxiety today. Left unchecked, anxiety can turn to depression. But that's not the way it has to be. The Heavenly Father knows what each person needs because he created every person. He is the omniscient, omnipresent one who all people can trust above everything and everyone, including individual plans and circumstances.

Jeremiah 17:7-8 says "Blessed is the man who trusts in the Lord, and whose hope is in the Lord. For he shall be like a tree planted by the waters,

which spreads out its roots by the river, and will not fear when heat comes; but its leaf will be green, and will not be anxious in the year of drought."

Believers should ask themselves where they put their trust. It is good to plan and something every person should do, but when believers put their ultimate trust in God, he will show them the way to go, just as Proverbs 3:5-6 says,"Trust in the Lord with all your heart, and lean not on your own understanding; in all your ways acknowledge him, and He shall direct your paths."

Jesus is the God of the Bible, and the one who is the focus of all the teaching at Faith Christian Assembly. LW residents are invited to come hear a Bible-based message at one of the services this weekend and learn about the God who loves all people fiercely.

Sunday service begins at 10:30 a.m. The Wednesday

Seniors for Peace start the new year with a laugh

The Seniors For Peace Club will meet on Feb. 1 at 2 p.m. in Clubhouse, 3 Room 9. Joclyn Rabbit-Sire and Marilyn Palomino of the Climate Reality Project, a group founded by Al Gore and his supporters, will present on the present status of climate change, solutions and what everyone can do to make a difference.

The coming year will bring with it serious issues to deal with including ongoing wars, global warming, and crucial elections, so the club feels that some hearty laughter will do everyone good prior to facing stressful issues.

Dr. Susan Mathieu, adjunct faculty at the Alpert Jewish Community Center in Long Beach will also speak. Mathieu will highlight a happiness and humor model that encourages social connection and peaceful actions among older adults. According to research, in order for individuals to be successful in promoting social justice, they need to look inward and follow the "life satisfaction scale" for happiness. Mathieu consults with public and private agencies on the "Art of Getting Along

LW America First Republican Club

by Brian Harmon

LW contributor

The LW America First Republican Club January meeting featured two speakers, Austin Edsell, chief of staff for State Sen. Janet Nguyen, and Congressional candidate Max Ukropina.

Nguyen is running for an open seat on the Orange County Board of Supervisors. She was unable to attend because the State Senate is currently in session.

Edsell said that public safety is the top priority for Nguyen. She is endorsed by the California Republican party, which is rare for a candidate for a non-partisan office like the OC Board of Supervisors.

She is also endorsed by the Orange County GOP, the California Republican assembly, the Howard Jarvis Taxpayer Association, the Orange County Register, and the Orange County Young Republicans.

Ukropina is running for the Congressional seat left open by current Congresswoman Katie Porter. Ukropina is opposed in the primary by former Assemblyman Scott Baugh.

"I am an America first guy," Ukropina said. He argued that he is more conservative than Baugh and that more conservatives are needed in Congress to slow down the growth in government spending. Ukropina also said the Republicans in Congress should have pushed harder to cut spending, rather than giving in to prevent a government shutdown. Ukropina said that the interest on the national debt is currently more than the budget for the Department of Defense.

The Leisure World America First Republican Club supports legal immigration and secure borders, peace through strength, lower taxes, cutting government spending, free enterprise capitalism, family values, parental control of education, public safety through well-funded law-enforcement and an America first foreign policy.

Monthly meetings are held in Clubhouse 3, Room 2, on the third Wednesday of each month at 5 p.m. for socializing and 5:30 for the speaker.

The club booth, located near Clubhouse 6, will be open each Monday, Wednesday and Friday in January from 11 a.m.-2 p.m. At the booth, residents can sign the Protect Kids of California petition, register to vote, change their party affiliation, or just enjoy pleasant conversation.

The Protect Kids of California proposition, if passed, would not allow transgender people to enter bathrooms or compete on sports teams that are not the gender they were born. It would also require schools to get parental permission to refer students for gender-altering medical care or hormone therapy.

Representatives from Working Dogs for Warriors presented at the American Legion Auxiliary's meeting.

Democratic Club

by Mary Larson *LW contributor*

The Orange County Registrar of Voters will soon begin sending vote-by-mail ballots to all registered voters. Because of the state's "Jungle Primary" voting system, any one vote by a Leisure World resident in the 2024 Primary Election could make the difference as to which candidates survive to run in the November General Election.

This relatively voting new system applies to California's executive and legislative races as well the U.S. Senate and House of Representatives. In these races, the top two vote-getters in the Primary face off in the November General Election, regardless of their party affiliation.

Orange County local races are handled differently. Any candidate receiving more than 50% of the vote for the OC Board of Supervisors in a Primary Election is immediately elected. They do not have to run again in November.

All LW voters should be aware that there will be five candidatures seeking election to the Board of Supervisors on the upcoming Primary ballot. Four of these candidates are, or have been, registered Republicans. Dr. Frances Marquez is the only Democratic candidate running for this position and has been endorsed by the California Democratic Party, as well as the LW club.

There is only one Orange County board to which members are elected in a different manner. Membership on the OC Board of Education is determined by whomever gets the most votes in a primary election. Leisure World residents will not find this position on their ballot until 2026.

Gun safety laws will be the topic for the Feb. 21 Democratic

Club voter education session in Clubhouse 3, Room 3 at 1 p.m. Registration for this session in advance is not necessary. All Democrats and supporters are welcome to attend, email Beverleybender@gmail.com for more information.

The Democratic Club's Hospitality and Information Booth located outside Clubhouse 6 will be open on every Tuesday and Thursday from 10:30 a.m.-12:30 p.m. until the March Primary Election.

All LW Democrats and supporters are invited to subscribe to the club's semi-monthly electronic newsletter by emailing *mlarson.telfords@gmail.com*. It is important for people to include their name, address, phone number and political party registration in the request. If a request has not been answered email the club again or call editor Mary Larson at 562-296-8521.

LEARN TO SPEAK SPANISH

The American Latino Club's Spanish Class welcomed author Julia Cervantes-Espinoza (third from left) on Jan. 10. She read one of her two books, "Christmas Time A-Z with Rosita!" She delighted the students with her vivacious and energetic reading of the book explaining Christmas traditions in different

countries of Latin America complete with her elf costume. Cervantes passed out treats and autographed her book. The club looks forward to her coming back for another visit to read "Calavera, Calavera, What Do You See?" where she explains the Day of the Dead as a celebration of life.

Humanist Association

The Humanist Association is excited to host Phil Zuckerman, internationally known sociologist and author, to speak at its meeting on Sunday, Feb. 4, at 10:30 a.m., in Clubhouse

Zuckerman is a professor of sociology and secular studies at Pitzer College in Claremont, California. He has also been a guest professor for two years at Aarhus University in Denmark. He is the author of several books, including "Beyond Doubt: The Secularization of Society," "What it Means to be Moral," "The Nonreligious," "Living the Secular Life," "Faith No More," and "Society Without God." His research has also been

published in many scholarly journals.

Zuckerman founded the first Secular Studies department in the nation. He is currently the series editor of the secular studies book series with New York University Press. Zuckerman is also a frequent contributor to the Los Angeles Times, Psychology Today and the Huffington Post. He lives in Claremont, California with his wife and three children.

Zuckerman will talk about his book, "What it Means to be Moral." There is strong evidence that not only is religious-based morality inadequate for modern society, but that secular people and societies are more moral

Phil Zuckerman

than religious ones. This premise is also explored in his 2008 book, "Society Without God," and is even more true today.

TAXES from page 10

The program cannot prepare returns that are out-of-scope or prepare returns for a rental property, a net loss from selfemployment, sale of anything other than a California residence, stocks, bonds and mutual funds. An intake/interview sheet (Form 13614-C) must be completed for each return that is prepared in advance. For convenience, the form will be available in the LW Library at its temporary location through Jan. 31 in Clubhouse 3, Room 8.

The tax preparation room is

in Clubhouse 3, in the Knowledge and Learning Center Computer Room. Residents will participate in an interview with the tax preparer and the quality reviewer. The process will take at least an hour to have the tax return prepared, reviewed, and printed. It will be e-filed later that day.

Digital art is taking over many aspects of art in general and the Art League is joining the action. The league is seeking LW residents interested in investigating this new aspect of digital imaging via the computer. All attendees will need is a computer and the willingness to learn new tricks. No art degree necessary.

COMMUNITY EVENT

Discovery Tour will showcase community's array of amenities

The Great LW Discovery Tour will be held Saturday, April 6, from 11 a.m.-2 p.m. and it will top anything GRF has done since the 50th anniversary event. GRF clubs won't want to miss out.

The event will give residents, especially those who don't typically take advantage of LW's amenities, an opportunity to experience a wide variety of activities.

Several clubs have already signed up to participate but there is still room for more.

Clubs that would like to be included in the Club Expo, should let the Recreation Department know as soon as possible. In February, Recreation will begin plotting locations and the opportunity will close at that time.

Clubs can simply have a table display with information, handouts, or prizes or may put on a more elaborate presentation.

Most clubs will be staged at Clubhouse 3, but others will be situated in their usual clubhouse. Every clubhouse and amenity will be included in the event.

This is a chance for clubs to show LWers what they are missing. Clubs that have not yet applied to participate should email Recreation Manager Kathy Thayer at kathyt@lwsb.com as soon as possible, as space is filling up fast.

The event is still in the planning stages, so watch for more information in the LW Weekly.

Hui O Hula dancers are always happy to share their aloha. Here, during class practice at Veterans Plaza, dancers greet a LW resident with warm aloha and hula.

Hui O Hula

Hui O Hula is LW's Hawaiian dance club. Classes are offered on Tuesdays and Thursdays starting at 1 p.m. Tuesday's class meets in the mirror room upstairs in Clubhouse 6; and Thursday's class is held outdoors at Veterans Plaza, but the class meets inside Clubhouse 3 if the weather is unfavorable. For more information about classes, call 562-431-2242.

Anyone can enjoy the hula. Those who would like to have a gentle workout by swaying to Hawaiian music are welcome to "walk-in-hula-out" on Tuesday or Thursday at 1. Dancing is a fun and healthy way to promote better balance and grace. All, including men, are invited to try this Hawaiian artform. Traditional hula is danced barefoot. Bring a pair of socks for warmth or booties for support as the floor/ground can be cold and hard.

After "walk-in-hula-out," dancers may stay on to hula with more specific instructions. The current subject is "He Aloha No O Honolulu." Aloha in Hawaiian means love, hello or goodbye. In this song, it means goodbye as composer Lot Kauwe is leaving Honolulu as he sails to the Big Island onboard Mauna Loa. Dancers are learning how to tell—with their hands and expressions—the different winds and rains from different parts of the islands.

Karaoke parties every Wednesday

Each week, dedicated singers take the stage to have a bit of fun while entertaining the audience. Wayne Urban never fails to build his song with a surprise ending.

Michael Bertheld has a favorite number, "Honey

Money." "Hallelujah" was smoothly sung by Martha Destra. Thirty anxious vocalists regaled the audience with their choices: some ballads, some country, some pop, all

entertaining. People can rehearse a song or two each Monday in

GARDEN SPOTLIGHT

Recently planted annuals offer a pop of color in the midst of winter in Mutual 3. This garden belongs to Cathy Simipakos and is located at 13641 Alderwood Lane, 35-A.

WILDLIFE

Hummingbird family settles down on Mutual 14 patio

hummingbird has made its nest atop a .holiday light on the porch of Judith Schroeder's unit in Mutual 14.

The nest currently holds two pre-flight fledglings, who happily receive feedings throughout the day from their mother.

Black-chinned hummingbirds lay small white eggs, which incubate for only 13 to 16 days.

The fledgling birds typically take their first flight when they are only 20 days old. A mother hummingbird will usually have one or two broods per year, sometimes three.

Their nests, which are built by the females, are a compact cup made from grasses, plant fibers and spider webs, lined with plant down. The exterior of the nest is typically camouflaged with lichens, dead leaves and other debris.

Black-chinned hummingbirds live in semiarid country, river groves and suburbs. According to the National Audubon Society, the hummingbird breeds in many kinds of semi-open habitats in the lowlands, including streamsides, towns, brushy areas, oak groves in canyons, and, apparently, in temperate senior communities.

A mother hummingbird returns to

her nest for a feeding.

A mother hummingbird feeds the two fledglings.

In the southwest, the

birds avoid most open desert but may be found along dense washes or desert rivers. After breeding, they may move to higher elevations in the mountains. Their diet is mostly made up of nectar from flowers, as well as small insects.

Tips to Fight the Common Cold

Statistics show that adults get an average two to four colds per year. There may not be a way to avoid getting a cold, but some strategies can potentially lessen its severity.

- Hydrate. Drinking plenty of water and throat-soothing warm liquids like decaffeinated tea with lemon and broth can ease the congestion, and sore or dry throat.
- Gargle with salt water. Gargling with salt water can effectively alleviate pain and swelling of a sore throat. The recommended saltwater gargle is about one teaspoon of salt per cup of warm water.
- Utilize a humidifier. A humidifier can be used to make indoor air more moist and sooth a sore throat.
- Get plenty of rest. Sleep helps to strengthen the body's immune system, making it more effective in fighting off a cold.

Shuffleboard Club's Tuesday night league members and captains eager to hit the courts.

Shuffleboard courts to go dark for February

will be closed in February so that the GRF can begin painting the entire inside and outside of the building and possibly install exhaust fans that will release some of the hot air that accumulates during warmer months.

Shuffleboard Club members will miss being able to play but are happy to pause their activities in exchange for coming back in March to a freshly restored building. This much anticipated work was approved by the GRF at its December board meeting.

Twelve-year veteran club player Sally Fowler exclaimed, "I truly can't wait to see the

The shuffleboard courts results. It's been a long time in coming. We are all so excited these improvements will finally be made." Club President Kay Mount added, "I'm so grateful for our GRF's ongoing support, as they have approved four projects for our courts since I've become president."

> Jan. 12 winners: Team Sally surpassed Team Shel winning seven games out of 12. Sally Fowler and Patti Nemnich earned all-game winner status for Team Sally. Team Milly and Team Carol's matchup was a draw with each team winning six games. Sal LaScala was the all-game winner for Team Milly and Jack O'Brien and Harshad Patel earned that status

for Team Carol.

Jan. 16 winners: Team Jack surpassed Team Chandra, winning eight of 12 games played. All-game winners for Team Jack were Sue Burkschab and John Mount. The all-game winner for Team Chandra was Mark Scott. Team Rod edged out Team Elizabeth by winning seven games. Barb Ponegalek and Sally Fowler were all-game winners for Team Rod while Elizabeth Martinez earned the honor for Team Elizabeth.

LW Pool Club's Monahan wins annual tournament

On Jan. 15, 16 LW Pool Club players competed in the Clubhouse 2 pool room in a B and C player tournament. Since this was an individual tournament, not a team tournament, it excluded the A players and made the skill level more competitive.

It was a double elimination tournament, which means that after two losses the player was out. Gary Monahan won his first four games to remain the only player without a loss in the winner's bracket by beating Millie Larsen.

In the loser's bracket, Sherv Wells beat Dave Mackinder, which meant that the worst Wells could do was third place. Wells played Larsen, who had won their previous game when Wells hung the eight ball in the corner pocket. In their rematch, Wells scratched shooting her last ball and left Larsen ball in hand on the eight ball in the side

Pool Club B and C tournament top players Millie Larsen (I-r), Gary Monahan and Shery Wells.

pocket. This meant that Larsen met Monahan again in the finals.

Because it was a double elimination tournament, Larsen needed to win two games from Monahan, because she had one loss and Monahan had none. Monahan shot really well and ran his last three balls to win the first game and the championship. The C players did really well in this competition, taking second and third place.

The B and C tournament has become an annual event and the club looks forward to doing it again next year.

Basketball court stands ready for play

There is a basketball half-court available adjacent to the pickleball courts in the back of Clubhouse 2. May all your swishes come true.

LW Weekly newspapers for people who are hearing or vision impaired are available at www.lwweekly.com

The Tournament Poker Club welcomed back its members for the first tournament of the month and the new year on Jan. 6. As the winners of their original tables, the final table players were: Tom Pappas, first place; Lem Hall, second; Glenn Evenson, third; Barry Brideau, fourth; Doug Wolfe, fifth. Forty-two players started the game and at the final table play continued until Pappas and Hall were head's up. The flop came J-A-Q and holding J-2 Hall went all in and was called by Pappas holding Q-4. The turn was a six, which was no help to either player, but the river card

was a four; giving Pappas the winning hand of two pair: Qs and 4s. Pappas has lived in Leisure World for 13 years and been a member of the poker club four years. This was his fifth final table win at regular tournament. In addition to tournament poker, Pappas enjoys golf here in Leisure World, and also likes to travel.

The club congratulates all the winners. Those who would like to play a fun and friendly game of Texas Hold 'Em for a \$5 buyin should make plans for the next Saturday tournament on Feb. 3. Regular tournaments are on the first three Saturdays of every month in the lobby of Clubhouse 6. Registration begins at 10 a.m., along with treats and coffee. Cards are in the air at 10:30. Twenty-three teams play Guys and Gals tournament

The Guys and Gals tournament was played on Jan. 17 at the Turtle Lake Golf Course. A total of 23 teams (46 players) competed and completed 18 holes. It was cold and overcast for most of the round, but, thankfully, no wind. The course was not wet, and the golf ball travelled well.

Teams of various skilled golfers of one man and one woman vied for best net scores (gross score minus handicap), plus two circle holes (shots within a 5-foot radius were rewarded), and two closest to the pin challenges. Fairways were in good condition with no new wet spots reported. The trees blocking sun, and some drives adjacent to the third tee were recently trimmed and thinned. Hopefully this helps dry out this perennially wet tee box.

Overall scores were very good with 20 of 23 rounds net at or under par. Low net score

The next Guys and **Gals tournament will** be on Wednesday. Jan. 31.

for the round was by Dale Williamson and (welcome back) Judy Ornoff at 10 under 44. There were 13 rounds at net 50 or below and there were six circle hole winners with

> 45 birdies. All scores below are net equals gross score minus handicap. A flight

winners (handicaps of 0-8): Gene Archambault and Mary Ann Moore, first place; tie between John Rudosky and Bert Thompson, and Steve Walker and Susie Kim, second; tie between Bruce Bowles and Linda Herman, and Bob and Janice Turner,

B flight winners (handicaps of 9-12): tie between Alan Sewell and Patti Smith, and James Farr and Sandy Deroiun,

first place; Hyon Shin and Sang An, second; Won and Jane Song,

Cflightwinners (handicaps of 12-18): Dale Williamson and Judy Ornoff, first place; Jae H. and Sun Lee, second; Lee Broadbent and Joann Lim, third; James and Grace Choi, fourth.

Closest to the pin for the men on the eighth and 16th holes was Sewell and Barnum respectively, and Quinn and Kim for the ladies. The lowest gross scores were by Archambault and Moore at 9 under 45, followed by Rudosky and Thompson and Walker and Kim at 7 under 47.

The next Guys and Gals tournament will be on Wednesday, Jan. 31. The men's tournament is played every second and fourth Wednesday of each month. December's tournament was rained out.

Those who had planned to play in any tournament and cannot should contact Scott Tuchfarber at 909-684-0426, or Dave LaCascia at 801-674-5975 as soon as possible. Arrive 10-15 minutes prior to scheduled tee time and be ready to play.

are invited to join the LW Women's Golf Club. Players do not have to be a expert golfer, just someone who wants to have fun and enjoys golfing. The women play a nine-hole tournament at 7:30 a.m. every Tuesday—some players call it "terrible Tuesday."

Thirty-four women played Jan. 16 at the Turtle Lake Golf Course. Play for the day was low gross, low net and putts. The golf course got the name Turtle Lake a few years ago, as the lake has quite a number of turtles at times.

A flight winners: Low gross: Linda Herman, 27; low net, Janice Turner, 24; fewest putts, Linda Herman, 11.

B flight winners: Low gross: Jane Song, 30; low net: Clara Suh, 25; fewest putts: Margie Thompson, 13.

C flight winners: Low gross: Eula Kim, 33; low net: Sanghi Kim, 25; fewest putts: Pam Krug, 13.

D flight winners: Low gross: Kay Hong, 34; low net: Elizabeth Butterfield, 24; fewest putts: Liz Meripol, 10.

Men's Golf League

Meadowlark Golf Course in Huntington Beach was the site of the Leisure World Men's Golf League play on Jan. 12. Ten players and a guest challenged the par-70 course on a brisk 39-degree morning with some sun. Meadowlark is always in great shape although usually quite damp for the early players.

Even with good playing conditions, only four of the 10 league scores were net at or below par, and there were five birdies—one each by Sam Choi, Jim Goltra, Chris Lankford, Bill McKusky and Bob Munn. Goltra also had fewest putts in the A flight, and McKusky in the B. Gary Stivers was closest to the pin on both the 140-yard par-3 seventh (all over water) and 150-yard par-3 16th holes.

A flight winners (handicaps 0-19): Lankford, 2 under 68, first place; Goltra, 1 under 69, second; tie between Clay Fischer and Stivers, third; tie between Choi and Fujio Norihiro, fourth.

B flight winners (handicaps 20 and over): McKusky, 2 under 68, first place; Bill Zurn, even par 70, second; Munn, third; Gene Vesely, fourth.

On Monday, Jan. 15, 11 league members and two guests dressed warmly and defied the cold and damp at the David L. Baker Golf Course in Santa Ana. Baker is a 4,000-yard par-62 executive golf course with abundant water hazards and deep sand traps that challenge all who play, even with the shorter course length.

Monday was cold even though the sun shone brightly. Greens and fairways (although wet from the cool overnight weather) were in good shape, but any wayward shots into water and traps cost players dearly. With decent playing conditions, nine of the 11 scores were net at or below par, and there seven birdies—two each by Sam Choi and Fujio Norihiro, and one each by Chris Lankford, Jim Goltra, and Bob Munn. Lankford also had fewest putts in the A flight, and Munn in the B. Tom Ross was closest to the pin on the 100-yard par-3 third hole, and Choi was closest on

the 130-yard par-3 12th hole. A flight winners (handicaps 0-19): Norihiro, 6 under

56, first place; tie between Lankford and Jim Goltra, 2 under 60, second; Gary Stivers, even par 62, third; Choi, fourth.

B flight winners (handicaps 20 and over): Tie between Lowell Goltra, Steve Miller and Tom Ross, 3 under 59, first place; Daniel Mahoney, 1 under 61, second: Bill McKusky, even par 62, third; Munn, fourth.

The Monday and Friday golf leagues play at four local courses, all within 15-20 minutes of Leisure World. The courses the group plays are always quite full, so advance league reservations are required with a sign-up sheet available at each round.

There is a prize pool for each round that players are not obligated to enter. Rewards are given for low net in each flight, birdies, closest to the pin on two par threes, and for the lowest number of putts in each flight. Holes-in-one and eagles (two under par), although infrequent, are generously rewarded. Those interested in playing can contact Gary Stivers at 714-313-3697 or Dave LaCascia at 801-674-5975.
